REPORT

ON THE

ADMINISTRATION OF MYSORE

FOR THE YEARS 1891-92 TO 1894-95.

PART I.

GENERAL SUMMARY.

Period of the present report.—This report deals with the Administration of the State from 1891-92 to 1894-95, both inclusive, and embraces, in regard to some of the sections, a period of 4 years and 3 months, *i.e.*, from 1st April 1891 to the end of June 1895, and in regard to others (with two exceptions) a period of 4 years and 6 months, from 1st January 1891 to the end of June 1895. By Regulation III of 1892, the Revenue Year was altered so as to run from 1st July to 30th June instead of from 1st April to 31st March; and in consequence of this, it was ordered that all departmental reports should thereafter be prepared for the same period. As, however, some of the departments were in the habit of submitting reports for the twelve months ending with 31st March, and some for the calendar year, it was ordered in the case of the former that the report for the year 1891-92 do embrace a period of 15 months, namely, from 1st April 1891 to 30th June 1892, and in the case of the latter that the report for 1892-93 should be for 18 months, namely, from 1st January 1892 to 30th June 1893. The two exceptions are—(1) the report on the Survey and Inam Settlements, which is for the four years from 1st November 1890 to 31st October 1894; (2) the report on the working of the Companies Regulation, which is for the four years from 1st April 1891 to 31st March 1895.

2. *The demise of His Highness the Maharaja Chamarajendra Wodeyar, Bahadur, G. C. S. I.*—This great calamity befell the State at Calcutta on 28th December 1894.

3. *Installation of His Highness the Maharaja Krishna Raja Wodeyar, Bahadur.*—His Highness the Maharaja Krishna Raja Wodeyar, Bahadur, the eldest son of His Highness the late Maharaja, was installed on the throne of Mysore on the 1st February 1895, and during His Highness' minority it was arranged that the administration should be conducted by Her Highness Maharani Vani Vilas, C. I., as Regent of the State, and by the Dewan assisted by a Council of three members.

4. *Form of Administration.*—Up to the end of 1894 the form of Administration was the same as that described in pages 1 and 2 of the Report for 1886-87 to 1890-91. The Rules laid down for the conduct of business during the minority of His Highness the Maharaja Krishna Raja Wodeyar, Bahadur, are published in Chapter I, Part II, of this Report.

5. *Changes in the Administration.*—Rajya Dhurandhara Sir K. Sheshadri Iyer, K.C.S.I., continued to hold the office of Dewan, and Rajadharma Pravina Mr. T. R. A. Thumboo Chetty, C.I.E., continued to be a Member of Council, and

was reappointed under the Proclamation of 18th Februruy 1895. Rajamantra Pravina Mr. P. Chentsal Row, C. I. E., Member of Council, retired early in 1895. And under the Proclamation of 18th February 1895, Mr. P. N. Krishna Murti and Khan Bahadur Mr. Abdul Rahman were appointed members of Council.

6. *Foreign Relations.*—The Government of Mysore has political relations only with the British Government. His Excellency the Marquis of Lansdowne, Viceroy and Governor-General of India, paid a visit to Mysore in November 1892, and His Highness the late Maharaja returned the Viceroy's visit in Calcutta in December 1892.

7. *Honors bestowed by the British Government.*—In 1893, Her Majesty the Queen-Empress was pleased to confer the Imperial Order of the Crown of India on Her Highness the Maharani of Mysore, and the Knighthood of the Most Exalted Order of the Star of India on the Dewan, Mr. K. Sheshadri Iyer. In May 1895 Mr. T. R. A. Thumboo Chetty, Senior Member of Council, was appointed a Companion of the Order of the Indian Empire.

8. *Civil Divisions.*—The number of Districts and Taluks remained the same as at the end of 1890-91. Three more Revenue Sub-Divisions were constituted *viz.*, Closepet, Chikballapur, and Sagar; and a new Sub-Taluk was formed with Harihar as its head-quarters.

9. *Improvements introduced.*—A scheme for recruiting young men of special attainments and merit to fill the higher appointments of the executive and judicial services of the State was introduced in November 1891. The Muzrai Department was constituted in 1891 and the Geological Department in 1894. A Sanitary Engineer was appointed in 1892 for devising and developing effective measures for the sanitation of populous towns; and meteorological observatories were established at Bangalore, Mysore, Hassan and Chitaldrug in 1893.

10. *Representative Assembly.*—The towns of Kolar, Tumkur and Shimoga were each allowed an additional member on account of their large population and growing importance, but the privilege of special representation enjoyed by minor municipalities in common with large towns and cities, and by the Ratepayers' Associations of Bangalore and Mysore, in addition to the special representation of the municipalities of these cities, was withdrawn. The membership of the Assembly was made tenable for three years to afford members the opportunity for continuous action, and the electoral body was enlarged by a reduction of the property qualification. The attendance of members was 75·0 per cent, 86·6 per cent, 90·8 per cent, and 83·6 per cent, and the number of subjects discussed 374, 611,479, and 572 respectively in the years under report.

11. *Survey and Inam Settlements.*—During the period under report, the classification of 5 Taluks was completed. Settlement was introduced into the taluks of Gundlupet, Anekal, Malvalli and Channapatna and a part of Chamrajnagar. At the end of 1894-95, only 3 Taluks remained to be settled, exclusive of Chamrajnagar, the settlement of which was in progress. As the measuring operations had been completed and the other operations were nearing completion, 3 of the Assistant Superintendents of Survey were transferred to other departments and 89 measurers constituting nearly the whole of the measuring strength of the department were deputed to work under Revenue Officers. 177 whole Inam villages were settled on the revised survey valuation, and 10,761 final title-deeds for minor inams in Government villages were prepared and issued.

12. *Legislation.*—Twenty-one Regulations were passed during the period under report, of which the Mysore Infant Marriages Prevention Regulation, X of 1894, may be noticed here. It is a measure of original legislation and prohibits marriages (1) of girls below 8 years of age, and (2) of old men above 50 of years age with girls below the age of 14.

13. *Police.*—The Police Assistant Commissioners were separately graded as perintendents and Assistant Superintendents of Police; two higher grades of spectors were sanctioned, one on Rs. 80 + 15 and another on Rs. 70 + 15, and appointments of the former and eight of the latter were created; the staff of nstables was strengthened by the addition of 205 men and of officers by 28; Police School at Bangalore was reorganized and provided with a training ss for the investigating staff; a Dress Regulation was framed and suitable forms were issued; and special attention was given to drill and discipline. The average fee for each registered document varied from Rs. 2-9-8 to Rs. 2-13-6 in the case of documents registered compulsorily; and in the case of optional registrations, it was Re. 0-11-2. The number of documents impounded varied from 113 to 153 and the amount of stamp duty and penalty recovered from Rs. 715 to 1,121. There were altogether seven prosecutions under the Registration Act during the period under report, all for false personation. Four of them ended in conviction, one in acquittal, and two were pending on 30th June 1895. The number of applications presented for the transfer of revenue registry was 10,817 during the 4 years and 3 months under report. The total receipts and expenditure, respectively, were Rs. 1,00,069 and 49,255 in 1891-92 (15 months), Rs. 97,536 and 45,620 in 1892-93, Rs. 96,917 and 48,770 in 1893-94, and Rs. 95,652 and 50,003 in 1894-95.

19. *Registration of Companies.*—The number of Joint Stock Companies at the close of 1890–91 was 112. One company which had ceased to work in 1890-91 but which was not formally wound up was brought on the list of working companies in 1891-92, 32 companies were newly registered during the years under report, and 53 companies ceased to work; there were thus 92 companies working at the close of 1894-95. Of these, 80 were banking and loan companies with a nominal capital of Rs. 36,19,292 and a paid-up capital of Rs. 19,58,250; 3 were banking and insurance companies with a nominal capital of Rs. 1,05,000 and a paid-up capital of Rs. 1,01,100; 3 were mercantile companies with a nominal capital of Rs. 1,00,000 and a paid-up capital of Rs. 84,925; 1 was a company with plantation for its object, with a nominal capital of Rs. 30,000 and a paid-up capital of Rs. 22,467; 3 were mills with a nominal capital of Rs. 4,86,000 and a paid-up capital of Rs. 4,00,000; and 2 were companies limited by guarantee and possessed no paid-up capital. Of the last named two companies, one was a dramatic company, and one a bank for the granting of

loans for agricultural purposes. The amount of fees recovered was Rs. 931 in 1891-92, 681 in 1892-93, 1,040 in 1893-94 and 1,012 in 1894-95. There were no prosecutions for breach of the provisions of the Companies Regulation during the period under report.

20. *Life Insurance.*—A system of State insurance of the lives of officials was inauguarated on 1st December 1891. It enables public servants unable to save largely from their income, to secure for themselves or their families a certain substantial provision in the future in return for small payments spread over a series of years, and is thus calculated to raise the general tone of the public service. Insurance was made compulsory on all persons entering the service of the Mysore Government after the introduction of the system, from the date of their entering the service, and in the case of those entering the service before 21 years of age, from the date of their completing 21 years of age. In the case of Officers holding permanent appointments on the date of the introduction of the rules, insurance was optional and they were allowed to avail themselves of the option of assuring their lives till 30th June 1897. No Officer whose age exceeds 45 years or whose pay is below Rs. 10, is eligible for insurance. Ten per cent of the pay of the insured is recovered every month as premium and credited to Government, in consideration of which an endowment bonus (according to a scale fixed by Government) is payable from the revenues of the State on the insured completing 55 years of age or at his death if earlier. The maximum premium on the life of an insured should not exceed Rs. 50 per month whatever may be his pay. The business connected with the State Insurance Scheme was managed by a Committee of Officers with the Comptroller as Secretary. The number of proposals received during the period under report was 1,346 for first insurance and 262 for further insurance. Of these, 1,160 were accepted at normal rates and 84 at reduced rates, 222 were rejected either as ineligible or because the reduced rates were not accepted, and 142 were pending at the end of 1894-95. The receipts during the period under report amounted to Rs. 1,22,913, and the expenditure, including office establishment and amount of bonuses paid, to Rs. 17,518. The total number of deaths up to the end of June 1895 was 11. During the period under report 19 policies were cancelled. After excluding the lapsed policies, there were on the 30th June 1895, 1,214 effective policies assuring in the aggregate Rs. 12,65,746 and realising a monthly premium of Rs. 5,066.

21. *Municipal.*—The number of Municipalities in working order in 1894-95 was 106 against 98 in 1890-91. In April 1892 the system of election was introduced in the Cities of Bangalore and Mysore. The total number of Municipal Commissioners was fixed at 22 for the former and 24 for the latter, half of which was to be elected by the ratepayers and the other half nominated by the Government, in each Municipality. There were two elections in Bangalore and two in Mysore during the period under report, and in all of them the electors evinced considerable interest. The other municipalities are minor institutions, as many as 82 having less than 5,000 inhabitants and 56 less than 3,000 inhabitants. Their members continued to be, as before, nominated by the Government. The total number of members of all the municipalities in the State at the close of 1894-95 was 884, of whom 224 were *ex-officio* members, 642 officials and non-officials nominated by Government, and 18 elected in the Cities of Bangalore and Mysore. In 1893-94 the half-share due to Government out of Octroi duties levied on cocoanuts, betel-leaves and tobacco was given up to the municipalities levying them, and in 1894-95 the Government gave up its share of House and Mohatarfa taxes levied in municipal towns, on condition of the municipalities bearing a portion of the cost of Primary and Secondary Vernacular Schools. The opening balance at the credit of the municipalities at the beginning of 1891-92 was Rs. 2,41,090.

The income derived under all heads during the 4 years and 3 months under report was Rs. 22,13,394, which, being distributed over the municipal population according to the Census of 1891, amounted to Rs. 4-1-5 per head. Of this, the amount realized from indirect taxation (Octroi, Liquor, and License fees) was Rs. 1-3-11, and that from direct taxation (House and Mohatarfa taxes) Rs. 1-6-9. The average incidence of taxation per head per year amounted to Re. 0-15-4. In 1893-94, Vice-Presidents were appointed for the Municipalities of Bangalore and Mysore. The total expenditure on Public Works during the period under report amounted to about 7 lakhs, of which 2 lakhs and 85 thousand rupees were spent by the Municipalities of Bangalore and Mysore. Government sanctioned the establishment of 6 dispensaries for women and children under the charge of lady doctors, at the 6 Head-quarters of Districts excluding Bangalore and Mysore, in which such institutions were already in existence. The total expenditure under all heads during the 4 years and 3 months under report was Rs. 20,65,090. The expenditure per head of the population was Rs. 3-13-1, of which Rs. 1-4-9 was spent on Public Works and Re. 0-12-11 on Conservancy. The average per head per year was Re. 0-14-4. The balance at the credit of the municipalities at the close of 1894-95 was Rs. 3,89,394.

22. *Military.*—The Mysore Force was composed of 2 Regiments of Cavalry and 3 Battalions of Infantry at the beginning of the period under report. On the 1st April 1892, the 2 Cavalry Regiments were broken up and formed into 2 Corps, one for Imperial and the other for Local Service. Steps have been taken to keep the Imperial Service Corps in a continual state of efficiency, so as to be ready for immediate active service anywhere, and to place it, in the matter of pay and discipline and the furnishing of saddlery and accoutrements, camp equipage and transport, on a par with the Imperial Native Cavalry. The total strength of the Imperial Service Regiment was 582 in 1891-92 and 647 in 1894-95; that of the Local Service Regiment and the Infantry was respectively 571 and 1,876 in 1891-92 and 552 and 1,896 in 1894-95. During the period under report, 6 Military Probationers were attached to the Imperial Service Regiment, 1 Supernumerary Jamadar to the Local Service Regiment, and 3 Jamadars to the Infantry; 1 Commissioned and 2 Non-Commissioned Officers and 2 Jamadars of the Imperial Service Regiment were sent to the Musketry School at Meerut, and they passed creditably; a school in connection with the same regiment was opened for the instruction of recruits and sowars in English with a view to their being employed as signallers; the scale of pay and pension of the troops was revised, and the men belonging to the Mysore Silahdar and Barr Forces were exempted from arrest for debt under any process issued by a civil court. The Imperial Service Regiment had its head-quarters at Bangalore with detachments in the Kolar and Tumkur Districts, and the Local Service Regiment had Mysore for its head-quarters, with detachments in the Shimoga and Chitaldrug Districts. Of the 3 Battalions of Infantry one was stationed at Shimoga with detachments in the Chitaldrug, Kadur, Hassan and Shimoga Districts another at Bangalore with detachments in the Kolar and Bangalore Districts and the third at Mysore with detachments in the Mysore and Tumkur Districts During 1893-94, the 1st battalion of Infantry, stationed at Shimoga, was transferred to Bangalore, the 2nd battalion from Bangalore to Mysore, and the 3rd from Mysore to Shimoga. The Kunigal Stud Farm for the supply of remounts to the Silahdar Forces of Mysore was duly maintained. At the beginning of the period of report, there were 154 foals, and during the said period, 217 were born and bred at the farm, making a total of 371. Of these, 117 were transferred to the ranks, and 38 to the Transport service; 11 were sold, 13 were brought on the register of brood mares, and 43 died, leaving 149 at the farm on 30th June 1895. A separate Transport service in connection with the Imperial Service

the breed of sheep had been attended with some degree of success. Expe ments were made to improve the growth of potato by the introduction fresh seed from England, and to grow new fruit trees and plants of economic ornamental value. Loans of Rs. 2,80,590 for sinking wells, Rs. 42,684 for t improvement of *saguvali kattes* (embankments of earth intended to retain mo ture in dry lands) in the Chitaldrug District, Rs. 27,800 under the provisic of the Land Improvement Loans Regulation, and Rs. 2,89,356 to relieve encu bered estates of inamdars, were given during the period under report. The m noteworthy step taken to ameliorate the condition of the agricultural clas was, however, the passing of rules in 1894-95 for the institution of Agricultu Banks. Two such banks were started under the new scheme before the cl of the year 1894-95.

24. *Horticulture.*—The Lal-Bagh and the Cubbon Park at Bangalore, t Daria Dowlat Bagh at Seringapatam, and the Gordon Park at Mysore are t chief public gardens maintained by the State. The area of the Lal-Bagh w enlarged by the addition of sites covering an area of 13 acres an guntas, and this popular resort attracted nearly two lakhs of visitors every An entertainment was given in it, in November 1892, in honor of the visit H. E. the Viceroy to Bangalore. Among other purposes served by this gard are experimental cultivation, training of practical gardeners, exchange of n and interesting specimens of plants with various foreign gardens and institutio and the holding of Horticultural Shows. The receipts from the Lal-Bagh a the Cubbon Park at Bangalore amounted, during the four years and three mont under report, to Rs. 12,0o5, exclusive of the value of gratis issues to Governme charitable institutions, &c., and the expenditure in connection with them amount during the same period to Rs. 1,01,566.

25. *Forests.*—The area of reserved forests at the close of 1894-95 w 1,654½ square miles as against 1,425 square miles in 1890-91; and that plantations stocked 34 square miles against 32 in 1890-91. Progress w made in survey, demarcation, fire protection and re-production operations, a great impetus was given to efforts for the propagation of sandal. Rules we introduced in 1892-93 to check the reckless felling of timber in district fores 2,367 persons were prosecuted during the period under report for brea of forest rules, and out of them 1,735 were convicted. The average annu collection of timber and bamboos during the period under report was less th in the preceding quinquennium, but that of sandalwood was more. The receip under all heads, excepting the Kheddas, amounted, in 1891-92 (15 months), Rs. 16,06,346, in 1892-93 to Rs. 12,99,328, in 1893-94 to Rs. 14,21,770, and 1894-95 to Rs. 13,38,320. The expenditure for the same period, with the e ception of that relating to Kheddas, was Rs. 6,11,262 Rs. 3,84,137, Rs. 4,11,3 and Rs. 4,17,855, respectively. In the Kheddas 257 elephants were caug during the period under report, of which 57 died and 190 were sold at an averag price of Rs. 965 each. The income from Khedda operations amounted in 1891-9 (15 months) to Rs. 78,840, in 1892-93 to Rs. 71,259, in 1893-94 to Rs. 44,08 and in 1894-95 to Rs. 38,346; and the charges during the same period amounte to Rs. 1,11,272, Rs. 73,923, Rs. 68,490 and Rs. 49,388 respectively. Th value of timber and bamboos granted in the case of houses destroyed by fire o other calamity, amounted to Rs. 12,409 during the period under report. Ther were at the end of 1894-95, 17,203 topes with 759,861 trees. 239 miles o avenues were newly planted during the period under report, making a total o 4,593 miles of avenues, and there remained 162½ miles to be planted.

26. *Mines and Quarries.*—There was a marked improvement in the result achieved by the gold mining industry. The area leased out was 107 square mile

Regiment was sanctioned in 1892-93, and 229 ponies were maintained for the purpose at the end of 1894-95. The cost of the Imperial Service Regiment was Rs. 3,05,293 in 1891-92, Rs. 3,25,326 in 1892-93, Rs. 2,91,593 in 1893-94, and Rs. 3,10,839 in 1894-95; that of the Local Service Regiment and the Infantry together was Rs. 5,24,784, Rs. 4,16,283, Rs. 4,12,047, and Rs. 4,28,579 respectively. The total receipts during the period, inclusive of the opening balance, of the Chanda Fund, amounted to Rs. 3,93,127, and the expenditure to Rs. 3,43,023. The balance to the credit of the Fund at the close of 1894-95 was Rs. 50,104.

23. *Agriculture*: *Weather and Crops*.—The office of Director of Statistics and Agriculture was abolished in May 1892, and an officer was entrusted with the special duty of compiling statistical information, and all returns and reports submitted till then to the Director of Statistics and Agriculture were ordered to be submitted to the special duty officer. The work of experimental cultivation and cattle and pony breeding operations remained under the Inspector General of Forests. The year 1891-92 was one of scanty rain-fall; there was a considerable rise in the prices of food grains, owing to large exports to places affected beyond the limits of the State. The Government adopted various measures of relief, such as throwing open Amrut Mahal pasture lands and Government plantations and forests to cattle of agriculturists for grazing, allowing on easy terms the cultivation of tank beds, deepening old and digging new wells for drinking water, repair of village tanks so as to provide easy means of relief to poor landless classes in villages, gratuitous relief in the large cities of Bangalore and Mysore, advances to weavers, special relief to village servants, and remission of one-half of the assessment on all wet lands under tanks which lay waste for want of water, of one-half of the quit-rent on all service inam lands of the minor village servants, and of the Mohatarfa house tax of the poorer classes, amounting in all to about four lakhs. The early and copious rain-fall of the South West monsoon in 1892-93 enabled the Government to discontinue the relief measures. In the succeeding two years there was sufficient rainfall. The total extent of Government lands under occupation for purposes of cultivation increased from acres 5,602,587 in 1890-91 to acres 6,312,446 in 1894-95; the percentage of increase being 10·88. The area of dry crop lands was 81·6 per cent of the total cultivated area in 1894-95; that of wet lands (including sugar-cane and mulberry) was 11·98 per cent, and that of garden lands 3·96 per cent. The area under ragi, the staple food of the raiyat in the maidan, increased from 2,331,742 acres in 1890-91 to 2,590,759 acres in 1894-95; and that under rice from 637,744 acres to 742,014 acres. There was increase also in the area under wheat, oil seeds, cotton, tobacco, coffee, mulberry, cocoanut, and arecanut but there was decrease under sugar-cane. The area of lands assessed as culturable and lying unoccupied decreased from 2,250,622 acres in 1891-92 to 1,712,300 acres in 1894-95. The average prices of food grains were high in 1891-92 [illegible] small fluctuations other years. Wages [illegible] period under report, of which 57 died and [illegible] price of Rs. 965 each. The income from Khedda operations amounted [illegible] (15 months) to Rs. 78,840, in 1892-93 to Rs. 71,259, in 1893-94 to Rs. 44,085, and in 1894-95 to Rs. 38,346; and the charges during the same period amounted to Rs. 1,11,272, Rs. 73,923, Rs. 68,490 and Rs. 49,388 respectively. The value of timber and bamboos granted in the case of houses destroyed by fire or other calamity, amounted to Rs. 12,409 during the period under report. There were at the end of 1894-95, 17,203 topes with 759,861 trees. 239 miles of avenues were newly planted during the period under report, making a total of 4,593 miles of avenues, and there remained 162½ miles to be planted.

26. *Mines and Quarries*.—There was a marked improvement in the results achieved by the gold mining industry. The area leased out was 107 square miles

525 acres 25 guntas and 101 square yards at the end of 1894-95; the total value of gold extracted during the period under report wasRs. 507,35,052 against Rs. 150,24,178 in the quinquennium ending with 1890-91; and the total receipts from mining leases in the shape of premium deposit, royalty and licence fees amounted to Rs. 24,74,464 against Rs. 6,95,410 in the said quinquennium. To carry out a systematic and detailed survey of the State as regards its mineral wealth, a geological department was established in October 1894, by the appointment of Mr. R. Bruce-Foote, F.G.S., F.M.U., retired Superintendent of the Geological Survey of India, as State Geologist, and of Dr. John W. Evans, D.Sc., LL.B., as Senior Geologist and Analyst. The work of the department includes a thorough investigation and record of the mineral resources of the State, the collection in a special museum of objects of geological and mining interest, the maintenance of a laboratory for the assay and analysis of minerals, and the training of young men for the work of the department in all its branches and for practical mining.

27. *Manufacture.*—The value of manufactures as given in the district reports was Rs. 177,91,102 in 1894-95 as against Rs. 97,86,390 in 1890-91, and there were in that year 35,722 looms and 3,572 oil-mills paying mohatarfa, as against 29,926 looms and 3,063 oil-mills in 1890-91. The firm referred to in para 26 of the general summary of the report for the quinquennium ending with 1890-91 as having obtained a concession to erect a factory in the State for distilling sandal oil, failed to establish such factory. Among new industrial enterprises during the period of this report may be mentioned the sugar works started in Goribidnur by a Madras firm of English merchants, an iron foundry under native management at the same place, and a brick and tile manufactory worked by native agency at Nilasandra near Bangalore. An establishment for the manufacture of ornamental cabinet work (inlaid with ebony and ivory) was opened in Mysore. An Industrial School affording instruction in bricklaying, carpentry, iron-work and some other useful trades, has been working in Mysore since February 1892.

28. *Trade.*—The bulk of the trade is internal; but considerable foreign trade is carried on in connection with the export of coffee, arecanut and food-grains, and the import of cloths and other articles of European manufacture. The value of exports during 1894-95 was Rs. 779,07,187 against Rs. 252,67,151 in 1890-91, and that of imports Rs. 387,25,636 against Rs. 280,72,520. The number of different classes of shops and the taxes they paid were 44,141 and Rs. 1,43,132 respectively in 1894-95 against 35,260 and Rs. 80,700 respectively in 1890-91.

29. *Public Works.*—The organization of a Sanitary Department was sanctioned in December 1892. The expenditure on Public Works other than Railways, from State Revenues and from Local, Irrigation and Palace Funds amounted, inclusive of the sum spent on Sanitary Works, to Rs. 36,94,041 in 1891-92 (15 months), Rs. 30,84,000 in 1892-93, Rs. 29,96,818 in 1893-94, and Rs. 35,95,448 in 1894-95; the average annual expenditure during the period under report rising to Rs. 31,45,954 from Rs. 25,89,132 in the preceding five years. In addition to the above, a sum of Rs. 3,07,628 was spent during the period under report on works chargeable to other departments against, Rs. 1,58,632, and a sum of Rs. 77,777 was spent from cash contributions made by raiyats and municipalities, against Rs 1,02,162 in the previous quinquennium. The total outlay during the period under report, apportioned among the various main heads, stood as follows: Provincial Fund Rs. 66,11,670 against Rs. 48,15,835, District Fund Rs. 19,32,458 against Rs. 25,71,724, Irrigation Fund Rs. 43,00,089 against

Rs. 53,07,307, Palace Fund Rs. 74,451 against Rs. 2,50,796, and Sanitary Work Rs. 4,51,639. The grant under the head Provincial Funds was disposed of ti 1894-95 in two portions—one being spent on Provincial Works Proper and th other with the irrigation cess, being separately dealt with as Provincial Irrigatio Fund. In 1894-95 the grant under the Provincial Budget was fixed at 25 lakh inclusive of an allotment of 10 lakhs for irrigation works, calculated to bring in nev or additional revenue, the amount of such allotment not being treated as a grant in-aid to Provincial Irrigation Fund and therefore not included under Irrigatio Fund. The amount spent during the period under report was—on Origina Works, Military, Rs. 2,37,759, on Civil Buildings Rs. 11,40,138, on Communica tions Rs. 6,32,930, on Miscellaneous Public Improvements Rs. 9,11,756, on Repair Rs. 15,50,054, on Original Works of Irrigation Rs. 39,17,130, on Tank Repair Rs. 2,24,660, on Channel Conservancy Rs. 2,81,126, on Minor Tank Restoratio Scheme Rs. 1,18,939. The percentage of establishment to total outlay range between 17·9 and 21·1.

30. *Railways.*—Previous to 1891-92 the railways open in the State were—the Madras Railway (Bangalore Branch), 56 miles, standard gauge, and the Mysore-Harihar or Mysore State Railway, metre gauge, 296 miles. During the period under report the following extensions were completed:—(1) from Mysore to Nanjangud, 15½ miles, metre gauge, opened for traffic in December 1893; (2) from Bangalore to the northern Mysore frontier to link on with Guntakal, 51½ miles metre gauge, of which the first 20 miles up to Dodballapur were opened in December 1892, and the rest up to the Mysore frontier in September 1893; and (3) the Kolar Gold Fields Railway, 10 miles, standard gauge, opened on 1st June 1894. The capital outlay up to the end of 1894-95 was—on the Mysore-Harihar Railway Rs. 1,48,03,306, on the Mysore-Nanjangud extension Rs. 6,03,988, on the Bangalore-Hindupur Railway Rs. 24,21,419, and on the Kolar Gold Fields Railway Rs. 6,55,910. The total receipts from traffic over these lines were Rs. 19,66,460 in 1891-92 (18 months), Rs. 16,74,544 in 1892-93, Rs. 17,17,015 in 1893-94, and Rs. 18,15,433 in 1894-95. The total revenue expenditure (*i.e.*, working expenses to be debited to the current earnings of the railways) was Rs. 13,45,631 in 1891-92 (18 months), Rs. 9,87,628 in 1892-93, Rs. 10,05,858 in 1893-94, and Rs. 11,86,188 in 1894-95; and the interest and profits payable to Southern Mahratta Railway Company on account of the Mysore-Harihar Railway, and the contributions to the Provident Fund payable in respect of the said railway, the Mysore-Nanjangud Extension and the Bangalore-Hindupur Railway, amounted to Rs. 11,09,704 in 1891-92 (18 months), to Rs. 8,75,213 in 1892-93, to Rs. 8,77,259 in 1893-94, and to Rs. 9,12,138 in 1894-95. Surveys were made and projects prepared for branch lines from Birur to Shimoga, 38½ miles; from Arsikere to Hassan, 30 miles; from Mysore to Gudalur (which was subsequently abandoned) and from Vadahalli to Chikballapur; and in connection with the Birur-Shimoga, line, sleeper collection was also made. Reconnaissances were made to investigate the feasibility and the approximate cost of lines to connect Nanjangud with Erode, to extend the proposed Arsikere-Hassan branch to Mangalore, to extend the State Railway from Mysore to Coorg and thence to Tellicherry, and to connect Mudigere on the Bangalore-Mysore line with Sivasamudram. The total number of accidents during the period under report on the lines worked by the Southern Mahratta Railway Company was 669. In 1891 and 1892, 3 persons were killed and 2 injured; there were no deaths or injuries in 1893 and 1894. A Special Railway Police was maintained by the State, consisting of 11 officers, and men ranging from 150 to 168, at an annual cost ranging from Rs. 19,833 to Rs. 20,784.

31. *Revenue.*—The demand and collection under all heads amounted respectively to Rs 179,20,362 and Rs. 178,85,618 in 1894-95 against Rs. 148,09,749

and Rs. 149,47,372, respectively, in 1890-91, and averaged Rs. 161,92,153 and Rs. 161,07,404 respectively during the period under report, against Rs. 137,42,182 and Rs. 140,27,039 in the preceding five years. The remission granted averaged Rs. 127,162 against Rs. 98,905 in the previous quinquennium, the increase being due to the unfavorableness of the season in 1891-92. Land Revenue demand, which, as usual, was the highest item of revenue, averaged Rs. 86,44,188 against Rs. 84,44,631 in the previous five years, the increase being due largely to extension of cultivation. The next item was Excise with an average of Rs. 28,52,458 against Rs. 19,32,699, the demand under this source rising from Rs. 23,22,472 in 1890-91 to Rs. 31,87,533 in 1894-95. Forest came next with an average demand of Rs. 13,49,420 against Rs. 12,00,850; then Stamps with an average of Rs. 6,86,187 against Rs. 5,49,973; then Miscellaneous with an average of Rs. 6,47,501 against Rs. 4,32,697; then Mining Leases with an average of Rs. 5,78,459 against Rs. 1,39,082; then Railways, Customs (Sayer) and Assessed Taxes with averages of Rs. 4,47,979, Rs. 4,01,199, and Rs. 2,93,486 respectively, against Rs. 1,62,097, Rs. 4,11,999 and Rs. 3,29,414, respectively. The remaining items consisting of Salt-pans, Law and Justice, Police, Public Works, and Mint, averaged Rs. 2,46,277 during the period under report against Rs. 2,33,374. The arrears of Land Revenue stood at Rs. 5,05,812 at the close of 1894-95 against Rs. 5,98,561 at the close of 1890-91. The ratio of sales to total number of coercive processes issued ranged between 1·23 and 1·51, and that of amount recovered by sale to total collection between ·064 and ·125.

32. *Excise.*—The Sayer revenue, which in the preceding five years was shown under Excise, was, as directed in Government Proceedings No. 21710-46—R. 2314, dated 6th June 1894, shown under Land Revenue during the period under report. Material changes were introduced in the excise system during the said period. The practice of renting out the monopoly of manufacturing spirits and of vending it throughout the State to a single contractor was dispensed with. The right of manufacturing arrack was leased out to Messrs. Parry & Co. for a period of five years; and as regards the right of selling, separate minor farms were established, and each of these was put up to auction at the beginning of each official year. Similarly in the case of toddy, small vend farms were constituted for each taluk and sold separately by public auction, instead of disposing of the monopoly by districts. The result was the creation of a wider circle of competitors, the decrease in the profits of middlemen and increase to the Excise revenue. There was further an increase in the consumption of liquor, partly apparent, due to the successful measures taken to prevent illicit distillation, and partly real, due to extensive importation of labour and the increase of wages and consequent general prosperity of the lower classes; the total quantity of arack consumed being 427,855 gallons in 1894-95, against 420,847 gallons in 1890-91. The beer taverns were closed on the 16th July 1892, as the manufacturer and wholesale vendor of country beer failed to supply them with beer, and 9 taverns existed in 1892-93. In the next two years the country beer manufactured by Messrs. Leishman & Co., at Ootacamund, was supplied to the taverns in the Bangalore City. The average number of foreign-liquor shops was 35, that of toddy shops 3,032, that of shops for the sale of ganja 61, and that for the sale of opium 66. The total Excise revenue was Rs. 27,32,205 in 1891-92 (15 months), against Rs. 25,28,537 in 1890-91, Rs. 32,20,342 in 1892-93, Rs. 32,21,211 in 1893-94, and Rs. 34,25,827 in 1894-95. The total expenditure incurred by the Excise Department was Rs. 1,36,441 in 1891-92 (15 months), Rs. 2,04,781 in 1892-93, Rs. 2,64,393 in 1893-94, and Rs. 2,13,955 in 1894-95. 46. *Muzrai.*—Reform in the management of religious and charitable institutions in the State, for which grants in cash and land inams have been made by the State, having been pressed on the attention of Government in several Dasara Representative Assemblies, a special officer under the designation of Muzrai Superintendent and Secretary was appointed in December 1891. He enquires into the affairs of each institution and introduces, under the general or special orders of Government, such reforms as are calculated to prevent abuse and ensure the proper application of the funds to their legitimate objects. The total number of Hindu temples, Jain bastis, Muhammadan and Christian places of worship, chattrams and mutts receiving grants from the State was 1,206, 22, 128, 1, 73 and 65, respectively, and the amount of allowances assigned to them was Rs. 1,44,705, Rs. 700, Rs. 11,634, Rs. 360, Rs. 77,042 and Rs. 60,433, respectively. The management, through local committees, of the gumbuz and mausoleum of Hyder Ali and Tippu Sultan at Seringapatam and the charities instituted in connection therewith, of the charity established at Mysore by H. H. Prince Gulam Muhammad for the relief of the-poorer classes, and of H. H. the Maharaja's Sanskrit College at Mysore is also vested in the Muzrai Department. Exclusive of the balance of previous years, the total receipts of the Muzrai institutions were Rs. 5,20,403 in 1891-92, Rs. 4,47,567 in 1892-93, Rs. 5,26,589 in 1893-94 and Rs. 4,75,665 in 1894-95, and the total expenditure was Rs. 3,97,427, Rs. 3,67,916, Rs. 3,45,739 and Rs. 3,47,410 respectively. The amount on hand at the close of the year 1894-95, inclusive of the balance of previous years, was Rs. 3,71,092. With a view to improve the management of the Muzrai institutions by securing the active co-operation of the local residents, 45 committees under the designation of Dharmadarsis in the case of Hindu institutions and Nazarine-ankof in the case of Muhammadan institutions were appointed during the period under report. The Government, in August 1892, inaugurated a system under which funds assigned for the establishment and maintenance of charitable, benevolent and educational institutions in the State could be deposited in Government treasuries on favourable rates of interest not exceeding five per cent per annum, but it was discontinued since March 1895. Within the two years and a half during which it was in force, deposits to the total amount of Rs. 3,26,200 were received from private individuals on five per cent interest for charitable and educational objects.

47. *Meteorology.*—In 1891 it was resolved to open observatories in Bangalore, Mysore, Hassan and Chitaldrug to supplement the arrangements made in British India for the collection of meteorological statistics, and Mr. J. Cook, M.A., F.R.S.E., Principal of the Central College, was placed in charge of the department under the designation of Meteorological Reporter to Government, subsequently changed into that of Director of Meteorology. The instruments required for second ass observatories were obtained from the Government of India, and observations egan to be recorded from 1st April 1892 in Bangalore, 10th May 1893 in Mysore, 0th November 1892 in Hassan, and 1st August 1892 in Chitaldrug. The de-artment was in full working order since 1893, and weather telegrams were daily

sent to Simla, Madras and Bombay from Bangalore, to Simla from M Madras from Hassan, and to Simla from Chitaldrug. The yearly mean for 1893 and 1894 was 65 per cent at Bangalore, 68 per cent at Hassa cent at Mysore, and 59 per cent at Chitaldrug. The driest months in were April in 1893 and February and March in 1894, and the most humi were July in 1893 and August in 1894. The annual mean daily velocity was in Bangalore 168 miles, in Hassan 97 miles, in Mysore 295 mile Chitaldrug 207 miles. So far as the wind direction was concerned, the the South-West Monsoon in Mysore in 1893 and 1894 included the last thi month of April and the following five months, May to September. Th was a struggle in October between the two monsoons. By the last thi month of October the North-East Monsoon was definitely established but in 1894 the struggle was prolonged over the first third of the n November. This monsoon continued during the five months, November t when the struggle between the North-East and South-West atmospheric began. This continued till the last third of the month of April, when the had fairly well veered to the south-west.

CHAPTER I—PHYSICAL AND POLITICAL GEOGRAPHY.

PHYSICAL FEATURES OF THE COUNTRY, AREA, CLIMATE, AND CHIEF STAPLES.

1. Full information under the above heads is given in pages 1 to 4 of the Administration Report of Mysore for the year 1872-73.

POLITICAL: HISTORICAL SUMMARY.

2. The ancient history of Mysore is briefly recited in pages 5 to 20 of the Administration Report for 1872-73, and a sketch of the administration of the Province by the British Government, during the 50 years from 1831 to 1881, is given in pages 1 to 8 of the Administration Report of Mysore for the year 1880-81.

3. *Period of the present Report.*—Two quinquennial reports having already been published on the administration of the State by the Government of His Highness the late Maharaja Chamarajendra Wadeyar Bahadur, G.C.S.I., during the ten years following the Rendition, the present report deals with the administration of the State from 1891-92 up to the end of June 1895.

4. *The demise of H. H. Maharaja Chamarajendra Wadeyar Bahadur*, G. C. S. I. —This most sorrowful event occurred on the 28th of December 1894, at Calcutta, where His Highness had proceeded with H. H. the Maharani and other members of the Royal Family on a visit to His Excellency the Viceroy and Governor-General of India. The following extract from the Dewan's address to the Representative Assembly in October 1895 shows how profoundly the loss was felt:—

At this Dasara we meet under the shadow of the great calamity which has deprived us of the master-hand that guided the destinies of this State in the ways of peace and progress during the past fourteen years. Our late Sovereign passed away in the prime of life and in the midst of a most beneficent career. His untimely death was lamented as a great national misfortune throughout India; it evoked feelings of widespread sympathy in England; it was deplored as an Imperial loss by the British Government. For us his subjects, whose good ever occupied the foremost place in his heart, it is impossible to cease to bemoan our great loss. Time cannot assuage our sorrow. The many monuments of his rule will ever remind us of the nobility of his character and the beneficence of his aims.

5. *Installation of H. H. the present Maharaja.*—His Highness Maharaja Krishnaraja Wadeyar Bahadur, the eldest son of His Highness the late Maharaja, was installed on the throne of Mysore on the 1st of February 1895. The following *Kharita* from His Excellency the Viceroy was read by the British Resident in a public Durbar held in the Palace at Mysore on the occasion:—

TO HIS HIGHNESS MAHARAJA KRISHNARAJA WADEYAR BAHADUR OF MYSORE.

My Honoured and Valued Friend,

At the time when the melancholy death of His Highness Maharaja Sri Chamarajendra Wadeyar Bahadur, G.C.S.I., Your Highness' father, occurred in Calcutta, I conveyed at once to Her Highness, your mother, as well as to yourself, the sincere sympathy which was felt both here and in England with His Highness' family in consequence of so untoward a catastrophe.

I have already made known the approval given by the Government of India to your succession to the chiefship of the Mysore State. I now formally confirm that approval, and assure you that, if you are fitted by character and ability when you are qualified by age to assume so high and honourable a position, you will be entrusted with the ruling powers so well discharged by your father.

A grave responsibility devolves meanwhile upon the British Government in supervising your own education and the provisional government of the Mysore State; and this is a matter to which I have devoted anxious thought.

Happily the present circumstances are auspicious. A fitting central authority must be provided during your Highness' minority. The Government of India, by conferring upon Her Highness Maharani Vanivilas, C.I., the dignity and position of Regent of the Mysore State, mark in a special manner their confidence that they will find in Her Highness, in the Minister who has ably filled the difficult post of Dewan, and in the experienced officials who may be associated with him, the means of continuing under their own special care a system of administration which has stood ith success the test of time.

I will, in conclusion, assure Your Highness, and through you, Her Highness the Maharani, that the Government of India will continue to watch over your interests and those of the Mysore State with a jealous regard for the welfare of both. Your Highness will ever find in the Resident

a friend and adviser at hand, who possesses the confidence of my Government, and whose h will be at the service of the Mysore State. My endeavour will be to secure the continued pr perity of the State. I sincerely trust that Your Highness may prove worthy to fill the place your lamented father, whose untimely removal I cannot cease to deplore.

I desire to express the high consideration which I entertain for Your Highness, and to su scribe myself,

Your Highness' Sincere Friend,
(Signed) ELGIN,
Viceroy and Governor General of India

FORT WILLIAM,
The 25th January 1895.

9. The following are the other principal changes introduced in the period under review.

10. *The Constitution of the Mysore Civil Service.*—Difficulties having been experienced in suitably filling the higher appointments of the executive and judicial services in Mysore entirely by selection from the lower ranks, and it having been found necessary to secure and train properly qualified recruits for improving the status of the higher grades of the service, His Highness the late Maharaja resolved on 1st November 1891 to constitute a special service called the Mysore Civil Service, the higher appointments available for it being 4 Sub-Division Officers (Revenue), 2 Town Magistrates, 1 Under-Secretary, 1 Chief Secretary, 8 Deputy Commissioners, 2 Sub-Judges, 1 Registrar of the Chief Court, 3 District Judges, and a number of Assistant Commissioners and Probationary Assistant Commissioners. It was declared that all admissions into the Civil Service should thenceforth be only in two ways, *viz.*, by success at a competitive examination of selected candidates ; and secondly by special selection made by His Highness the Maharaja (*a*) from distinguished members of the lower ranks of the Mysore Public Service, (*b*) or on family or other considerations, provided that the total number of men thus admitted into the Mysore Civil Service by special selection did not exceed the number admitted into it by means of the competitive examination under the first head. Both in point of severity of the tests applied and range of subjects, the competitive examination was similar to that adopted for the Statutory Civil Service in British India, and was laid open to all graduates in Arts of Indian Universities under the age of 25 years. In the period under review two competitive examinations were held, one in 1892 and the other in 1894. Of the successful candidates the two who topped the list were appointed to the Civil Service on each occasion, and two nominatic were made by H. H. the late Maharaja.

11. *Muzrai Department.*—A reform in the management of the State Muz (or religious and charitable) institutions having for a long time engaged attention of the Government, a properly qualified officer was appointed Muz Superintendent in 1891 to inquire into the subject on the spot and to carry the needed reform in the case of each such institution under the gene or special orders of Government. The aim of the Government was to restore the original object of the grants many existing misapplications of funds belon ing to Temples, Chattrams and Matts, to reassert the power of sanction vested the ruling authority to nominations of successors to Matt Headsh a better class of men qualified to command the respect of the ing in temples, and to impart to the worship and rituals th iveness and solemnity by a stricter conformity with religion as expounded by accepted authorities. The at the same time appointed *ex-officio* Secretar Department.

. *Sanitary Engineer.*—The want had long been felt of a separate qualified er who could give his exclusive attention to developing effective measures sanitation of the cities of Mysore and Bangalore and of the more populous in the State, as well as to designing and carrying out works of water-supply ainage wherever required. To this duty Mr. Standish Lee was appointed cember 1892 under the designation of Sanitary Engineer with the Govern-

13. *Meteorological Observatories.*—With a view to secure and record informa- based on scientific observations, concerning the conditions of the weather ifferent parts of the State, as a help to making a forecast of the charac- of the season, a first class Observatory at Bangalore and three second class ervatories at Mysore, Hassan and Chitaldrug were established in 1893.

14. *The Geological Department.*—With a view to make a complete Geolo- al Survey of the State on the most approved scientific principles, to train a nber of young men as Geologists and Mining Engineers, and to provide for the cient supervision of existing Gold Mines, the preparation of Geological Maps the State, the collection of all Geological Exhibits in a special Museum, aintenance of drawings of all existing mines, and the working of a properly uipped laboratory with complete arrangements for mineral analysis, assay, c., a Geological Department was formed in November 1894 under a State Geologist, assisted by a Senior Geologist and Analyst and a staff of two Prospectors and seven apprentices.

15. *The Secretariat.*—In February 1895 the work of the Secretariat Departments under the Chief and Legislative Secretaries was re-arranged and distributed between the Chief Secretary, an Under-Secretary in responsible charge but under the supervision of the Chief Secretary, and a General Secretary. Besides these, Heads of certain Departments, namely, Military, Public Works, Muzrai and Education, were *ex-officio* Secretaries to Government in their respective departments. It was directed that during the minority of His Highness the Maharaja, all orders be issued in the name of "The Government of Mysore," and that all Secretaries to Government be styled Secretaries to the Government of Mysore in their respective departments. In June 1895 the office of Chief Secretary was abolished and a new Officer called the Revenue Secretary was appointed in addition to the General Secretary.

16. *Changes in the Personnel of the Administration.*—Rajya Dhurandhara Sir K. Sheshadri Iyer, K.C.S.I., who continued as the Dewan of the State during the period embraced by the report, proceeded with H. H. the late Maharaja on tour in Northern India between the 11th December 1892 and 30th January 1893. On that occasion, and when the Dewan was on privilege leave from 22nd August 1893 to 17th October of the same year, Rajadharma Pravina Mr. T. R. A. Thumboo Chetty officiated as Dewan, and Mr. A. Ramachendra Iyer, Judge of the Chief Court, acted as Councillor. In the beginning of 1895 Rajamantra Pravina Mr. P. Chentsal Rao, C.I.E., one of the Members of Council, resigned his place, owing to advancing age, and in February 1895 the Council was reconstituted in the manner specified in para 7 *supra*.

17. *The Constitution of the Representative Assembly.*—In pages 5 and 6 of the Report for 1886-87 to 1890-91 are noted the chief features of the scheme introduced in 1891 for improving the constitution of the Representative Assembly. In 1893 the number of members assigned for the towns of Kolar, Shimoga and Tumkur was increased from two to three, on account of their large population and growing importance. On the other hand, the privilege of sending special representatives was withdrawn in the case of 78 minor Municipalities having a population of less than 5,000, as the number of representatives returned by the Municipalities in the State, large and small alike, was found to be disproportionately large compared with the total population of the Municipalities, and the minor Municipalities could well share in the general representation of Taluks in which they are situated. Similarly, it was considered superfluous that the cities of Bangalore and Mysore, which were invested with the power of electing Municipal Commissioners, and the Rate-payers' Associations therein, should have the power of sending special delegates. These orders had the effect of reducing the numerical strength of the Representative Assembly from 350 to 275

and this number was considered sufficient for the adequate representatio whole population. The membership of the Assembly was made tenable f years with effect from 10th June 1894 in view to enhance the interest members in the various questions with the representation of which they charged and afford them the opportunity for continuous action in respect o

18. *Qualification of Electors and Representatives.*—By the rules of 189 qualifications for both electors and representatives were the same. Wit view of enlarging the electoral body so as to comprise a larger proportion agricultural property of the country, it was ruled that those who paid hal amount of Government dues prescribed in those rules were eligible for votin

19. *Work of the Representative Assembly.*—The duration of the meetin the Assembly, the number of members present, and the number of subjects cussed, are shown below :—

	Number of days on which the Assembly met.	Members present.	Number of subjects.
1891 ...	...6	262	374
1892 ...	...5	303	611
1893 ...	...5	318	479
1894 ...	...6	230	572

20. *The Official Year.*—Till the year 1891, the Revenue official year ha been reckoned from the 1st April of every year up to the 31st March of the suc ceeding year. In 1891 it was altered so as to commence on the 1st July an end on the 30th June, in view to make it embrace all the months durin which the revenue had to be collected and correspond with the cultivation seaso and the period usually adopted in the agricultural contracts of the people. Th new method of computation came into force with the first year of this report The year 1891-92 was regarded as composed of 15 months (from 1st April 1891 to 30th June 1892) for all revenue and allied departments; and as regards th Judicial and other departments, which till then submitted reports for the calenda year, the year 1892-93 was regarded as composed of 18 months, *i.e.*, from 1st Jan uary 1892 to the end of June 1893.

) The Gold Fields Police.

) The Police Force maintained in the following municipal towns:—Kolar, , Hassan, Tarikere, Birur, Chitaldrug, Davangere and Harihar.

Municipal Police.—The Municipal Police of Seringapatam was incor- ith the Provincial Force previous to 1891, but the Municipality contin- t July 1894, to contribute a fixed amount towards the Police charges. f the Mysore City Police, which used to be borne by the Mysore prior to the year 1891, was in that year transferred to the Provin- The Government also relieved the Chikmagalur Municipality of arges from 1st April 1891.

unicipalities of Kolar, Tumkur, Hassan, Tarikere, Birur, Chitaldrug, and Harihar, contributed towards the upkeep of the Police till the y 1894, when they were relieved of the Police charges, and the Munici- was made a part of the District Police. The number of officers and ıtained by the Municipalities in the years 1891, 1892-93 and 1893-94, cost borne by them, are shown below:—

	Officers and men.	Cost Rs.
1891	... 119	11,291
1892-93	... 100	11,740
1893-94	... 100	10,781

77. *Night-watch by Inhabitants.*—In the year 1891 the system of night-watch by the inhabitants was discontinued in the head-quarters of Taluks, which are municipal towns, and this duty has since then devolved on the Regular Police.

78. *Law governing the Police.*—The City Police of Bangalore is governed by Act V of 1861, and the rest of the State Police by the Regular Police Rules of 1872.

79. *Sanctioned and actual Strength of the Force.*—The sanctioned and actual strength of the Regular Police Force for each of the years under report was as follows:—

Years.	Officers.		Men.		Total.	
	Sanctioned strength.	Actual strength.	Sanctioned strength.	Actual strength.	Sanctioned strength.	Actual strength.
1891	500	487	4,799	4,704	5,299	5,191
1892-93	535	517	4,844	4,556	5,379	5,073
1893-94	511	496	4,895	4,516	5,406	5,012
1894-95	515	507	4,942	4,670	5,457	5,177

The difference between the sanctioned and the actual strength is in the main attributed to the large number of vacancies in the ranks of constables, due to the difficulty experienced in finding proper recruits.

The number of officers and men sanctioned for each division of the Force g the year 1894-95, was as follows:—

		Strength.
I	Head Office and Police School	10

82. *Cost.*—In the subjoined statement the cost of the entire force for the period under report is compared with that for the previous four years :—

Years.	Cost.	Years.	Cost.
	Rs.		Rs.
1887	5,72,977	1891	6,60,822
1888	5,85,963	1892-93 (12 months) ...	6,77,106
		1892-93 (18 months) ...	10,12,266

91. *Drill.*—Special attention is paid to drill and discipline of the force. All the District Head-quarters are provided with Drill Instructors. The Special Reserve Police of Bangalore, Mysore and Shimoga are taught squad, physical and company drill and put through a course of sword and musketry exercise.

92. *Rewards.*—Particulars of rewards by promotion and by award of money are given below :—

	1891	1892-93		1893-94	1894-95
		12 months.	18 months.		
By promotion (*i.e.*, not in the usual course merely)	163	150	221	136	56
By money	118	142	202	124	127

93. Money rewards are sparingly given, good service being generally recognized by suitable promotions. The following cases are worthy of mention :—

In 1891 two officers and one constable received money rewards to the amount of Rs. 50 offered by a private individual for prompt detection of a case of criminal breach of trust. In 1892-93, in recognition of the good services rendered by Her Majesty's Police in tracing out dacoits, a silver medal was presented to Head Constable Sheik Hyder of the Kollur Station in the South Kanara District; a sword valued at Rs. 80 to C. Subbrayalu Chetti, Inspector of the Penakonda Taluk; a gold medal of the value of Rs. 50 to Patel Venkatareddy; and money reward of Rs. 20 to Head Constable Babasab of the Padmurti Station. In 1893-94 one policeman and three private persons received money rewards for bravely apprehending and disarming a sepoy, who, after committing a murder, ran amuck with sword in hand. Some members of the Mysore City Police were rewarded for preventing the spread of cholera. Some policemen were given money presents for clever detection of cases of theft of quartz in the Kolar Gold Fields. In 1894-95 the Patel and the Shanbhog of a village in the Hassan Taluk were presented with a bangle worth Rs. 10 each for helping the Police in the detection of a case of murder by poison, and several Police officers and men received rewards for detecting stolen property and for services during a cholera epidemic.

94. The number of private persons who received money rewards for rendering valuable assistance to the Police was 169 in 1892-93, 126 in 1893-94, and 113 in 1894-95. The amounts distributed were Rs. 943, 591, 521 and 423, respectively, during the years under report. The following instances are worthy of mention :—

In 1891 a raiyat of the Mysore District was presented with a silver armlet with suitable inscription, of the value of Rs. 25, for his courageous conduct in having speared one of a large body of dacoits; and one Kandhari Mahomed Shakhan was granted a reward of Rs. 50 for having given useful information which led to the detection and conviction of a gang of coiners. In 1893-94 a silver bangle of the value of Rs. 20 was presented to a Mahratta gowle women for attacking a Lambani who, after murdering a traveller, was in the act of robbing him; and a bangle worth Rs. 50 to a cartman that defended himself and certain travellers against an attack by dacoits, killing one of the dacoits and wounding the others. In 1894-95 one Sitaramaiya of Bachehalli in the Mysore District was presented with a sum of Rs. 50 for assistance rendered by him in the arrest of a person accused of culpable homicide, who had been evading arrest for three years; and one Manegar Krishna Rao with a silver bangle worth Rs. 10 for services rendered by him in connection with a theft case.

95. *Casualties in the Force.*—Among the members of the force, there were 43 deaths in 1891, 51 in 1892-93 (12 months), 49 in 1893-94, and 45 in 1894-95. The figures for the previous four years, from 1887 to 1890, were 74, 62, 61 and 82, respectively. The quinine pills supplied from the Medical Stores were issued with advantage in 1891 to the malnad stations of the Shimoga District.

96. *Clothing and Equipment.*—In 1892-93 a Dress Regulation was framed prescribing the uniforms to be worn by Police officers of all ranks. All ranks

of the Police Force from the Inspector downwards are supplied with clo ing at the cost of Government, but they purchase their own turbans. Turb also are supplied to the Inspectors of Mysore and Bangalore City and of Railway and Special Reserve Police, and European Inspectors are supp with helmet and forage cap free of cost. Badges are issued to consta for uninterrupted good conduct. District Police officers were supplied v uniforms at Government cost for the first outfit. In 1893-94, Rs. 42,000 w spent under this head, and in 1894-95 Rs. 41,682.

Most of the weapons supplied to the Police having been found unsuita steps were taken in 1894-95 to supply them with weapons of an improved patt

97. *Hutting and Building.*—The cost incurred in providing accommoda to the men, in building or repairing station houses, lines and miscellane buildings, which is not included in the cost of the force, is shown below :—

	Original Works.	Repairs.	Total.
	Rs.	Rs.	Rs.

During the period of drought, the Government sanctioned Rs. 20,767 sinking wells as relief works near Police stations in the districts.

98. *Police given to Private Parties.*—In the year 1893-94 the service 1 Inspector, 1 Jamadar, 2 Dafadars and 26 Constables were lent to private part and in the year 1894-95 the number of men so lent rose to 77.

99. *Inspection by Revenue Officers.*—Information furnished in 1891 regard the number of Police Stations inspected by the higher Revenue officers was inc plete. In the succeeding three and a half years of this report, however, number of such inspections was satisfactory.

100. "*Police Fortnightly Circular.*"—The Police Fortnightly Circular v improved in 1892-93, by the publication of additional matter instructive to Police and interesting to the general public. This periodical was, prior to 1892- supplied only to the District Head-quarters and head stations in districts, and that year the Government sanctioned the circulation of Kannada copies to all s sations in the State, numbering 406. The circular will place ready informat within reach of outlying stations, and, by the publication of rewards and puni ments of policemen, act as an incentive to better work in the rank and file of t force.

101. *Crime.*—The number of cognizable offences reported and pendi investigation and the results of arrests made are shown below :—

108. *Causes for Increase of Crime.*—The effects of the bad season whi prevailed in the State and in the adjacent country in 1891, and the high pric of food grains which lasted till the middle of the year 1892, contributed part to the increase of crime in 1891 and 1892-93. It is reported that a circular issu by an Assistant Superintendent of Police, under which only such cases as we believed to be true were taken on file, was withdrawn in 1892-93, and that the has since been more accurate registration of crime.

109. *Undetected Cases.*—The Police file of undetected crime at the end 1894-95 showed that there were 1,001 cases regarded as true which they h not succeeded in detecting. The highest number pending was in the Bangalc District being 196, while Chitaldrug and Tumkur showed only 33 and 36 cas Taking the size into consideration, Kadur had the largest number pending, 1 The Mysore District, including the French Rocks Sub-Division and the City Mysore, had 71 cases. Bangalore City showed the large number of 140 cas The numbers pending in the remaining districts were 124 in Kolar, 117 Shimoga, and 72 in Hassan, while the Railway Police had 19 undetected ca on its file. The numbers of these cases under each class of offences were in Class I (Offences against the State, Public tranquility, &c.), 49 in Class (Serious offences against person), 553 in Class III (Serious offences against pr perty and person), 10 in Class IV (Minor offences against person), 374 in Class Minor offences against property), and 9 in Class VI (Other offences).

110. *Value of Property Stolen and Recovered.*—The value of property stol in the four years under report and the value of property recovered are giv below :—

		Value of property stolen.	Value of property recovered.	Percent
		Rs.	Rs.	
1891	...	92,587	33,180	35·8
1892-93 { 6 months ...	...	56,587	11,054	19·5

1893-94	...	1,07,075	32,303	30·2
1894-95	...	89,402	32,021	35·8

111. *Non-cognizable Cases.*—The number of non-cognizable cases refer by the Magistrates to the Police for investigation during this period was 331 1891, 290 in 1892-93, 431 in 1893-94, and 364 in 1894-95.

112. *Preventive Action.*—During the past four years and a half, 240 pers in all, or an annual average of 53 persons, were arrested by the Police for bei bound down for good behaviour; of these, 134 persons or 55·8 per cent of t total number, being an average of 30 persons per year, were convicted. T statement below gives the details for each of the years :—

	Arrested.	Discharged and acquitted.	Convicte
1891	... 89	39	50
1892-93 (18 months)	... 49	16	29
1893-94	... 26	11	12
1894-95	... 76	33	43
Total	... 240	99	134

113. *Process Service.*—The number of processes se ed by the Police in each the years is given below :—

	Issued.	Served.	Unserved.
1891	78,570	75,703	2,867
1892-93 (18 months)	126,349	121,351	4,998
1893-94	90,341	86,633	3,708
1894-95	90,054	86,660	3,394

114. *Wandering Gangs.*—A system of keeping strict watch over the resident ıd wandering gangs of suspected classes was enforced during the period under :port, and other precautionary measures were also taken to check their ıids. The name, occupation, habits and movements of the gangs are registered, ıd the gangs are escorted by the Police when they move from place to place. he following statement gives the number of permanent and wandering gangs in ıch district as registered in the year 1894-95 :—

	Permanent gangs.	Wandering gangs.
Kolar	142	98
Tumkur	580	465
Mysore	12	36
French Rocks (Sub-Division)	235	43
Hassan	980	143
Shimoga	343	321
Kadur	...	194
Chitaldrug	3,468 persons	345
Bangalore	Not given.	Not given

It is reported that the permanent gangs have in most cases settled down to quiet agricultural life and belong to the criminal class only in name, and that their case Police surveillance may be dispensed with.

In July 1894 the adoption of the form of return in force in the Madras olice in regard to known depredators and suspicious characters was sanctioned ; ıd a new register to be kept by Patels of villages concerning suspicious look- g strangers passing through their villages, was prescribed in January 1895.

115. *Annual Returns.*—Till the year 1894-95, the forms of returns prescrib- l by the Government of India in 1870 were in use, but in 1894-95 the forms issued r the Government of India in 1884 were adopted. The main points of difference :tween the two are that cases reported to the Police and those taken up by agistrates direct without the intervention of the Police find a place in the new turns, whereas the old returns dealt with cases reported to the Police only ıd that the comparative statement of cognizable crime and statement of addi- ıoal police collected for the protection of persons and property have been nitted.

116. *No Outbreak of any Serious Crime.*—During the period under report ere was no outbreak of any serious crime, nor were there any riots between :ople of different religious faiths. This was in no small measure due to the addi- ons made to the force, to the systematic training given them, to the closer super- sion exercised over the movements and actions of the criminal classes and gangs, ıd the protection of the ghats, passes and highways as far as practicable so as to r the entrance of criminal gangs into Mysore from the neighbouring British :rritories.

The decrease in the number of Civil prisoners during the last two years was due to the amendment of the provisions of the Civil Procedure Code concerning imprisonment for debt.

155. *Release otherwise than on expiry of sentence.*—The mark rules in force till June 1895 were so limited in their application that recommittals, those sentenced to less than two years' imprisonment, and those who had not served half the period of their sentence, were totally excluded from the benefit thereof. The new rules in force in Madras were introduced in June 1895, and they are applicable to all convicts except those sentenced to less than one year's imprisonment.

The number of releases under the old remission rules was 37 in 1891, 65 in 1892-93, 50 in 1893-94, and 52 in 1894-95.

156. Under the ticket-of-leave system introduced in January 1889, the number of persons released was 13, 4, 6 and 37, respectively, during the period under report.

157. The number of convicts released by order of Government on account of sickness or other grounds was 13, 26, 23 and 51, respectively, in the years under report. The figure for 1894-95 includes 44 prisoners released on the occasion of the installation of His Highness the Maharaja.

The decrease in the number of Civil prisoners during the last two years was due to the amendment of the provisions of the Civil Procedure Code concerning imprisonment for debt.

155. *Release otherwise than on expiry of sentence.*—The mark rules in force till June 1895 were so limited in their application that recommittals, those sentenced to less than two years' imprisonment, and those who had not served half the period of their sentence, were totally excluded from the benefit thereof. The new rules in force in Madras were introduced in June 1895, and they are applicable to all convicts except those sentenced to less than one year's imprisonment.

The number of releases under the old remission rules was 37 in 1891, 65 in 1892-93, 50 in 1893-94, and 52 in 1894-95.

156. Under the ticket-of-leave system introduced in January 1889, the number of persons released was 13, 4, 6 and 37, respectively, during the period under report.

157. The number of convicts released by order of Government on account of illness or other grounds was 13, 26, 23 and 51, respectively, in the years under report. The figure for 1894-95 includes 44 prisoners released on the occasion of the installation of His Highness the Maharaja.

The duration of contested suits in the courts of Sub-Judges and District Judges increased considerably during the period of this report as compared with the duration of suits in the previous years. The increase is attributed—

in 1891 to (1) the unexpected influx of a large number of Sessions cases, (2) the protracted trials of heavy Sessions cases and hotly contested original suits, (3) the non-appearance of witnesses on the dates for fixed final disposal, and (4) the absence on leave of the Judges;

in 1892-93 to the general increase of work;

in 1893-94 to the disposal of cases which were pending for a long time; and

in 1894-95 to the disposal of 12 cases of 1891 and 5 suits of 1892 in the Court of the Sub-Judge of Mysore, the closing of the Court in January 1895 on account of the demise of H. H. the late Maharaja and the Installation ceremonies which followed that event, and the fact that the Sub-Judge of Mysore had in addition to the charge of his Court the charge of District Court for some days during the absence on leave of the District Judge.

189. *Witnesses.*—The total number of witnesses who attended the Courts and the period of their detention are shown below :—

Forty-five of the second appeals disposed of in 1891 were under Clause (*d*) of Section 584, C. P. C., *i. e.*, in cases in which the lower appellate courts disagreed with the courts of first instance on questions of fact. The decisions of the lower appellate courts were upheld in 30 cases and modified in 6 ; and in the remaining 9, the decisions of the Courts of first instance were restored. During 1892-93, 39 appeals were on questions of fact;

the Chief Court concurred with the lower appellate courts in 28 cases out of them, and in the remaining cases, the decisions of the courts of first instance were restored. In 1893-94 there were 62 such appeals filed ; in 43 of them the Chief Court concurred with the findings of the lower appellate courts, and in 14 cases the decisions of the courts of first instance were either restored or the decrees of the first appellate courts modified. Sixty-seven appeals on questions of fact were disposed of in 1894-95 with the result that the Chief Court concurred with the lower appellate courts in 47 cases and reversed or modified their decrees in the remaining 20 cases.

Registration.

[Note—This section of the report is for a period of four years and three months, from 1st April 1891 to 30th June 1895.]

207. *Direction and Control.*—Mr. C. Meenakshaiya, Barrister-at-law, was Inspector-General of Registration up to March 1895, when Mr. A. Sreenivasacharlu assumed charge of the office.

208. *Territorial and other Changes.*—The changes which took place during the period embraced by the report were (1) the abolition of the French Rocks Sub-Division as a Registration district and its amalgamation with the Mysore District; (2) the appointment of 10 special Sub-Registrars in the Sub-Districts of Nanjangud, Chamrajnagar, Chikmagalur, Arkalgud, Tiptur, Channapatna, Anekal, Chikballapur, Krishnarajpete, and Malvalli, in the place of *ex-officio* Sub-Registrars; (3) the substitution of Taluk Sheristadars in the place of Amildars as *ex-officio* Sub-Registrars; and (4) the opening of 2 new Sub-Registry offices at Harihar and Alur. In 1891-92 Assistant Commissioners in charge of District Treasuries were appointed *ex-officio* Registrars of Districts in the place of Deputy Commissioners, but in 1894-95 the old arrangement under which Deputy Commissioners were District Registrars was restored. The percentage of commission was increased to 50 per cent of the fees realized with a maximum limit of Rs. 30 a month. A minimum of Rs. 10 a month was sanctioned for *ex-officio* Sub-Registrars whose incomes fell short of that amount. At the end of the period under report, there were 8 Districts under 8 District Registrars and 79 Sub-Districts of which 15 were under Special Sub-Registrars and 64 under *ex-officio* Sub-Registrars. The corresponding figures for 1890-91 were 9 Districts and 77 Sub-Districts of which 72 were under *ex-officio* Sub-Registrars and 5 under Special Sub-Registrars.

209. *Average Area and Population.*—Viewed with reference to the area and population of the State, each Sub-Registrar's division covered an average area of 352 square miles and an average population of 60,914 persons. The corresponding figures in 1890-91 were 361 and 62,496 respectively.

210. *Particulars of Registration.*—The sub-joined statement gives the numbers of the different classes of transactions registered during the period under report :—

217. *Court Sale Certificates.*—The sale certificates sent by Courts and filed by Registration officers were 568 in 1891-92 (446 for 12 months and 122 for 3 months), 597 in 1892-93, 543 in 1893-94 and 731 in 1894-95. The number of such certificates presented for registration by parties directly was 63 (59 for 12 months and 4 for 3 months) in 1891-92, 31 in 1892-93, 30 in 1893-94 and 27 in 1894-95.

218. *Documents Impounded.*—The number of documents impounded in each of the years under report was 113, 141, 149 and 153 respectively. The amounts received as deficient stamp duty and penalty were Rs. 714-13-0 in 1891-92, Rs. 997 in 1892-93, Rs. 944-10-0 in 1893-94 and Rs. 1,120-14-0 in 1894-95.

219. *Searches in the Registers and Indexes.*—The number of applications for search in the register books and indexes was as follows :—

	Number.
1891-92 for 12 months	2,087
1891-92 3 months	551
1891-92 15 months	2,638
1892-93	2,490
1893-94	2,680
1894-95	2,714

220. *Prosecutions under the Act.*—There were altogether seven prosecutions under the Registration Act during the period of the report. All of them were cases of false personation. In four of them convictions were obtained and the accused were sentenced to varying terms of imprisonment, and in one the accused were discharged. Two cases were pending enquiry on the last day of the year 1894-95.

221. *Destruction of Unclaimed Documents.*—Under the provisions of Section 85 of the Registration Act, 499 documents (registered) in all were destroyed, as they were lying unclaimed for more than two years—165 in 1891-92, 126 in 1892-93, 81 in 1893-94 and 127 in 1894-95.

222. *Period taken for Registration.*—The following statement shows the time taken for the registration of documents :—

Years.	Number of documents registered on the day of presentation.	Number of documents registered within two days of the date of presentation.	Number whose registration was delayed beyond two days.		Total number of documents registered.
			On account of causes over which the office had no control.	Preventible causes, *i. e.*, delayed on account of pressure of work, &c.

1894-95	20,752	19,212	984	2,026	42,974

223. *Transfer of Pattas.*—The number of applications presented for the transfer of revenue registry was as follows :—

	Number.
1891-92 for 12 months	1,580
1891-92 3 months	511
1891-92 15 months	2,091
1892-93	2,873
1893-94	2,819
1894-95	3,034

224. *Percentage of Registration to the Number of Non-Judicial Stamp Papers sold.*—The percentage of registration to the number of non-judicial stamp papers sold was 7·6 in 1891-92, 8·5 in 1892-93, 8·8 in 1893-94 and 9·1 in 1894-95.

225. *Receipts.*—The receipts of the department for the period under report are given in the following statement :—

Receipts.	1891-92			1892-93	1893-94	1894-95
	For 12 months	For 3 months.	For 15 months.

Total ...	75,866	24,203	1,00,069	97,536	96,917	95,652

The increase in receipts in 1892-93 over those of the previous year was due to an increase in the number of registrations in all the offices, and the decrease in receipts in the subsequent two years to a fall in the total value of property affected by registration.

226. *Expenditure.*—The following statement shows the expenditure incurred during the period under report :—

Expenditure.	1891-92			1892-93	1893-94	1894-95
	For 12 months.	For 3 months.	For 15 months.

Surplus ...	38,277	12,537	50,814	51,916	48,147	45,649

The increase in expenditure was due to the increase sanctioned to the establishment of the Inspector-General of Registration, the allowances sanctioned to him, the appointment of additional special Sub-Registrars with establishments on fixed pay, the increase granted to the pay of some of the Special Sub-Registrars, and the cost of furniture supplied to the newly formed Special Sub-Registry offices.

There was on an average a net saving of Rs. 45,997 annually during the period under report against Rs. 30,000 during the period 1886-87 to 1890-91.

227. *Inspection.*—The Inspector-General of Registration inspected 18 offices in 1891-92. In the subsequent three years he inspected 4, 7 and 8 offices respectively. The Inspectors of Registration visited during the past three years on an average 30 offices, and the Registrars on an average 27 offices. The Revenue officers on jamabandy duty visited 50 offices in the year 1891-92.

Registration of Companies.

228. The registration of Joint Stock Companies in Mysore continued to be conducted during the period under report under the provisions of the Indian Companies Act X of 1866, the new Regulation III of 1895 having been introduced on the 1st November 1895.

229. *The Registrar of Companies.*—The Inspector-General of Registration was *ex-officio* Registrar of Companies.

230. *Form of Report.*—From the year 1892-93 the reports on the Registration of Companies and the statements accompanying them have been prepared in accordance with the instructions contained in the Government of India letter

No. 271—S, of 30th November 1892, received with letter No. 4086—53-85, dated 17th December 1892, from the First Assistant to the Resident, and the statements are for periods of twelve months ending with 31st March and not for the local official year ending with 30th June, as they were required for submission to the Government of India not later than the 1st July. This section of the report is therefore for four years from 1st April 1891 to the end of March 1895.

Mysore State Life Insurance.

[N.B.—The scheme came into operation on the 1st December 1891. The following report therefore covers a period of three years and seven months.]

236. A system of State life insurance was inaugurated on the 1st December 1891. It enables public servants, unable to save largely from their income, to secure for themselves or their families a certain substantial provision in the future in return for small payments spread over a series of years, and is thus calculated to raise the general tone of the public service. Insurance was made compulsory on all persons entering the service of the State after the introduction of the system, from the date of their entering the service, and in the case of those entering the service before 21 years of age from the date of their completing 21 years of age. In the case of officers holding permanent appointments on the date of the introduction of the rules, insurance was optional and they were allowed to avail themselves of the option till the end of June 1894, and the time was subsequently extended till the 30th June 1897. In the case of officers of other Governments employed in the State, insurance is subject to the consent of the Governments lending them. No officer whose age exceeds 45 years or whose pay is below Rs. 10 is eligible for insurance. Ten per cent of the pay of the insured is recovered every m th as premium and credited to Government, in consideration of which an wment bonus (according to a scale fixed by Government) is payable from revenues of the State on the insured completing 55 years of age or at his

death, if earlier. The premium on the life of an insured should not exceed Rs. 50 per month whatever may be his pay. The policy is granted under proper safeguards, such as the examination of the proposer by a competent medical officer, &c.

237. *Management.*—The business connected with the State Insurance Scheme was managed by a committee of the marginally noted officers with the Comptroller as Secretary. The accounts of the fund are audited annually by two Accountants of the Comptroller's or Public Works Examiner's Office, selected by the Committee.

1 Rajamanthra Pravina Mr. P. Chentsal Rao, C.I.E., till the beginning of 1895, when he was succeeded by Rajadharma Pravina Mr. T. R. A. Thumboo Chetty, C.I.E.
2 The Senior Surgeon, Mysore Government.
3 The Secertary to the Government of Mysore, Revenue and General Departments.
4 The Comptroller to the Government of Mysore.
5 A. Rangaswamiengar, Esq., B.A., B.L., Deputy Commissioner.
6 A. Sreenivasacharlu, Esq., R. B., Muzrai Secretary.

243. *Applications from Old Officials.*—When the scheme was inaugurated, there were 3,432 officials eligible for insurance. Of these 367 applied in the first year, 199 in 1892-93, 180 in 1893-94 and 198 in 1894-95.

244. *Number of Effective Policies.*—The total number of deaths up to end of June 1895 was 11. During the period in question, 19 policies were cancelled or otherwise forfeited on various grounds, such as failure on the part of the applicants to receive the policies within the prescribed time, refusal on their part to produce a fresh medical certificate, their dismissal from the service, and their consequent failure to pay the premia, &c. Exclusive of the policies that had lapsed for the reasons indicated above, there were, on the 30th June 1895, 1,214 effective policies assuring in the aggregate Rs. 12,65,746 and realising a monthly premium of Rs. 5,066. Of the 1,214 policies, 235 were for further insurance.

Municipal Administration.

[Note.—This report covers a period of four years and three months, the year 1891-92 consisting of 15 months from 1st April 1891 to the 30th June 1892.]

245. *Number of Municipalities.*—The number of municipalities at the end of 1890-91 was 98. Eight municipalities were constituted during the period of this report, thus raising the total number of municipalities to 106 at the end of 1894-95. The municipalities newly constituted were Sulibele, Saligram, Ramasamudram, Nonavinkere, Grama, Konanur, Sravanbelgola and Holavanahalli.

246. *Population.*—The following statement shows the number of municipalities arranged according to population:—

247. *System of Election.*—In April 1892 the system of election was introduced into the Cities of Bangalore and Mysore. The total number of Commissioners, inclusive of the President, Vice-President, and *ex-officio* members, was fixed at 22 for Bangalore and 24 for Mysore. Of these, half the number in each municipality was to be elected by the rate-payers, and the other half appointed by Government. It was ordered that to be qualified to be elected as a Municipal Commissioner, a person must—

(*a*) be of the male sex,

(*b*) have completed his 25th year,

(*c*) be literate,

(*d*) be resident within the municipal limits of the division for which the is to be elected, and

(*e*) have owned or occupied during the year preceding that in which election takes place a house of the rental value of Rs. 100 or have paid taxes due under the Regulation and Mohatarfa and Land tax within the limits of the Town in respect of such year to the aggregate amount of not less than Rs. 30 or of not less than Rs. 15 if he is a graduate of any University. Provided that when an undivided Hindu family has paid taxes amounting to Rs. 60 or has owned or occupied during the year preceding that in which election takes place a house of the rental value of Rs. 200, any one member thereof having the other qualifications required shall be eligible to be elected as a Municipal Commissioner; and further in order to be qualified to be elected as a Municipal Commissioner, he must not be, on the date of election

(*f*) one who has been convicted of an offence punishable under the Indian Penal Code with imprisonment for a term of not less than six months,

(*g*) one who has been declared an insolvent within two years preceding the date of election,

(*h*) one who is employed as a servant of the Municipality or

(*i*) one who has an interest otherwise than as a share-holder in a Joint Stock Company, in any contract made with or work done to the Municipality.

In order to be qualified to vote for election, a person must—

(*a*) be of the male sex,

(*b*) have completed his 21st year,

(*c*) be a resident within the limits of the division for which the member is to be elected, and

(*d*) have owned or occupied on his own account or rented as Secretary of a corporation for the year preceding that in which he votes, a house of the rental value of Rs. 30 or have paid taxes under the Regulation and Land tax and Mohatarfa in respect of such year to the aggregate amount of not less than Rs. 10, or of not less than Rs. 5 if he is a graduate of a University.

There were two elections in Bangalore, one in September 1892 and the other in July 1894, and two in Mysore, one in August and September 1892 and the second in March 1895. In both the cities, the seats were well contested and the electors evinced considerable interest in the elections.

248. *Nomination of Members.*—The members of all the other municipalities continued to be nominated by Government.

249. *Presidents of Municipalities.*—The Deputy Commissioner was the *ex-officio* President of all the municipalities in his district, except in the French Rocks Sub-Division, where the Sub-Division Officer was the President of the municipalities in the Sub-Division. For Bangalore and Mysore Cities, there were specially appointed Vice-Presidents, while in the remaining District Head Quarter towns, the officer in charge of the District Treasury was the Vice-President. The Amildar were Vice-Presidents for minor municipalities, except in the town of French where the Hospital Assistant in charge of the Local Fund Dispensary occupi position.

250. *Number of Members.*—The following table shows the number of members in the several municipalities in the State at the end of 1894-95 :—

254. Octroi duty was levied at different places on certain classes of goods in accordance with the instructions conveyed in Government Order No. 3362-73—Mun. 161, dated 27th September 1879.

255. *Government Share of Octroi and Mohatarfa given up.*—In 1893-94 the half-share due to Government out of Octroi duties levied on cocoanuts, betel-leave and tobacco (on which sayer duties were formerly being levied) was given up to the municipalities levying them. In October 1894 the Government ordered the transfer of its half share of House and other Mohatarfa taxes levied within municipal towns to the municipalities concerned, on condition of their bearing a portion of the cost of primary and secondary vernacular schools maintained therein. This accounts for the increase shown in 1894-95 under these heads.

256. *License Receipts.*—The bulk of the revenue under License Receipts is realized in Bangalore and Mysore from licenses issued for sale of spirituous liquors.

257. *Taxes on Carriages and Animals.*—Carriages and animals are taxed only in the city of Mysore. The sums recovered vary widely during the four years and the explanation given is that a number of carts and animals plying within municipal limits and brought under taxation during 1891-92 were exempted from the tax, and that arrears of the tax had to be given up owing to the whereabouts of cart owners not being traceable.

258. *Incidence of Municipal Taxation.*—The income derived under all heads during the four years and three months ending 30th June 1895 amounted to Rs. 22,13,394, which being distributed over the municipal population according to the census of 1891 amounts to Rs. 4-1-5 per head. Of this, a sum of Rs. 1-3-11 was realized from indirect taxation (octroi, liquor and license fees) and Rs. 1-6-9 from direct taxation (House and Mohatarfa taxes). The average incidence of taxation per head of the population per year amounted to 15 annas 4 pies.

259. The income of municipalities having a population of 5,000 and upwards was as follows :—

The increase in 1893-94 and 1894-95 under Head Office expenditure was due mainly to the appointment of Vice-Presidents for Bangalore and Mysore. The decrease under Police in 1894-95 was due to all the municipalities having been relieved of the cost of maintaining the Police.

261. The following table shows the expenditure in municipalities having a population of 5,000 and upwards:—

Municipalities having a population of 5,000 and upwards.	1891-92	1892-93	1893-94	1894-95

265. *Dispensaries for Women and Children.*—With the view of providing facilities for women whose social habits do not allow them to resort freely to the hospitals open to the general public, the Government sanctioned the establishment of six dispensaries for women and children with lady doctors at each of the District Head-quarter towns of Chikmagalur, Kolar, Shimoga, Chitaldrug, Tumkur and Hassan. At the end of 1894-95 there were thus special hospitals for women in all the District Head-quarter towns, in charge of qualified ladies as Assistant Surgeons or Hospital Assistants.

266. *Hindu and Unani systems of Medicine.*—To meet the wants of those who wish to avail themselves of the indigenous mode of treatment, a dispensary under the supervision of a Hospital Assistant was opened in Mysore in 1892-93. It provides medicines under the Hindu and Unani systems of medicine, and was largely resorted to.

267. *Education.*—The Municipality of Bangalore maintains an Anglo-Vernacular Middle School which is attended by a large number of boys and shows good results at public examinations. The strength of the school in 1894-95 was 715 with an average attendance of 610, and the amount of school fees realised in that year was Rs. 4,841. The expenditure incurred from municipal funds on account of the school was Rs. 5,410.

The Sanskrit College at Bangalore was taken over by Government and treated as a Government Institution with a grant-in-aid of Rs. 600 from the municipal funds of Bangalore.

268. The cost incurred by municipalities on account of education is given in the following statement:—

The decrease in the Kadur District in 1894-95 was due to reduction in the contributions payable by municipalities, in consequence of the transfer during the year of schools in which the English language is taught to the Educational Department, and to certain charges of the year not having been adjusted before the expiry of the year.

269. *Total Expenditure.*—The expenditure under all heads during the period under report amounted to Rs. 20,65,090, or Rs. 3-13-1 per head of the population, of which Rs. 1-4-9 was spent on Public Works, Re. 0-12-11 on Conservancy, and the rest on Lighting and other charges. The average per head of the population per year amounted to 14 annas 4 pies.

270. *Closing Balance.*—The closing balance in favor of the several municipalities in the State at the end of 1894-95 was Rs. 3,89,394.

271. *Loans to Municipalities.*—During the period under report a sum of Rs. 19,317 was, as shown in the statement given below, lent to municipalities to enable them to carry out improvements in regard to drainage, water-supply, sanitation, &c. Of the loans granted during the previous five years, from 1886-87 to 1890-91, a sum of Rs. 15,513 was due to Government. Rs. 12,668 was recovered from the municipalities, and Rs. 22,162 remained unpaid at the end of 1894-95.—

It is reported that in some of the minor municipalities the returns relating to births and deaths were not regularly submitted; and the *nil* entries against the Kadur District and the French Rocks Sub-Division must be due to this cause.

Military.

[Note.—The present report covers a period of 4 years and 3 months from 1st April 1891 to 30th June 1895, the first year 1891-92 being composed of 15 months from 1st April 1891 to 30th June 1892.]

273. *Military Force.*—The Mysore Force was composed of 2 Regiments of Cavalry and 3 Battalions of Infantry.

274. *Command.*—Lieutenant-Colonel A. H. Macintire of the Indian Staff Corps held, as Military Secretary, the command of the forces during the period of report, except when he was on furlough for six months from the 20th of January 1892. During this interval Captain R. G. Jones, Inspecting Officer, Mysore Imperial Service Cavalry, acted in the place of Lieutenant-Colonel Macintire.

275. *Strength of the Forces.*—The total strength of the forces inclusive of all ranks, as it stood at the end of 1894-95, is compared below, with what it was at the beginning of 1891-92 :—

	On 1st April 1891.	On 30th June 1895.

277. *The Imperial Service Corps.*—The most important change made during the period of this report was the formation on the 1st of April 1892 of the Imperial Service Corps. The 2 Cavalry Regiments of the Mysore Horse were broken up and formed into 2 corps, one for Imperial and the other for Local Service. The Imperial Service Corps is kept in a continual state of efficiency, ready for immediate active service anywhere, and is placed on a par with the Imperial Native Cavalry in the matter of pay and discipline, and also in the furnishing of saddlery and accoutrements, camp equipage, and transport.

278. *Number of Commissioned and Non-Commissioned Officers, &c.*—The following statement shows the number of Commissioned and Non-Commissioned Officers, rank and file, &c., attached to the Cavalry and Infantry, at the end of each year :—

279. *Military Probationers.*—During the period under report, 6 Military Probationers, selected from respectable families, were attached to the Imperial Service Regiment, 1 supernumerary Jamadar was attached to the Local Service Regiment, Cavalry, and 3 Jamadars to the Infantry. Of these ten 6 were Arsus, 1 was a Brahmin, 1 a Maharatta, 1 a Muhammadan and 1 belonged to a Pallegar family.

280. *Riding School.*—There were 2 Riding Schools, and they did good work in the training of recruits and young horses. 201 recruits and 270 remounts were discharged qualified from the schools during the period under report.

281. *Drill.*—The Imperial Service Regiment was regularly drilled by the Officer commanding the Regiment, aided by drill inspectors, under the supervision of the Inspecting Officer of the Imperial Service Regiment, and it took part in several Cavalry Brigade parades &c. held in Bangalore by British troops. Mr. T. T. Leonard, of the Bangalore Rifle Volunteers, was appointed to superintend the drilling of the Mysore Infantry from 1st July 1894.

282. *Musketry Practice.*— One Commissioned and two Non-Commissioned Officers of the Imperial Service Regiment were sent to the Musketry School at Meerut in 1892-93 to undergo a thorough training in musketry. They passed very creditably and, on their return, were employed as Instructors of Musketry in the Imperial Service Regiment. In 1893-94 the whole of the Imperial Service Regiment, with the exception of the 8th Troop, went through the annual course of musketry under the superintendence of the Inspecting Officer. The 8th Troop completed its musketry practice, and the 1st and 2nd Troops and a squad of recruits also completed their annual course in 1894-95. In October 1894 again, 2 Jamadars of the Imperial Service Regiment were sent to the school at Meerut, and they obtained certificates of efficiency.

283. *English School.*—A school in connection with the Imperial Service Regiment was opened on the 1st of August 1894 for the instruction of recruits and sawars in English with a view to their being employed as signallers. The class was 30 strong on the date of opening, and it was supplied with heliographs and other necessary signalling apparatus. The strength of the school was 39 at the close of the year, and the average attendance was 33.

284. *Distribution.*—Of the 2 Regiments of Sawars, one, the Imperial Service Regiment, had its head-quarters at Bangalore with detachments in the Kolar and Tumkur Districts ; the other, the Local Service Regiment, had Mysore as its head-quarters with detachments in the Shimoga and Chitaldrug Districts. Of the 3 Battalions of Infantry one was stationed at Shimoga with detachments in the Chitaldrug, Kadur, Hassan and Shimoga Districts ; another at Bangalore with detachments in the Kolar and Bangalore Districts ; and the third at Mysore with detachments in the Mysore and Tumkur Districts.

285. *Reliefs and Movements.*—In September 1892 a detachment of the Imperial Service Regiment was ordered to go to Mysore on the occasion of the Dasara. Again in November of the same year 15 Commissioned and 32 Non-Commissioned Officers and 319 rank and file of this regiment were sent to Mysore to assist in the arrangements made for the reception of H. E. the Viceroy. In July 1893 a Troop of this Regiment went to Mysore for musketry practice. During 1893-94 the 1st Battalion of Infantry stationed at Shimoga was transferred to Bangalore, the 2nd from Bangalore to Mysore, and the 3rd from Mysore to Shimoga. Lastly, in January 1895, a detachment of this corps, numbering in all 165, was sent to Mysore on the occasion of the Installation of His Highness the Maharaja. On the last occasion a detachment of Infantry comprising of 4 Commissioned and 8 Non-Commissioned Officers and 66 rank and file, &c. was also sent to Mysore.

286. *Clothing, Arms, &c.*—The uniform of the Imperial Service Regiment was altered in 1894-95 from scarlet blouse to dark blue tunics, with white lappels, facing and piping and yellow and red striped belts, similar to those worn by Her Majesty's XII Lancers. The pattern of the khaki coat was also alter
is similar to that worn by the 3rd Madras Lancers. The Non-Comm
Officers and men of the Imperial Service Regiment were given their fi
free of cost, as a special concession.

During 1892-93, 600 saddles of the Cavalry pattern were obtained from England and 600 Mackenzie sword belts from the Cawnpore Factory and issued to the Imperial Service Regiment. Towards the close of 1894-95, 560 Martini-Henri carbines were obtained from the Arsenal at Madras and distributed to this Regiment. New pattern lance heads and sockets, 600 in number, were also received during that year for distribution among the men of the Regiment.

287. *Inspection.*—The Imperial Service Regiment was inspected by Colonel Melliss, the British Inspecting Officer. His Excellency the Viceroy and Governor-General of India inspected a detachment of this Regiment at Hinkal, during his visit to Mysore in November 1892, and expressed himself well-pleased.

288. *Remounts.*—The Stud Farm at Kunigal for the supply of remounts to the Silledar forces of Mysore was duly maintained by Government. At the beginning of the period under report there were 154 foals, and during the period 217 were born and bred at the farm, making a total of 371. Of these, 117 were transferred to the ranks, and 38 to the Transport Service, 11 were sold, 13 were brought on the register of brood mares, and 43 died or were destroyed, leaving 149 at the farm on the 30th June 1895. There were 11 stallions in the Farm on that date.

289. *Transport Service.*—The establishment of a separate Transport Service in connection with the Imperial Service Regiment was sanctioned in 1892-93, and there were at the close of the period under report 229 ponies maintained for this purpose.

290. *Pay and Pension.*—On the formation of the Imperial Service Corps in April 1892, the pay of every Sawar and Non-Commissioned Officer of the Regiment was raised by one rupee, and an addition of one rupee, as grade pay, to be granted after three years of good behaviour, was also sanctioned. Again in April 1894 a revised scale of pay and allowances for the officers of this Regiment was sanctioned. The pay of a Troop Officer or Jamadar was raised from Rs. 50 to 80, that of a Troop Commanding Jamadar from Rs. 50 to 90 and that of the Adjutant or Sarzafardar from Rs. 60 to 90. An allowance of Rs. 20 was granted to each of the 4 Squadron Commanding Rissaldars with an additional allowance of Rs. 50 to the Second-in-Command.

In July 1894 the scale of pay of the members of the Infantry Corps was revised as shown in the subjoined statement, the total increase of annual expenditure on this account being Rs. 20,718 :—

CHAPTER IV—PRODUCTION AND DISTRIBUTION.

Season and Rainfall.

295. *Deficiency of Rainfall in 1891-92 and Relief Measures.*—The year 1891-92 was one of deficient rainfall; the South-West Monsoon, except near the Western Ghats, was weak and of short duration; and the North-East Monsoon was likewise deficient. The results were a deficiency of the dry and the early wet crops depending on the South-West Monsoon, and failure of crops under tanks dependent on the North-East Monsoon, scarcity of fodder and serious water drought in many places on account of failure of springs. There was a considerable rise in the prices of food grains owing to large exports to places affected beyond the limits of the State, and the situation was so critical that the Government deemed it necessary to take special precautions to guard against a recurrence of the disastrous experiences of the previous famine. The various measures of relief adopted were:—the throwing open of 76 Amrut Mahal pasture lands and Government plantations and forests to cattle of agriculturists for grazing; allowing the cultivation, on easy terms, of tank-beds which retained a certain degree of moisture, with quick-growing crops for fodder and food, about 10,000 acres being thus brought under cultivation; deepening old and digging new wells for drinking water; the repair of about 600 village tanks at an estimated cost of Rs. 2,70,000, so as to provide easy means of relief to poor landless classes in villages; gratuitous relief in the large cities of Bangalore and Mysore; advances to weavers on the principle of purchasing their manufactures for re-sale by Government; special relief to village servants (totis and talavars) by employing them to watch the high-roads on a monthly salary; loans for the construction of irrigation wells to the amount of $2\frac{1}{2}$ lakhs; and the remission of one half of the assessment on all wet lands under tanks which lay waste or could only be cultivated with dry crops and one half of the quit-rent on all Service Inam lands of the minor village servants and the Mohatarfa house tax of the poorer landless classes, amounting in all to about 4 lakhs.

296. *Rainfall, &c., in succeeding years.*—Fortunately however the season of scarcity did not develope into a famine; and the early and copious rainfall of the South-West Monsoon generally throughout the State in 1892-93 enabled the Government to discontinue the relief measures, which were being carried out in parts of the Districts of Chitaldrug, Tumkur, Kolar and Bangalore. The North-East Monsoon however was scanty in that year. In 1893-94, in the Maidan parts, the rainfall was a little more than the average; while in the Malnad, it was below the average. On the whole however, the rain was sufficient and seasonable. The year 1894-95 was one of average and sufficient rainfall.

1. Average Rainfall.—The average rainfall for the whole State is given in owing statement. The cold weather months (December to March) have little or no rain. April and May are the months of the pre-monsoon or

mungar rains. From June to September we have the South-West Monsoon, and in October and November the North-East Monsoon or *hingar* rains occur.—

298. The District averages as ascertained from the returns furnished by the Deputy Commissioners were:—

299. *Registering Stations.*—Statistics of rainfall from stations which are the Head-quarters of Districts, Taluks and Sub-Taluks are published monthly in the *Mysore Gazette*. The number of such stations was 76 at the end of 1890-91 and 77 at the end of 1894-95. There were besides 78 registering stations, located at certain important villages and 20 in certain Coffee Estates. The observers at several stations being minor revenue or Police officials their reports may not be strictly accurate, but when the observations are spread over a large area and taken for a number of years, the average result may be taken as a fair approximation to fact for practical considerations.

300. *Average for 25 Years.*—The Director of Meteorology in Mysore has compiled instructive tables of average rainfall in his reports for 1893 and 1894, The average for the 25 years (1870-94) is given below by Districts:—

Bangalore	29·47
Kolar	27·35
Tumkur	24·94

Agriculture.

301. *Director of Statistics and Agriculture.*—Mr. L. Ricketts was D of Statistics and Agriculture up to May 1892 when Mr. R. Vijayendra Ra entrusted with the special duty of compiling statistical information. Office of Director of Statistics and Agriculture was abolished from that da

all returns and reports submitted till then to that officer were ordered to be submitted to the Officer on Special Duty. The work of experimental cultivation, and cattle and pony breeding operations remained under the Inspector General of Forests. On Mr. Vijayendra Rao's death in 1894, Mr. V. N. Narasimmiyengar was directed to take charge of the special duty, and the work was under his control till his appointment as General Secretary to Government in March 1895.

302. *Land under Cultivation.*—The extent in acres of Government lands under occupation for purposes of cultivation during the period of report is given below under the recognized heads of dry, wet and garden; coffee, and cardamom and cinchona being shown under separate heads:—

	1890-91	1891-92	1892-93	1893-94	1894-95

Percentage of increase in each year...	1·18	1·47	3·63	4·80	2·25

303. *Increase of Cultivation.*—The total area under occupation in 1880-81 was 3,938,908 acres, and at the end of 1894-95 there was an increase of 60 per cent over this. The largest area occupied before 1880-81 was 4,231,826 acres in 1875-76, after which there was a falling off in consequence of the famine. This figure was again reached only in 1882-83. The percentages of increase have been varying somewhat widely since then, though the progress has been uninterrupted. It was 4·7 in 1883-84, while in 1884-85 the increase was about 2 per cent. In the next two years there was an increase successively of 5·5 and 5·7 per cent, but subsequent years showed slighter increases, the percentages falling to 1·18 in 1890-91 and 1·47 in 1891-92. In 1892-93 the percentage of increase was 3·6, in 1893-94, 4·8 and in 1894-95, 2·25.

The above figures apply only to those lands which are held from Government on money assessment. It is likely that a large proportion of these lands is actually cultivated annually, but the exact area under cultivation each year cannot be accurately ascertained. No reliable account is available of the extent of alienated lands occupied for purposes of cultivation or cultivated.

304. *Areas under different Crops.*—The following statement gives the areas in which important crops were raised during each of the years under report, as ascertained from the village pahani accounts:—

Taking the figures of 1894-95, the percentage of unoccupied assessed land to occupied land was 18·78 in the Bangalore District, 44·50 in the Kolar District, 44·23 in the Tumkur District, 6·74 in the Mysore District, 18·74 in the Hassan District, 32·05 in the Shimoga District, 25·18 in the Kadur District and 36·94 in the Chitaldrug District.

306. *Transfers of Holdings.*—The following statement shows the transfers of occupancy effected either by order of court or by private contract and reported to Revenue Officers for mutation of names in the occupancy registers :—

The form of return of prices was altered by the Government of India, and the adoption of the new forms has necessitated the removal of certain of the articles mentioned in the previous report.

The average prices of the more important food grains, as given in the fortnightly returns published in the Gazette, in seers per rupee were :—

308. *Wages of Labour.*—Rates of wages in the rural parts are chiefly governed by custom, and variations are rare and come about very slowly. But in certain localities a large demand for labour has arisen, and rates of wages have risen to a much higher level than formerly, and are likely to be kept up. The coffee plantations in the Malnad, Gold Mining in Kolar, and large engineering works and building works in the larger cities have mainly contributed to the improvement in the condition of the labouring classes in the tracts referred to. The wages of skilled labour are said generally to vary between 8 annas and 1 rupee a day, and of unskilled labour to vary between a minimum of 2 to 4 annas a day and a maximum of 4 to 8 annas a day.

309. *Agricultural Stock.*—In 1891-92, on account of severe drought in many places, cattle suffered from insufficiency of fodder and water. In February 1893 murrain was prevalent in the Hassan District; and in March and May of the same year foot and mouth disease prevailed in parts of the Kadur District. During the next year murrain made its appearance in parts of the Mysore District, foot and mouth disease in parts of the Kadur District, and throat disease in parts of the Tumkur District. In 1894-95 murrain prevailed for some time in the Hassan, Kadur and Chitaldrug Districts.

The return of live-stock as compiled from the yearly khaneshumar village accounts is given below :—

Years.	Cows and bullocks.	Horses.	Ponies.	Donkeys.	Sheep and goats.	Pigs.	He and she buffaloes.	Ploughs.	Boats.	Carts.

310. *Loss of Cattle.*—Loss of cattle during each of these years is reported to have been as follows :—

Years.	Cows.	Bulls and Bullocks.	He-buffaloes.	She-buffaloes.	Sheep and Goats.	Horses and Ponies.	Asses.	Total.
1891-92	79,460	40,359	10,349	18,937	78,838	1,626	2,591	232,160

311. *Measures for the Improvement of Live-stock.*—Raiyats were allowed the use for breeding purposes of Amrut Mahal bulls at a small charge, and the sale to them of such bulls on favorable terms was ordered. These concessions were attended with some success in the Tumkur and Mysore Districts. In 1893-94, 5 Amrut Mahal bulls were supplied to each district at the cost of "District Funds." In 1894-95 an officer was deputed to investigate into the subject of the various breeds of cattle, and as a result, a revised and enlarged edition of the work "Mysore Cattle" was published.

To improve the breed of sheep, some Australian rams of superior breed with rich and fine wool were imported and kept in Bangalore. The experiment has been attended with some degree of success, and a number of cross-bred animals has been distributed by sale at various places.

Some attempt has been made to improve pony breeding by locating Arab stallions in different places, and by inducing owners to castrate inferior country-bred ponies. The operations have yet been very limited in scope, and, except in the Mysore District, have not produced any appreciable results.

312. *Agricultural Experiments: Potato Seed.*—Certain agricultural experiments were carried on year by year by the Superintendent of Government Gardens. The most interesting of these were the introduction of fresh potato seed from England, and the growth of new species of fruit and other trees. The results of the importation of seed-potato were on the whole satisfactory, though the consignment of seed received in 1892-93 was all rotten, and the return in 1894-95 was not quite encouraging. The conclusion derived from local experience seems to be that imported seed deteriorates soon and does not compare favorably with acclimatised seed; but the experiment of importing seed from outside the State seems to be desirable on account of the chance it affords of bringing in valuable varieties, which may be propagated locally.

313. *Coffee in Maidan Tracts.*—The initial experiment of growing coffee in the Maidan was started at Rochdale Park near Bangalore by Mr. Meenacshayya, and since then others have begun to plant coffee in Maidan tracts.

314. *New Fruit Trees.*—In 1892-93 new fruit trees, the American Dewberry and the *Bhere* fruit, a variety of *Yalachi-kayi*, were planted at the Lal-Bagh. An improved variety of what is known as *Parangi kayi* (*Carica Papaya var*) was established in the Lal-Bagh and gave a fine crop of superior fruit. The seedless bread-fruit planted in 1887-88 gave its first crop of fruit in 1892-93. A new variety of apple (Kentish Fill-basket) was received and planted in the nursery at Nundydrug and in the Lal-Bagh. In 1893-94 a number of exotic varieties of peaches, pears, plums, apples, vines and strawberry plants was procured from England. The vines were distributed for growth in the local gardens of Bangalore and the Darya Dowlat Bagh, and the trees planted in the nursery in Nundydrug. A collection of plants or cuttings of the grape-vine from Kashmir was received and planted in Bangalore and Seringapatam. The granadilla (*Passiflora quadrangularis*), a West Indian fruit, was tried and has fruited freely; and a number of new varieties of fruit has been planted on trial.

315. *Other Plants.*—Experiments were carried on with varying degrees of success in connection with plants of economic or ornamental value. Certain new varieties of cotton of good fibre and bright colour were grown by way of experiment, and the Superintendent had seed ready for local distribution. In 1892-93 plants of Sisal Hemp, from which a valuable kind of fibre can be extracted, were imported from Florida, and the success with which they have been planted and reared shows that the species will thrive well here. Roots of *Bhabhar* grass, which is considered the best indigenous material for paper-making, were received and planted in 1893-94. Some new varieties of roses and other flowers and some rare trees for avenue planting such as *Sterculia alata* were also raised.

Loans in aid of Agriculture.

316. *For Irrigation Wells.*—On account of the unfavorable nature of the season in 1891, special officers were appointed to make advances under the rules framed by Government for granting loans to raiyats to enable them to sink wells in their lands for irrigation purposes. Advances to the amount of Rs. 2,79,008 were sanctioned in 1891-92. And of this sum (payable by instalments according to progress of work shown) Rs. 7,227 was paid to raiyats within the

The loans sanctioned amounted in 1892-93 to Rs. 49,050, in 1893-94 to Rs. 42,135 and in 1894-95 to Rs. 43,339. The amounts actually paid were Rs. 29,280 in 1892-93, Rs. 20,747-8-0 in 1893-94, and Rs. 13,334-8-0 in 1894-95. Deducting the sums recovered and amounts of loans cancelled, the total amount of these loans outstanding at the end of 1894-95 was Rs. 2,58,644.

317. *For Saguvali Kattes.*—For the improvement of *Saguvali Kattes* in the Chitaldrug District (*i. e.* embankments of earth intended to retain moisture in dry lands) advances were made under similar rules, the total amount advanced during the period under report being Rs. 42,684, and the amount outstanding at the end of 1894-95, Rs. 35,987.

318. *Under General Provisions of the Land Improvement Loans Regulation.*—Under the general provisions of the Land Improvement Loans Regulation, loans were sanctioned as follows :—

	Rs.		Rs.
1891-92	... 1,600	1893-94	... 10,500
1892-93	... 5,700	1894-95	... 10,000

The amount outstanding under this head was Rs. 21,054 at the close of 1894-95.

319. *To Relieve Encumbered Estates of Inamdars.*—Loans were given on the security of encumbered estates of inamdars as follows :—In 1891-92 Rs. 1,07,356 to 3 Inamdars ; in 1892-93 Rs. 55,000 to 4 Inamdars ; in 1893-94 Rs. 16,000 to 1 Inamdar ; and in 1894-95 Rs. 1,11,000 to 4 Inamdars. The amount outstanding under this head at the close of the period was Rs. 2,30,200.

Agricultural Banks.

320. *Object of the Scheme.*—With a view to enable agriculturists to raise loans at reasonable rates of interest for agricultural purposes, a scheme was drawn up and placed before the Members of the Dasara Assembly of October 1894, the essential principles underlying which were—

(i) Every bank to be an association of landholders, formed on strictly co-operative principles, and enlisted on the basis of mutual confidence arising from the mutual information of each other's character and resources. The object to be the common benefit of cheap credit and not the earning of divisible profits.

(ii) There should be no share capital, the funds required for the bank being obtained by means of loans raised or deposits received.

(iii) The members to contribute their liability only. They will be at full liberty to limit this liability by prescribing a maximum for each individual loan or for the sum total of all loans, or to resign at any time and thus escape from further liability.

(iv) The funds raised by the bank to be lent only to its members at such moderate rates of interest as will leave the bank a small margin for the actual expenses of management and for the gradual formation of a reserve fund.

(v) The affairs of the bank to be managed by a body elected from among the members themselves and giving their services gratuitously. And

(vi) No loan to be made except for an approved purpose, such as some agricultural operation which, with ordinary care, may be expected to yield enough to repay the loan and to leave some profit for the borrower.

321. *Grant of aid by the State.*—In Proceedings dated 2nd December 1895, the Government offered to grant loans to Agricultural Banks within reasonable limits at 4 per cent per annum. The prescribed form of the articles of association contains the rules and limitations under which the banks should carry on their transactions. Four classes of loans may be granted, *i. e.*, (1) on the security of immovable property, (2) on joint pro-notes, (3) on joint instalment loans, and (4) on mu-badala agreement or " hand loans." It was provided that no loan of class (4) should exceed Rs. 50 and that loans of other classes should not exceed Rs. 1,000. It was further provided that no member should be indebted in a larger sum than Rs. 2,000 at a time ; and that cases requiring special treatment should be reported to Government for orders. In order to guard against the funds of the bank being diverted to other than agricultural purposes, one of the rules prohibits loans being made for any but an approved purpose connected with an agricultural operation.

322. *Relation of Government with such Banks.*—Notwithstanding the fact that the capital of these banks is for the present mainly supplied by Government, it must be noted that the Government is merely in the position of a lender or depositor. The object of the banks, according to the memorandum of association, is not general banking business, but the relief of agricultural indebtedness by lending money to individual members at moderate rates of interest out of funds raised by means of the united credit of all the members. So, no share-capital is raised ; and the transactions are limited only to the members, thus virtually giving each individual member the benefit of the united credit of the whole body, whereby loans might be had on lower rates of interest.

323. *Banks started.*—Two banks were started under this scheme before the close of the year 1894-95. In Palhalli, Seringapatam Taluk, 16 members united together and began work in November 1894 with a loan of Rs. 16,000 from Government. Subsequently they obtained a deposit of Rs. 1,400 from two of the members ; the number of members was raised to 67 in June 1895, and a further loan of Rs. 14,000 was granted by Government. The next Bank was started at Kyatanahalli in the same Taluk in December 1894, with 19 members and a loan of Rs. 19,000 from Government.

Horticulture and Public Gardens.

[Note.—The report covers a period of 4 years and 3 months, the year 1891-92 being composed of 15 months from 1st April 1891 to the 30th June 1892.]

324. *Public Gardens.*—The Lal-Bagh and the Cubbon Park at Bangalore, the Gordon Park at Mysore, and the Daria Dowlat Bagh at Seringapatam, are the Public Gardens maintained as such under the management of Mr. J. Cameron, Superintendent, Government Gardens, Bangalore. A Curator was appointed in 1891-92. His term of engagement expired on the 26th December 1894, but his services were utilised till the close of 1894-95, when he was appointed Superintendent of Government Gardens, Nagpur. An Overseer was appointed in 1891-92 for the Lal-Bagh. The Gordon Park came under the management of the Superintendent in 1894-95, and is looked after by an Overseer, a passed student of the Saidapet Agricultural College, trained in the Lal-Bagh in practical gardening. The area of the Lal-Bagh (also known as the Government Botanical Gardens) was enlarged. During the year 1891-92 a site covering an area of 13 acres of rock, called the Mantapam Rock, commanding a fine view of the gardens and the adjacent City, and in 1894-95 a further area of $9\frac{1}{2}$ guntas, were added.

325. *The Use of the Lal-Bagh.*—The garden was resorted to very largely by the public both from the City and from other places for pleasure. No regular record is kept, but the Superintendent estimates the number of yearly visitors at over 200,000. The opening of the Hindupur Railway has contributed to enlarge the number ; and the acquisition of an ourang-outang brought very large crowds for some considerable length of time in 1892.

326. *Objects served.*—The other purposes served are experimental cultivation, training of practical gardeners, exchange of new and interesting specimens of plants with various foreign gardens and institutions, and the holding of Horticultural Shows. Six boys of the gardeners' class were taken as apprentice gardeners; scholarships were awarded to them for three years at Rs. 4 a month the first year, Rs. 5 the next year and Rs. 6 the last year. Three of them fell off in the middle, and three completed their training.

327. *Additional Structures.*—An ornamental exhibition building of iron and glass was finished in 1891-92 at a total cost of Rs. 75,000. This has added considerably to the attractions of the place. Some additions were made to the Superintendent's quarters in 1891-92, and a set of quarters for the Curator was built in 1892-93. The entrance gate was improved and certain additional structures were constructed for birds and beasts in 1892-93.

328. *Menagerie.*—A notable loss was that of the rhinoceros, which died in 1893. It was of a species somewhat difficult to replace. The additions were some monkeys and a pair of Shan bears.

329. *Distinguished Visitors.*—In 1891-92 the garden was visited by His Highness the Gaekwar of Baroda and by His Highness the Raja of Kolhapur. In November 1892 an entertainment was given in the Lal-Bagh in honor of the visit of His Excellency the Viceroy and Governor General of India to Bangalore.

(Departm... Accession No.... 1477

330. *Horticultural Shows.*—In the year 1893-94, both the summer and winter shows were held, but in the other three years, owing to scarcity of water, only the summer show was held. The collections were as follow: in 1891-92 Rs. 489, in 1892-93 Rs. 450, in 1893-94 Rs. 623 and in 1894-95 Rs. 533. The cost of these shows was Rs. 842 in 1891-92, Rs. 809 in 1892-93, Rs. 1,500 (for two shows) in 1893-94 and Rs. 916 in 1894-95.

331. *Construction and Repair.*—The roads and buildings were well maintained, and the cost under the head "Construction and Repair" was Rs. 4,690 during the period under report.

332. *Receipts and Disbursements.*—The receipts and expenditure in connection with the Lal-Bagh are shown in the following table :—

	Receipts Rs.	Expenditure Rs.	Net Cost Rs.
1891-92 (15 months) ...	2,779	25,501	22,722
1892-93 ...	2,348	22,589	20,241
1893-94 ...	2,217	23,680	21,463
1894-95 ...	2,436	23,421	20,985

The above receipts represent actual cash payments for plants, seeds, and garden produce, sold to the public, and do not include the value of gratis issues to Government, charitable institutions, and other gardens, which during the four years amounted to Rs. 5,490.

333. *Cubbon Park.*—This popular ground was well maintained and certain minor improvements (such as addition of plants, and railing of ground round the statue) were effected. The receipts and expenditure from this Park were as follows : —

	Receipts Rs.	Expenditure Rs.	Net Cost Rs.
1891-92 ...	651	1,837	1,186
1892-93 ...	990	1,691	701
1893-94 ...	340	1,427	1,087
1894-95 ...	324	1,420	1,096

FORESTS.

[NOTE—The present report embraces a period of 4 years and 3 months, the year 1891-92 being composed of 15 months from 1st April 1891 to 30th June 1892.]

334. *Control.*—Mr. L. Ricketts held the office of the Inspector General of Forests and Plantations throughout the period under report.

335. *Revision of the scale of Superior Officers.*—The scale of superior officers in the department was revised in December 1894; it was to consist of 3 Deputy Conservators in three classes (at Rs. 600, Rs. 500 and Rs. 400 respectively) generally for the charge of each of the important Forest Districts of Mysore, Shimoga and Kadur; 9 Assistant Conservators arranged in three grades (at Rs. 300, Rs. 250 and Rs. 200 respectively); 4 Sub-Assistant Conservators at Rs. 100 to Rs. 150; and an Extra Assistant Conservator on Rs. 150 for duty at head-quarters.

336. *Uniforms.*—In October 1893 the Government sanctioned uniforms for the subordinate executive staff, and ordered clothing and accoutrements to be supplied at Government cost to Forest watchers, Sandal kolkars, and peons employed under Forest Rangers and Forest Surveyors.

337. *Rules Passed.*—The Rules passed during the period under report were:—

1. Revised Rules for the sale of sandalwood by public auction.
2. Revised Rules for the sale of timber and bamboos by public auction,
3. Rules defining more fully the privileges of raiyats in unreserved forests in the Malnad Districts of Shimoga, Kadur and Hassan in respect of wood and bamboos required for their agricultural purposes and buildings.
4. Notification amending "Kan" Rules.

338. *Reserved Trees.*—The number of the reserved kinds of trees remained the same as at the close of 1890-91.

339. *Reserved Forests.*—The number of Reserved Forests, exclusive of those abandoned, rose from 70 in 1890-91 to 72 in 1891-92, to 81 in 1892-93, to 83 in 1893-94 and to 88 in 1894-95. The following statement shows the area of the Reserved Forests:—

Year.	Area already reserved.		Area added during the year.		Area excluded or transferred.		Total.

Total ...	88	1,654 57/120	10,58,864 7/20

341. *Plantations.*—In 1891-92 there were 253 Plantations with a ground area of 56,705 acres. In the returns for subsequent years the ground area is not given, and the number of plantations has varied. In 1894-95 there were 196 plantations with an area of 21,791 acres stocked as follows:—

	Number.	Area stocked.
In charge of Plantation Branch	... 59	14,556 acres.
Do Forest Department	... 97	5,647 do.
Do Revenue Department	... 40	1,588 do.

342. *Survey.*—In 1891-92, 35,867 1/4 acres of forests and plantations were surveyed. In 1892-93, 59 miles of demarcated boundary lines in the Shimoga District, 5 square miles of Kakankote Forest, and 926 acres of plantations in the Mysore District were surveyed. During 1893-94, in the Shimoga District, the topographical survey of Sakrebail State Forest, having an area of 24 square miles, was completed and mapped on 4-inch scale; the Hale Sorab and Bhadrapur plantations, with an area of 190 1/2 acres, were surveyed and drawn to a scale of 20 inches; and the boundaries of Shankar, Purdhal and Gangavanasara State Forests, a total distance of 70 3/4 linear miles, were traversed and drawn to a scale of 4 inches; in the Kadur District, the Yemmedoddi Amrut Mahal Kaval, 16,339 acres or about 25 1/2 square miles in extent, was surveyed, and also the District jungle of Kotnagundi (411 acres) near Lakvalli Plantation; and in the Mysore District the detail survey of Kakankote State Forest and of the Hampapur sandal reproduction block was completed. During 1894-95, in the Kolar District, the plane table traverse of the demarcation line of Kamasandra forest, a length of 65 miles, was completed, as also the detailed survey of 30 square miles of this forest, the survey of Blocks II and III of Narasimhadevarabetta Forest was completed, and the same was plotted and 22 miles of Block IV were traversed; in the Mysore District the detailed survey of Metikuppe State Forest was completed; and in the Shimoga District, 29 miles and 1 furlong of demarcation lines around Umblibail and Masur State Forests were traversed, and detailed survey was made of 9 square miles of Chornyedahalli State Forest, of 1 1/2 square miles of Kumsi (Kumadevati) Plantation, and 83 acres of Nagarbhavi Plantation.

343. *Cost of Survey.*—The following statement shows the cost of Survey :—

1894-95 ...	1,528	449½	1,416	394½	19,026	92·65

347. *Natural Reproduction.*—Aid to natural reproduction was afforded by felling timber and other trees on coppice principle, by stocking to a small extent vacant sites in forests, and by protecting forests from fires during the hot season; and thinning, pruning and cutting operations to improve the growth of trees were attended to.

348. *Artificial Reproduction.*—The operations under this head are diversified as they are conducted on different methods, *i. e.*, by raising nursery seedlings and planting them out in regular plantations, or on a small scale in open parts of forests, sowing seeds in patches or holes as well as in ploughed up areas or under bushes. The following is a summary of the work done during the 4 years of the report.

349. *Sandal Reproduction.*—The agency of the Revenue Department is being utilized as far as possible for the propagation of sandal. In 1891-92 the Forest Department supplied 16 cart loads of sandal seed to the Amildars in the Shimoga District, but owing to insufficient or untimely rains the operations in that year were not satisfactory. In 1892-93 the work connected with sandal reproduction was continued in the Shimoga and Kadur Districts, while a beginning was made in this direction in the Tumkur District; and in the other two years the matter received attention in almost all the Districts. Dibbling of sandal seed is reported to have been carried out by the Plantation Branch extensively in all the four years and by Forest and Revenue Departments over an area of 13,588½ acres in 1891-92 and 15,838¾ acres in 1892-93, and to a fair extent in the other two years. Besides this, sandal seed was sown by the Plantation Branch in ploughed areas with horsegram and under casuarina trees; and 2,07,392 seedlings were planted by that department in 1892-93.

350. *Other Plantation Work.*—The following statement shows the extent of other plantation work done during the period under report:—

	Plantation Branch.							Forest Department proper.		Revenue Department.

1891-92, Seedlings were raised for a Jalari Plantation. Departmental collection of lac by propagating lac insects was set on foot in the Hassan District and the results were encouraging.
1892-93, 10,356 Jalari plants were planted in the Macholhalli and Mavinkovinhalli Plantations. Arabian date and gallnut seedlings raised in the Malur nursery were transplanted. A few Mahogany seeds were sown as a trial, and artificial reproduction of date trees was set on foot.

351. The cost incurred in connection with reproduction operations was:—

	Rs.		Rs.
1891-92	... 115,102	1893-94	... 52,240
1892-93	... 73,682	1894-95	... 32,290

352. *Communications and Buildings.*—The outlay under this head is shown below:—

	Buildings.	Roads and Bridges.	Other Works.	Total.
	Rs.	Rs.	Rs.	Rs.
1891-92 (15 months)	...34,501	16,086	619	51,206

1894-95	... 4,671	975	178	5,824

Besides minor repairs and improvement of cart tracks in jungles, the more important works, were, a timber floating weir constructed in connection with the Rampur Anikat at a cost of Rs. 11,735, and the completion of 18⅛ miles of Benkipur-Ubrani road costing Rs. 2,266 (1891-92), and a floating weir in the Hulhalli channel costing Rs. 4,215 (1893-94). The following buildings commenced in the previous year were completed in 1891-92; improvement of the Sandal Koti at Tirthahalli, Sagar Sandal Koti and combined Forest and Police Office in Shimoga. The above works were carried out by the Public Works Department.

353. *District Forests.*—The District Forests, which are generally under the supervision of Amildars, have been decreasing in extent and importance owing to the extension of State Forests. Under the cover of acting under their rights or exercising privileges by license or otherwise, raiyats and others used to be reckless in felling timber. The rules introduced in 1892-93, whereby the practice of

charging rates of seigniorage per tree was altered to that of charging cart load, a slight enhancement of rates for classified kinds and jungle wood and the extension of the period during which raiyats can obtain timber at favorable rates, have tended to check this evil. In some places fuel reserves have been constituted.

354. *Forest Offences.*—The following statement contains particulars of prosecutions and convictions in regard to breaches of Forest Rules :—

Calendar Years.	Number of cases.	Number of Persons.			Percentage of acquittals on prosecutions.
		Prosecuted.	Convicted.	Acquitted.	
1891	254	602	431	171	28·40

1893	179	536	393	143	26·6
1894	348	779*	568	210	26·9

* One case was pending at the close of the year.

The majority of cases prosecuted was for unauthorized felling. In the year 1892-93 the Government sanctioned the payment of a reward not exceeding one-fourth of the fine recovered, to informants, with a view to help the successful detection and prosecution of offences against Forest laws.

355. *Injuries to Sandal Trees.*—Cases of injuries to sandal trees were dealt with under the rules contained in the Chief Commissioner's Notification No. 186, dated 16th August 1870, and disposed of as shown below :—

	Number of cases disposed of.	Amount of fines imposed. Rs.
1891-92	26	437
1892-93	Not given	587
1893-94	28	190

366. *Grazing.*—In the latter part of December 1891 the Government ordered the throwing open of all reserved forests and plantations for free grazing, owing to the general scarcity of fodder which then prevailed. The fees on all licensed cattle admitted in the early part of the season had, however, been levied and the period allowed for the grazing of such cattle had nearly drawn to a close. Generally, cattle grazing is allowed in many of the State forests on the license system, while in others it is sold on the *hulbanni* system. In the plantations the privilege of cutting and removing grass is sold. The following statement shows the receipts under grazing:—

	Rs.		Rs.
1891-92 ...	15,478	1893-94 ...	14,117
1892-93 ...	15,452	1894-95 ...	24,265

367. *Minor Forest Produce.*—The amount of revenue derived from the several items of minor produce, exclusive of grazing fees, of the State and District Forests in each of the years, was as follows:—

	State Forests. Rs.	District Forests Rs.
1891-92 (15 months) ...	18,163	99,875
1892-93	9,554	93,444
1893-94	11,043	63,137
1894-95	21,996	1,11,194

The bulk of the revenue under this head was derived from Tangadi bark *(Cassia Auriculata,)* the bark of the Kakke tree, the bark of the "Somé" *(Soymida Febrifuga)* tree, and from gallnuts. The collection of lac, gallnut and other minor produce in State Forests was during the year 1893-94 undertaken by departmental agency.

368. *Kheddas.*—Khedda operations were carried on in 1891-92 in the Kakankote Forest, in 1892-93 and 1893-94 at the Chamarajnagar Kheddas and Kakankote Forests, and in 1894-95 at Sakrebile and Hebbe in the Shimoga and

Kadur Districts respectively. The number of elephants caught and the number of deaths in each year were :—

382. *Quarries.*—Quarries of Soap stone, Kuranga stone, Mill stone and Mica were also worked, the latter in the Hassan District and the others chiefly in the districts of Hassan, Shimoga and Kadur ; but the quantity of the minerals collected was insignificant.

383. *Establishment of Geological Department.*—With the object of carrying out a systematic and detailed survey of the State as regards its mineral wealth, a Geological Department was established in October 1894 by the appointment of Mr. R. Bruce-Foote, F.G.S., F.M.U., retired Superintendent of the Geological Survey of India, as State Geologist, and of Doctor John W. Evans, D.S.C., LL.B., as Senior Geologist and Analyst. The work of the department includes a thorough investigation and record of the mineral resources of the State, the collection in a special museum of objects of geological and mining interest, the maintenance of a laboratory for the assay and analysis of minerals, and the training of young men for the work of the department in all its branches and for practical mining.

MANUFACTURE.

384. Under this head, it is not possible to afford any information of a precise character, as no proper data are furnished in any of the prescribed statistical returns. The nature and extent of the prevailing industries are described in a general manner in the reports for the quinquenniums ending with 1885-86 and 1890-91, in the first volume of the Mysore Gazetteer and in the annual reports of the British Administration. Among new industrial enterprises during the period of this report may be mentioned the sugar works started by a Madras firm of English merchants in Goribidnur, an iron foundry under native management at the same place, and a brick and tile manufactory worked by native agency at Neelsandra near Bangalore. An establishment for the manufacture of ornamental cabinet work (inlaid with ebony and ivory) was opened in Mysore. An industrial school affording instruction in bricklaying, carpentry, iron work and some other useful trades, has been working in Mysore since February 1892. A manufactory for making soaps and candles was started in Bangalore.

385. The following statement gives the value of manufactures as given in the District Reports :—

PUBLIC WORKS.

[NOTE.—The first year of report consists of 15 months—from 1st April 1891 to 30th June 1892.]

390. *Direction and Control.*—This branch of the administration was under the control of Colonel C. Bowen, R. E., till July 1892, when he went on furlough for 19½ months. Lieutenant-Colonel D. McNeil Campbell, of the Madras Service, officiated as Chief Engineer and Secretary to the Government of Mysore in the Public Works Department till July 1894, when he handed over charge of the office to Mr. W. McHutchin, who officiated as Chief Engineer and Secretary to the Government, Public Works Department, till August of that year, when Colonel Bowen returned from the leave and resumed charge of the office.

391. *Grant Sanctioned and Outlay.*—The grants sanctioned and the outlay incurred on account of Public Works during each year of the period of the report are exhibited in the subjoined statement:—

The expenditure shown under the head of Non-budget items consisted of sums spent by the Public Works Department on account of works executed for other departments, such as Education, Muzrai, Forest, etc., which are separately provided for in the budgets of those departments. The contributions referred to in column 12 were either from raiyats for repairs of tanks, or from municipalities.

392. Capital Grant.—*Provincial Funds.*—The grant under this head was disposed of till 1894-95 in two portions—one being spent on what are called Provincial Works Proper and shown in the above statement under the head 'Provincial Fund,' and the other with the irrigation cess being separately dealt with as Provincial Irrigation Fund. The grants made during the three years for both the purposes were :—

	Provincial Works Proper.	Grant to Irrigation Fund.	Total.
	Rs.	Rs.	Rs.
1891-92 ...	15,59,000	12,06,000	27,65,000

In 1892-93, the following tanks were repaired by the Public Works Department; Bettakote and Bannimangala tanks in the Bangalore Division, the Hudgur-Chikkere and Malur tanks in the Kolar Division, the Pallangutta and Kuppal tanks in the Tumkur Division, and the Herode tank in the French Rocks Sub-Division. There were about 70 casualties during the year both to tanks and channels on account of heavy rainfall in July and August 1892. In the Kolar Division alone 55 tanks breached. The restoration of such of these tanks as are situated above the Madras Railway were taken in hand. In the French Rocks Sub-Division, owing to heavy floods in the Cauvery in July 1892, several tanks sustained damages which were promptly attended to. There were about 36 casualties in 1894-95 of which about 20 occurred in the Kolar Division during the heavy rains of August 1894 and the Hannagode main channel and the Kannambadi channel also sustained damages in 1895, and all the above were duly attended to.

408. *Channel Conservancy.*—A special establishment is maintained for this purpose in the Mysore and Hassan Districts, which is under the control of the Public Works Department for purposes of maintenance of channels, and under the Revenue Department for purposes of water-supply. The amount spent and

the revenue yielded are shown below :—

	1891-92	1892-93	1893-94	1894-95

409. *Minor Tanks Restoration.*—The raiyats are required to do earth-work, in which case the masonry and stone work is done by Government. In 1891-92, owing to the failure of agricultural prospects, the rules laid down were relaxed in favor of raiyats in distressed localities, where, under the superintendence generally of patels, the poorer raiyats were provided with work of this kind near their homes and were paid for it from special grants sanctioned by Government. The expenditure incurred on this account in 1891-92 is not included in the accounts of the Public Works Department.

410. The following statement shows the work done during the period under report :—

Years.	Number of tanks dealt with during the year.	Value of earthwork done by the raiyats during the year.	Amount placed at the disposal of the Deputy Commissioner for expenditure on masonry and stone works.	Outlay incurred during the year. Under Communications, the outlay was incurred chiefly for maintaining 3,326, 3,222, 3,264 and 3,344 miles of roads respectively during the years under report.

The outlay under the head Miscellaneous Public Improvements was chiefly incurred in sinking wells in places where there was scarcity of water, and in repairing wells, musafirkhanas, travellers' bungalows, &c.

In 1894-95, in addition to the Rs. 185 allotted for repairs, a sum of Rs. 7,900 was spent out of the amount assigned for repairs under "Communications", on repairing third class travellers' bungalows and musafirkhanas, the maintenance of which had till then been met from Provincial Funds, in accordance with Government Proceedings No. 15602-11—L. F. 322—92, dated 19th March 1894.

412. *Palace Funds.*—The grant and the outlay under this head were as follows:—

	Grant.	Expenditure.
	Rs.	Rs.
1891-92	8,500	11,528
1892-93	34,000	19,218
1893-94	28,000	28,273
1894-95	12,000	15,432

The amounts noted above were spent mainly on works connected with the Palace buildings and the roads attached to them in Bangalore and "Fern Hill" at Ootacamund.

413. *Establishment.*—Under this head the grant and outlay were:—

	1891-92	1892-93	1893-94	1894-95

Sanitary Works.

415. The organisation of a separate Sanitary Department for the State was sanctioned in December 1892, with Mr. Standish Lee as Sanitary Engineer, for the purpose of developing effective measures for the sanitation of the more populous towns, and carrying out works of water-supply and drainage.

The subjoined statement exhibits the outlay incurred under this head as compared with the sanctioned grant:—

416. The more impo[illegible]t works under progress during the period are detailed below :—

1. Improving water-supply of the City of Bangalore.
2. Water-supply for the town of Mysore from the Cauvery.
3. Additional distribution of water to the City of Mysore.
4. Diverting the main drainage of the town of Mysore.
5. Drainage of the Western Extension of Mysore including Chamarajapura.
6. Distribution of water to Chamarajapura, Kannegaudankoppal, and Weavers' Village, Mysore
7. Acquiring houses near Karikalthotti of the Palace at Fort, Mysore, for improving the sanitation of the Fort of Mysore.
8. Water-supply to the town of Nanjangud.

Railways.

417. *Lines Open.*—The Railways open in the State previous to 1891-92 were :—

(i) Madras Railway (Bangalore Branch), broad gauge, 56 miles.

(ii) Mysore-Harihar, or Mysore State Railway, narrow gauge, 296 miles. The former of these is under British management, and its capital guaranteed by British Government.

418. *Railway Extension.*—An extension of the Mysore-Harihar line, from Mysore to Nanjangud, 15½ miles, was opened for traffic in December 1891. It cost Rs. 6,02,989. The construction of a line from Bangalore to the northern Mysore frontier, to link on with Guntakal, *via* Hindupur, was undertaken and completed at a cost of Rs. 23,34,663. The line is metre gauge, and its length in the Mysore State is 51½ miles. It is being worked by the Southern Mahratta Railway Company on provisional terms, which are that the Company should provide their own rolling stock and receive their actual expenses in proportion to the gross earnings of the said branch; such proportion being determined with reference to the ratio which the gross expenditure of the entire system of Railway worked by the Southern Mahratta Railway Company bears to gross earnings of the said system. A branch line to connect the Bangalore-Madras Railway with Kolar Gold Fields was constructed at a cost of Rs. 6,55,910. It is 10 miles in length, broad gauge, and is being worked by the Madras Railway Company under a triennial agreement.

419. *Surveys and Reconnaissances.*—Surveys were made and projects were prepared, for branch lines, in connection with the Mysore State Railway, from Birur to Shimoga, 38½ miles, and from Arsikere to Hassan, 30 miles. These projects were submitted to the Government of India in 1895. A survey was also undertaken by the Southern Mahratta Railway Company, on behalf of the Mysore Government, of a proposed extension from Mysore to Gudalur, which was subsequently abandoned, and a survey was made to connect Waddahalli Station on the Bangalore-Hindupur line with Chikballapur. Reconnaissances were made to investigate the feasibility and the approximate cost of the following lines :—

(i) To connect Nanjangud with Erode.

(ii) To extend the proposed Arsikere-Hassan branch referred to above up to Mangalore on the West Coast.

(iii) To extend the State Railway from Mysore to Coorg and thence to Tellicherry.

(iv) For a branch line from Mudgere on the Bangalore-Mysore line to Sivasamudram.

421. *Capital Expenditure of each year.*—The capital expenditure incurred on each of the completed railways during the period under report was as follows :—

422. The cost of the Mysore-Nanjangud extension was in the first instance borne by the Southern Mahratta Railway Company in accordance with the resolution referred to at para 755 of the Report for the Quinquennium 1886-87 to 1890-91, but with a view to reduce the capital cost of the hypothecated line, the cost of the said extension, *viz.*, Rs. 5,83,552 to end of June 1892 *plus* Rs. 35,000, estimated amount required to be spent on incomplete works, was paid to the Southern Mahratta Railway Company as per Proceedings of Government, No. 1588, dated the 27th December 1892, and out of the latter sum, Rs. 17,756, being amount unspent, was refunded to Government. This accounts for the reduction of outlay shown against the Mysore-Harihar Railway and the Mysore-Nanjangud extension in the years 1892-93 and 1893-94. The reduction shown against the Bangalore-Hindupur line in 1894-95 represents the value of materials unused sold to the Southern Mahratta Railway Company and other parties at the time of the opening of the line, but recovered and credited to capital expenditure during 1894-95. The outlay exhibited against the Mysore-Harihar line was due to additional works undertaken on the line during the under report.

423. *Capital Outlay and Net Earnings.*—The capital outlay on each open line up to the end of each of the years under report and the net earnings thereon during each of the said years are shown below :—

The causes which led to reduction of capital in 1892-93, 1893-94 and 1894-95 on the Mysore-Harihar, Mysore-Nanjangud and Bangalore-Hindupur lines respectively have been explained in para 422.

424. *Unexpended Balance of English Loan.*—The unexpended balance of the English loan remaining in the hands of the Southern Mahratta Railway Company at the end of 1894-95 is reported to have been Rs. 15,79,494-1-3 as against Rs. 14,82,212 at the close of 1890-91.

425. *Receipts.*—The receipts from traffic over the different lines were as follows:—

1894-95 ..	4	10	2	65	62	143

In the years 1891 and 1892 three persons were killed and two injured; of these two were passengers and one a railway servant. There were no deaths or injuries in 1893 and 1894.

432. *Railway Police.*—The strength of the Railway Police and its cost were :—

	Officers.	Men.	Total.	Cost. Rs.
1891-92	11	150	161	19,833
1892-93 (18 months) ...	11	158	169	29,038

1894-95	11	168	179	20,784

433. *Medical Charges.*—Four dispensaries were maintained, *viz.*, at Bangalore Mysore, Arsikere and Harihar, at a cost (excluding medicines) of Rs. 5,210-15-6 in 1891-92, Rs. 4,910-0-6 in 1892-93, Rs. 4,787-14-7 in 1893-94 and Rs. 4,843-1-6 in 1894-95. The proportionate debits to the Mysore State Railway were Rs. 1,133, Rs. 1,157, Rs. 967 and Rs. 871 respectively during these years.

434. *Staff.*— The number of Europeans and Eurasians and Natives employed by the Southern Mahratta Railway for the lines in the Mysore State is shown in the following statement :—

	1891-92	1892-93	1893-94	1894-95
Europeans and Eurasians ...	113	126	141	153
Natives ...	1,837	1,948	2,125	2,217

These figures include the staff employed in the Mysore-Nanjangud Section in the Engineering Department.

Revenue and Finance.

435. General: *Demand, Collection and Balance.*—The total demand for each of the years under report, the collections made and remissions granted, are shown in the following statement, as well as the average of the 10 years ending with 1890-91 :—

	Opening Balance.	Demand.	Total.	Collection.	Remission.	Outstanding Balance.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.

The difference between the opening balances in 1892-93 and 1893-94 and the closing balances of the previous years was due to subsequent correction of figures, chiefly under the heads "Abkari" and "Interest on Abkari Revenue." The difference in 1894-95 was due mainly to the exclusion of the amount of contributions from raiyats on account of minor irrigation works, which is sh under Public Debt.

436. *Demand: Increase.*—The followir atement shows the revenue demand and the rates of increase since 1886-87 :—

	Revenue demand in lakhs.	Percentage of increase.

The Government, in their Proceedings No. 1747-57-R. 212, dated 30th July 1894, directed that the entire wet assessment levied on Government wet lands in taluks settled subsequent to the Chief Commissioner's Notification dated 11th February 1875, should be credited to Land Revenue, and that the column providing for the deduction of $\frac{1}{17}$th of wet and garden assessment from the net demand should be omitted, and this accounts for the absence of figures opposite to that column for the years 1893-94 and 1894-95.

439. *Comparison.*—The different items under Land Revenue as they stood in 1894-95 are compared below with what they were in 1880-81 :—

	1894-95 Rs.	... Rs.	Difference. Rs.
Raiyatvar or Money assessment exclusive of Irrigation Cess.	85,38,335	62,07,592	+ 23,30,743

Miscellaneous	2,14,267	1,16,257	+ 98,010
Total ...	96,08,455	69,31,132	+26,77,323

The largest increase is under "Money assessment." Of the 23 lakhs, about Rs. 14,00,000 were due to extension of cultivation and about Rs. 7,25,000 to the revision of assessment at Survey Settlement. The remainder about Rs. 1,75,000 was due to minor causes, such as resumption of inam lands, imposition of water rate, revision of akarband, &c. The increase under inams was due to imposition of combined quit-rent on inam lands and whole villages. The increase under sale proceeds of Government lands was due to greater competition and the necessity felt for selling by auction a large number of the lands newly applied for.

440. *Money Assessment.*—The assessment on the occupied area of Government lands for 1890-91 was Rs. 78,17,890. The yearly increase under this head during the period of this Report was successively Rs. 97,243, Rs. 3,07,130, Rs. 2,26,184 and Rs. 1,11,751. Of these sums Rs. 44,800, Rs. 2,97,761, Rs. 1,82,239 and Rs. 85,572 were due to extension of cultivation. In 1891-92 the taluks of Gundlupet and Anekal were settled and brought an increase of about Rs. 44,000. In 1893-94 the taluks of Malvalli and Channapatam were settled and the increase in revenue was about Rs. 34,000. The additional revenue accruing from the settlement of the Chamrajnagar taluk during the year 1894-95 was about Rs. 19,000.

441. *Lands paying Assessment.*—The different classes of lands from which the revenue shown under money assessment was derived are shown in the following statement, the figures for the period under report and the averages for the same being compared with the average for the preceding 10 years:—

444. *Batayi.*—The *Batayi* revenue which was a considerable item in connection with wet cultivation under the old system has all but disappeared. In 1891-92 and 1892-93, dry tank beds were given out for cultivation on *varâ* under Government orders, owing to the prevailing scarcity and hence the comparatively large amounts shown under this head.

445. *Inam.*—Under the head "Inam, &c., villages", the increase was due to settlement of inams by the Inam Department and the consequent increase in the amount of quit-rent imposed thereon.

446. *Land Revenue: Miscellaneous.*—The details of items included under the head "Land Revenue: Miscellaneous" are given in the subjoined statement,

the remaining items included under Land Revenue not calling for separate notice :—

The transfer to Municipalities of the Government share of Mohatarfa taxes levied in them which was estimated to amount to Rs. 63,000 accounts in a great measure for the decrease in 1894-95.

449. *Sayer.*—The revenue under this head consisted of the duty on arecanut, and a moiety of the Octroi duties levied in Municipalities on cocoanuts, betel leaves, and tobacco. This latter item was resigned in favor of the Municipalities in 1893-94. The following statement gives the amounts of demand under this head :—

Only remissions made on account of extraordinary circumstances, or of the balance being unrecoverable are shown in the above statement. Owing to the unfavorable nature of the year 1891-92, remission was granted of half assessment on wet lands in the affected parts of the State. Rs. 65,623 was the amount remitted under this order in 1891-92. Rs. 35,210 was remitted out of the *hulbanni* of that year, but it was deducted out of the *pattas* of

raiyats for 1892-93 in which year it was accordingly shown as remission. In 1892-93, in addition to the above, a sum of Rs. 2,65,045 was remitted out of arrears; as also a sum of Rs. 6,389 on account of wet lands lying waste. In the two succeeding years, the remissions out of current demand under all items of revenue were Rs. 8,880 and Rs. 2,428 and on account of irrecoverable arrears of previous years, Rs. 65,552 and Rs. 29,005 respectively.

Excise.

[Note.—The report for 1891-92 is for 15 months, from 1st April 1891 to 30th June 1892].

457. *Departmental Control.*—The direction and control of the department vests in the Excise Commissioner. The Deputy Commissioners, assisted by Assistant Commissioners, perform the functions of Executive officers of districts, the Excise establishment being directly under their control. Mr. R. Vijaindra Row held the office of the Excise Commissioner up to 17th May 1892, when he was relieved by Mr. L. Ricketts who held the office throughout the remaining part of the period under report.

458. *Excise Laws in Force.*—The following Excise Laws and Rules remained in force, namely : —

(1) The Opium Act I of 1878.

(2) The Excise Act XXII of 1881 as extended to this State by Regulation III of 1885.

(3) Act XVI of 1863 as extended by Regulation II of 1885.

(4) The Opium Rules published in Government Notifications No. 64, dated 4th February 1880, No. 239, dated 18th March 1885 and No. 552-1, dated 27th June 1894.

(5) Ganja Rules published in Government Notifications No. 229, dated 27th February 1885, No. 483, dated 4th May 1887, and No. 5761—R. F 176-92, dated 9th September 1894.

(6) The Foreign Liquor Rules published in Government Notifications No. 31, dated 9th May 1889, No. 211, dated 26th August 1890, No. 381, dated 29th January 1891, No. 400, dated 11th February 1891, No. 4, dated 4th April 1891, No. 4920—R. 511, dated 17th September 1893, No. 18968—R. F. 119-93, dated 5th May 1894, and No. 21873—R. 2356, dated 11th June 1894.

(7) The Arrack Rules published in Government Notifications No. 495, dated 30th March 1892 R. F. 255-92, dated 30th January 1893.

(8) The Rules for the Methylation and Spirits rendered effectually and permanently unfit for human consumption, published under Government Notification No. 12981—R. F. 2208-92, dated 27th January 1893.

(9) The Date Toddy Rules published in Government Notifications No. 11813—R. F. 233-92, dated 14th January 1893, and No. 14837—R. F. 210-92, dated 7th March 1893, and

(10) Rules for Regulating the Appointments of Excise Officers by Deputy Commissioners under Section 24 of the Excise Act, published under Government Notification No. 1347—R. 1629-92, dated 28th January 1893.

459. *Sources of Excise Revenue.*—The sources of Excise Revenue are (1) Spirits and Fermented Liquors, *viz.* (*a*) arrack or country spirits, (*b*) foreign liquors, (*c*) country beer, (*d*) date toddy, (*e*) bagani toddy; and (2) Intoxicating Drugs, *viz.* ganja, majum and opium.

460. *Diversion of Sayer or Land Customs.*—The articles which contributed to the State Revenue under this head were (1) arecanut, (2) betel-leaves, (3) tobacco, and (4) cocoanut. But the sayer duty was levied directly on arecanut only, throughout the State, and the duty on the last three articles amounting to Rs. 10,000 was made over to the municipalities in which they were levied. The Government, in their Proceedings No. 21710-46—R. 2314, dated 6th

January 1894, directed that the duty on arecanut need not be shown in the Excise Commissioner's report as he exercised no control over it. The Sayer Revenue is therefore shown in the chapter on Land Revenue.

461. *The Excise System.*—The system in force at the end of 1890-91 was to rent out the monopoly of manufacturing spirits in the Central Distillery at Bangalore and vending it throughout the State, to a single contractor, who guaranteed a certain amount of minimum revenue annually and was allowed a certain deduction out of the duty payable for all liquor sold in excess of the quantity required to secure the guaranteed revenue. Material changes were introduced from 1st April 1892. The single monopoly was split up into three branches—manufacture, carriage, and sale. The manufacture of spirits at the Central Distillery being a process quite different in kind from distribution, it was decided to dissociate the two processes, and the right of manufacturing was separately leased out to a firm of Madras manufacturers for a period of five years under a stipulation that arrack 20° under-proof should be delivered at $10\frac{1}{2}$ annas per gallon. As regards the right of selling, separate minor farms were established as "Vend rent circles or farms" and as "Separate shops." For the purpose of vend farms, each district was divided into defined tracts either by each taluk or each hobli or by groups of hoblis, according to local convenience and circumstances. Each of these farms consisted of two or more shops Before the commencement of each official year, the right of retail vend, *i. e.*, the license for retail vend in each of the farms, was put up to auction; and the license fees payable for each farm were determined by the results of those auctions. This was called the "Vend Rent System." In the towns of Bangalore and Mysore and in the Kolar Gold Fields the right of retail vend, *i.e.*, the license for each shop was sold separately by public auction and the license fees payable for each shop were thereby determined. This was called the "Separate Shop System." The farmers (*i. e.*, of Vend rent farms) in the Bangalore District, excepting the City of Bangalore, drew their supplies direct from the Central Distillery on payment of duty to Government at the local treasuries and of the price of arrack at the rate fixed by Government, to the manufacturing contractors at the Distillery. For other places, bonded warehouses were established at stations where wholesale depôts existed up to 31st March 1892. The bonded warehouses including those in the Bangalore City and the Civil and Military Station were under the management of contractors who carried the liquor for distribution to the persons who directly conducted the sale in farms or separate shops, and were paid for the work of transporting the liquor at rates fixed for different localities; the carrying contractors taking arrack from the Central Distillery under bond to the depôts upon indents furnished by depôt mutsaddies, and the vend rent farmers receiving their supplies from the depôt mutsaddies on production of Treasury receipts for duty and price due on the quantity required. The duty which, under the old system, was not prepaid, but recovered subsequently from the sole monopolist, was under the new system, prepaid before the liquor was issued from the Central Distillery or the bonded warehouses to the vendors. The effect of all this was a large increase of revenue. By concentrating his resources and taking full advantage of his manufacturing experience, the manufacturer was enabled to offer lower rates than the previous lessees ; and as the circles were split up for purposes of sale, the privilege of selling was thrown open to a wider circle of competitors who, being generally local men, could afford to work their shops at a lower scale of expenditure and thus pay to Government more as rent.

462. *Supply of Arrack to the Civil and Military Station.*—The Arrack manufactured in the Central Distillery was issued to the Civil and Military Station by the manufacturing contractors on payment to them of the price of liquor at rates prescribed by the Mysore Government, the duty on such arrack being credited to the Resident's Treasury and the proportionate cost of establishment maintained by the Durbar at the Distillery being paid to the Durbar by the Residency. This proportion is settled once in three years on the basis of the proportion of the quantity of arrack consumed in the Civil and Military Station as compared with the quantity consumed in the Mysore State during the preceding three years.

463. *Period of Manufacturing Contract.*—The manufacturers (Messrs. Parry and Co.) had the lease originally for five years and this was extended by three months owing to change of the year; so their contract extended up to end of June 1897.

464. *Contract Rate.*—The rate was 10½ annas a gallon of 20° under-proof and proportionately for lower strengths. But for double distilled or rectified spirits, the contractors were permitted to fix their own prices.

465. *Carrying Contractors.*—Remuneration to the carrying contractors was 10 pies and 1 anna respectively for every gallon of liquor carried by them from the Central Distillery to the depôts in the City and the Civil and Military Station, Bangalore. To carry liquor from the Central Distillery to bonded depôts, a remuneration of 3 annas for every gallon and an allowance of 2 per cent for wastage were given. The liquor carriage contract having expired on 30th June 1893, opportunity was taken to reduce the charge for conveyance to 6 pies per gallon in the case of spirit conveyed to the bonded depôts in the Bangalore City and to 2 annas and 1½ pies per gallon in the case of liquor transported to depôts in other places. The contractors were allowed a discount not exceeding 2 per cent on every gallon transported to depôts outside Bangalore on account of wastage, no such discount being allowed for liquor carried to depôts in the Bangalore City.

466. *Rates of Duty on Arrack and Retail Prices.*—In 1891-92 the rate of duty was raised from Rs. 3-10-2 to Rs. 4 and Rs. 3-14-0 per gallon of 20° under-proof for Maidan and Malnad taluks respectively, the retail price being continued at Rs. 5-5-0 per gallon of 20° under-proof and proportionately for higher and lower strengths. In 1894-95 the duty was made uniform at Rs. 4 per gallon throughout the State. Thus the Arrack Revenue was composed of the fixed duty of Rs. 4 per gallon and a rental on each separate shop and farm (paid out of the vendors' margin of profit as fixed by bids at the annual sales by competition).

467. *Spirits Issued.*—The following statement shows the quantity of spirits issued from the Central Distillery during the 4 years and 3 months under report:—

		Gallons.	Drams.		Gallons.	Drams.
1891-92	(15 months)...	535,303	25½	1893-94 ...	493,136	34

471. *Average per Head of Population.*—The average rate of consumption of arrack per head of population was 3·5 drams in 1891-92, 3·9 drams in 1892-93, 4·1 drams in 1893-94, and 4·5 drams in 1894-95.

472. *Increase in the Issue.*—The increase was due to the extensive importation of labor from outside the State for the Kolar Gold Mines and Railway Works, to the successful measures taken to prevent illicit distillation in the Malnad taluks and to the increase of wages and consequent general prosperity of the lower classes.

473. *Collections.*—The collections under Arrack Revenue are shown below:—

Years.	Duty.	Rental.	Local Cess.	Miscellaneous collections.	Total.
	Rs.	Rs.	Rs.	Rs.	Rs.
1891-92 (12 mths)	12,14,070-0-10	19,340-3-10	.....	12,232-12-7	12,45,643-1-3

474. *Remissions.*—The amount remitted or written off the accounts as irrecoverable under arrack rental amounted to Rs. 503-6-11 in the year 1894-95 against Rs. 115-9-9 in the previous year.

475. *The Incidence of Arrack Revenue.*—The incidence of Arrack Revenue was, for the whole State excluding the Civil and Military Station, Bangalore, 4 as. 1 p. in the year 1891-92, 5 as. 3 ps. in the year 1892-93, 5 as. 8 ps. in the year 1893-94, and 6 as. 3 ps. in the year 1894-95.

476. *Country Beer.*—The beer taverns were closed on the 16th July 1892, as the manufacturer and wholesale vendor of country beer failed to supply them with beer. In the year 1892-93 no beer taverns existed. In the years 1893-94 and 1894-95, the country beer manufactured by Messrs. Leishman & Co. at Ootacamund was supplied to the taverns at the Bangalore City. The revenue from this source amounted to Rs. 3,225-11-9 in the year 1891-92 (*i. e.*, for 15 months, the amount for 12 months being Rs. 2,680-3-9), and to Rs. 839-1-9 and Rs. 638-4-9 in the years 1893-94 and 1894-95 respectively.

477. *Foreign Liquor.*—The prescribed rates of license fees for the sale of foreign spirits and foreign fermented liquors (*i. e.*, spirits or fermented liquors manufactured in any place in Europe, America or Australia and imported into the Territories of Mysore after due payment of duty to the British Indian Government at the port of importation in British India) are:—

	Rs.	
For Wholesale License	25	Per year or fraction of a year.
For Retail License	50	
For Hotel License	25	
For Refreshment Room License	25	

These licenses include power to sell double distilled country spirits at 10° under-proof and over-proof manufactured at the Government Distillery in the State or imported *under bond* or any preparation of such spirits, issued from the said distillery under seal and printed label marked "Mysore Government." The Deputy Commissioners of Districts were authorized to enter in the above licenses only such foreign liquors as were imported in bottles *intact* from Europe, America or Australia. Those bottled in India were not to be admitted into the licenses without the previous sanction of Government which would be accorded on the execution by the bottlers of a guarantee that such liquors were neither diluted nor adulterated with any country liquor. The number of foreign liquor shops and the amount of license fees realised were :—

	Number of shops.	Fees. Rs.	a.	p.
1891-92 (12 months)	34	626	10	10
1892-93	34	1,179	4	0
1893-94	36	1,697	8	0
1894-95	38	1,725	0	0

In the year 1893-94, the Government sanctioned the issue of occasional licenses for the sale of foreign liquors at refreshment stalls in connection with public entertainments, such as Jatras, Races, &c., at the discretion of the Deputy Commissioner for periods not exceeding ten days at a time and on payment of such fees not exceeding Rs. 20 as may be determined. The quantity of foreign liquors and local double distilled spirits on which duty was levied was 18,419 gallons and 38 drams, and 1,226 gallons and 26 drams respectively in the year 1894-95.

478. *Toddy.*—The system of disposing of the monopoly of the vend of date toddy by *districts*, by tender or by auction sale, was discontinued from the 1st April 1892, and small vend farms were constituted for each taluk, consisting each of one or more shops, and sold separately by public auction. The vend farms were divided into the following five classes :—(1) Direct supply farms or farms consisting of shops not exceeding six in number, and the grove or group of groves usually supplying them, both the shops and the grove or group of groves being so situated as to make one compact tract and admit of being farmed together. (2) Direct and aiding farms or farms of the above description in which the grove or group of groves farmed being capable of supplying shops other than those attached to it under the "direct supply" system, the farmer is required to give at a price not exceeding the maximum rate to be specified in his agreement the supply required for other shops to be enumerated therein, in addition to supplying the particular shops attached directly to the grove or group of groves in question. (3) Shop farms or farms consisting of a shop or shops in a compact tract, situated at a distance from the groves upon which they depend for supply, such shop or shops being farmed without any groves attached to them but upon the condition of the farmer buying his supply from specified "direct and aiding" farms or "grove farms." (4) Grove farms or farms of groves by themselves, in cases where the groves are not required to be included in any "direct supply farm" or "direct and aiding farm" the toddy drawn from such grove farms being required to be sold to a "shop farm" or used in very exceptional cases for the manufacture of jaggory or sugar under Government supervision. (5) Farms in alienated villages, the right of inamdars entitled to toddy revenue being farmed separately without being mixed up with Government farms, pending the settlement of the toddy revenue due to inamdars.

479. *Number of vend farms.*—The number of vend farms formed as above in 1892-93 was :—

I Government—	
(1) Direct supply farms	857
(2) Shop farms	163
(3) Grove farms	19
II Inam—	
(4) Shop farms	167
(5) Grove farms	277
	1,483

480. *Result of sales.*—The revenue realised by the sale of these farms in 1892-93 amounted to Rs. 13,90,170 against Rs. 9,74,063 the amount of toddy revenue in 1890-91, and Rs. 8,38,688 during 12 months in 1891-92. The licensee of each farm was required to pay the amount of his bid in equal monthly instalments together with local cess, each instalment being regarded as the rent for the month in respect of which it was payable; and it was stipulated that the toddy should be sold to the public, pure as drawn from trees, at rates within the maximum and minimum fixed by Government differently for different localities according to circumstances.

481. *Supply of Toddy to the Civil and Military Station.*—The contract for the Bangalore District from 1st April 1890 to 31st March 1892, included the Civil and Military Station, and the revenue derived (after deducting the cost of establishment) was apportioned in the proportion of population between the Mysore Government and the Residency. From 1st April 1892 to 31st March 1893, the farm for the Bangalore taluk included the Civil and Military Station, and the revenue was apportioned as above. From 1st April 1893 to 31s December of the same year, the toddy revenue of the said tract was, for want of proper bids, managed by the Mysore Government under the *amani* system and the net revenue realized from sales in the Civil and Military Station was paid into the Resident's Treasury. From 1st January 1894, the Civil and Military Station and the City of Bangalore combined, was constituted a separate farm, and the revenue derived was divided between the Civil and Military Station and the City in the proportion of actual consumption in each locality.

482. *Toddy Shops.*—The number of shops, including those for the Civil and Military Station, Bangalore, population per shop, and area per shop are shown below:—

	Number of shops.	Population per shop.	Area per shop. Sq. miles.
1892-93	3,012	1,677	9
1893-94	3,043	1,641	9·2
1894-95	3,043	1,641	9·2

483. *Collections from Date Toddy.*—The gross collections for the years under report including local cess are shown below:—

	Collections including Local Cess. Rs.	a.	p.
1891-92 { 15 months	11,45,757	2	3
1891-92 { 12 months	8,38,687	9	2
1892-93	13,90,169	8	6
1893-94	14,33,946	6	6
1894-95	14,50,337	8	0

484. *Incidence of Revenue.*—The incidence of revenue per head of the population was 2 as. 8 ps. in 1891-92, 4 as. 6 ps. in 1892-93, 4 as. 8 ps. in 1893-94, and 4 as. 11 ps. in 1894-95.

485. *Measures of Conservation.*—In consequence of the paucity or non-existence of date groves in some taluks, and of the declining condition of those in other taluks, the Deputy Commissioners were requested to raise date plantations in suitable localities. In the districts of Tumkur, Kadur, Shimoga, Chitaldrug, Mysore and Kolar and in the taluk of Bangalore, seeds were sown. Provision was also made to reserve lands containing date trees. In view of the contemplated introduction of the tree-tax system under which only trees marked by Excise Officers will be used for the manufacture of toddy, instructions were issued in 1894-95 for the division of the groves assigned to each toddy vend farm into groups and for the issue of tree-tapping licenses only for one-half of such groups each year, so that complete rest from tapping may be secured to all trees in every alternate year.

486. *Bagani Toddy.*—The right of drawing toddy from bagani trees for consumption with power to sell it to the public was sold by villages in the Hassan, Kadur and Shimoga Districts, separately from, but at the same time as, the date toddy vend farms. The following statement shows the demand and collection for the years under report :—

Years.	Demand. Rs.	a.	p.	Collection. Rs.	a.	p.
1891-92 { 15 months	...	...	...	11,083	2	8
1891-92 { 12 months	10,439	10	10	9,750	14	4
1892-93	11,111	9	9	12,020	3	11
1893-94	11,848	2	10	10,791	5	9
1894-95	13,884	3	0	13,632	1	10

487. *Ganja.*—The cultivation of ganja hemp without permission is prohibited. Permission is granted subject to the following conditions :—

(1) That the cultivator shall obtain a patta or license in the prescribed form ;

(2) That the quantity of ganja prepared shall be weighed in the presence of the village officials concerned ;

(3) That the ganja raised shall be sold to the Government contractor or exported under a pass from the Deputy Commissioner ; and

(4) That the license holder may retain for his own private consumption ganja not exceeding 14 lbs. under a pass from the Amildar; provided that the area of land cultivated with hemp is not less than one acre.

488. *Contract.*—The contract for the wholesale vend of ganja and majam was given to a contractor who guaranteed a certain amount of annual revenue to the State. The contractor imported the necessary supplies from the Madras Presidency and deposited the same at the Head-quarters Depôt in the Government Central Distillery buildings, from which it was issued to the wholesale depôts established at authorised places for sale to retail vendors.

489. *Rates of Duty.*—The rates of duty payable to Government on wholesale vend and the wholesale and retail prices fixed by Government are shown below :—

	Rate of duty payable to Govt. on wholesale vend including Local Cess. Rs.	a.	p.	Wholesale Price. Rs.	a.	p.	Retail Price. Rs.	a.	p.
Ganja per seer of 24 tolas	0	6	0	0	10	0	0	13	0
Majam or any other preparation of Ganja except Halva.	0	2	0	0	4	0	0	6	0

490. *Retail Vend.*—No fee was fixed by Government for licenses for the retail vend of ganja except at the Cities of Bangalore and Mysore where a fee of Rs. 3 was levied per mensem for each license.

491. *Shops.*—The following statement shows the number of Ganja shops, the quantity of Ganja consumed, and the revenue derived :—

	Wholesale shops.	Retail shops.	Quantity consumed. Seers.	T.	Revenue. Rs.
1891-92 (15 months)	57	109	44,412	11	16.436
1892-93 ..	62	119	41,325	15	14,725
1893-94 ...	62	133	48,099	12	18,844
1894-95 ...	64	145	59,968	6	24,229

The increase in the consumption was due to increased number of shops opened to meet existing demand, to stricter supervision exercised, to the prosecution of a number of cases of illicit cultivation of ganja hemp, and the prevention of importation of contraband ganja.

492. *Opium.*—No poppy cultivation was carried on in the State, the requisite supplies of opium being obtained from the British Opium Agent at Malwa and sold to retail vendors at the Government Treasuries.

493. *License fee and price.*—The price at which Government sold opium to licensed vendors was $6\frac{1}{4}$ annas per tola or Rs. 9-6-0 per seer of 24 tolas. The price at which licensed vendors sold it to the consuming public was $7\frac{1}{2}$ annas per tola or Rs. 11-4-0 per seer of 24 tolas. A fee of Rs. 9 per quarter was levied for each vendor's license in the towns of Bangalore, Mysore, Shimoga

and Chikmagalur; and in other stations, no fee was levied except where the sales in any shop exceeded Rs. 6 per month, in which case, a fee of 8 annas per mensem was levied. On the 27th June 1894 the following revised rules regarding license fees were sanctioned by Government to take effect from 1st July 1894:—

"No fee shall be levied for licenses issued to medical practitioners. Shops "shall be classified by the Excise Commissioner and license fees levied according "to the following scale:—

"First Class Shop	...	Rs. 10	per mensem.
"Second do	...	Rs. 3	do
"Third do	...	As. 8	do
"Fourth do	...	Nil	

"The fee for each license shall be payable quarterly in advance on 1st July, "1st October, 1st January and 1st April in each year, together with an extra "charge of 4 annas on sales of every seer in excess of 16 seers of opium per "mensem."

504. *Establishment of a Stamp Manufactory.*—Until 1894, the work of impressing the Mysore Government Bi-color stamp on water marked paper was being done at the Madras stamp office, on contract, at one thousand impressions per rupee, and the stamp papers, on receipt from Madras, were, before issue, being counter-stamped by means of a special hand press kept in the Superintendent's Office. In 1894 arrangements were made to establish a stamp manufactory at Bangalore under the direct control of one of the Councillors. The manufactory commenced work on the 14th April 1895 and up to the end of June 1895 manufactured stamps of the value noted below :—

Finance.

[Note.—The present report covers a period of 4 years and 3 months, the year 1891-92 being composed of 15 months, from April 1891 to June 1892.]

510. *Gross Receipts.*—According to the resumé given in the Administration Report for the five years ending with 1890-91, the average receipts for the ten years preceding the famine of 1876-78 were 105 lakhs, the figures ranging between 92 lakhs in 1870-71 and 119 lakhs in 1874-75. During the famine years, the receipts fell to 82½ and 69½ lakhs. In 1878-79, the revenue collections rose to 121 lakhs, while in the next two years they fell to 108½ and 103 lakhs successively. For the first ten years of the administration of His Highness the late Maharaja, the yearly average of collections was Rs. 1,23,30,225. The year 1884-85 was the last year in which there was an actual decrease of revenue compared with the revenue of the previous year. From 1885-86 the revenue went on increasing, and the total collected in 1890-91 was Rs. 1,46,41,255, including Railway receipts. The following statement exhibits the receipts under various heads for the years under report together with the figures for 1890-91. Two sets of figures are given for the year 1891-92 (composed of 15 months), one for the 12 months April 1891 to March 1892 and the three subsequent months, and the other for the three months April to June 1891 and the subsequent 12 months to facilitate comparison with the figures of the preceding year and the subsequent years :—

511. As the first year 1891-92 was composed of 15 months, the increase indicated by the figure Rs. 160,43,703 was more nominal than real. Taking the 12 months ending with March 1892, the amount actually realized was Rs. 109,77,573; but owing to altered *Khistbandi*, the whole of the revenue under Land Revenue, *Mohatarfa* and salt was not collected within the 12 months. Adding these items, collected in April and May 1892, the total for the 12 months would be Rs. 1,44,46,846, disclosing a fall of nearly 2 lakhs from the collections of the previous year. This was due mainly to the unfavorable seasons of 1891-92, which necessitated the postponement of collections and the eventual remission of a portion of the Revenue Demand. The next three years were all years of increase, the proceeds of the 12 months of 1892-93 exceeding those of the 15 months of the previous year by more than 9 lakhs.

512. *Land Revenue.*—The collections of 1891-92 fell below that of the previous year, notwithstanding an increase under current demand, on account of remissions on rice lands, and postponement of the collection of part of the revenue to a more favorable season. The next year, the collection exceeded that of 1891-92 by Rs. 16,48,738. About 3 lakhs of the increase was due to expansion of cultivation, $7\frac{1}{4}$ lakhs to the collection of arrears postponed from the previous year, and the rest chiefly to the year's current demand being collected to the normal extent. Though there was a fall in the actual realization in 1893-94 by Rs. 12,043, still allowing for the $7\frac{1}{4}$ lakhs collected in 1892-93 which was the deferred amount of 1891-92 and about 3 lakhs of arrears, the actual collection was about 4 lakhs better than in the previous year. The increase of collection in 1894-95 (Rs. 1,17,156) was mainly due to increased occupation of land.

513. *Mining Leases.*—Under this head, there was an increase year after year.

514. *Forests.*—During the first 12 months of 1891-92, there was an increase under this head as compared with the revenue of the previous year, caused chiefly by the supply of sleepers to the Bangalore-Hindupur line and by better prices obtained for sandalwood. In both these items, there was a fall during the next year, while 'Minor Forest Produce' and 'Kheddas' showed some increase. In 1893-94, there was an increased sale of timber and of sandalwood, and these two items and some 'Miscellaneous items' brought an increase of revenue, while Khedda receipts decreased considerably. In 1894-95, there was a fall under the important items of sandalwood and timber. Fuel and Kheddas also realised less, while under miscellaneous items, there was an increase.

515. *Excise.*—Comparing the receipts of the 12 months of 1891-92 (Rs. 20,67,010) with those of 1890-91 (Rs. 20,28,076) there was an increase of Rs. 38,934. There was an increase in every one of the four years under this head. It may be noted that the new scheme of toddy and arrack sales introduced in April 1892, was such as to give larger profits to Government.

516. *Mohatarfa.*—In 1891-92 there was a decrease owing to unfavorable season. The fall in 1893-94 was due to the previous year's collection having included arrears; and that in 1894-95 (Rs. 56,584) to the transfer by Government of its share in the *Mohatarfa* collections of minor Municipalities to the Municipalities concerned.

517. *Sayer.*—The decrease in 1893-94 was due to the transfer to the Municipalities of the Government share of duty on tobacco, betel-leaves and cocoanut levied in Municipal towns and decrease in the duty realised on arecanut. The increase in 1894-95 was due to increased production and better sale of arecanut.

518. *Education.*—There was a large increase of Rs. 27,400 under this head in the collections of 1893-94, of which Rs. 23,300 were on account of contribution from the Village School Funds towards the cost of schools at head-quarters of taluks and sub-taluks which were transferred to Government management from January 1892 to June 1894. In 1894-95 there was an increase of Rs. 16,751 under School Fees, chiefly due to the collections of Municipal Schools which were transferred to Government management under Government Order No. 309-25, dated 2nd March 1894, and a decrease of Rs. 9,935 under Sale of books and Miscellaneous.

519. *Scientific and Minor Departments.*—There was a noticeable fall under this head in 1894-95. The realisations from the sale of Amrut Mahal cattle decreased by Rs. 14,000 owing to bad season and those under "Other items" by Rs. 5,000 as minor forest produce in the *Kavals* credited to the department was transferred to the Forest Department.

520. *Surplus Investment Account.*—On account of the apprehended famine and also to maintain the cash balance rendered necessary by the altered arrangements for collection of revenue, $28\frac{3}{4}$ lakhs of securities were sold in 1891-92, and premia received on such sales. This accounts for the increase that year under this head and the decrease in the next year. As additional investments were made in 1893-94, the income under Interest increased and there was also an increase in the interest received for deposits in the Madras Bank, on account of the prevailing rate of interest being higher. In 1894-95 Rs. 1,33,131 more was realised than in the previous year on account of the total amount under investment being larger, *i. e.*, Rs. 85,79,100 in 1894-95 as against Rs. 65,89,700 in 1893-94. There was a decrease of Rs. 13,430 under Interest on amount deposited in the Madras Bank and an increase of Rs. 12,064 under Profit on Government of India Securities sold.

521. *Miscellaneous.*—In 1892-93 there was an increase of about Rs. 24,000 under Savings and Refunds and Unclaimed Deposits over the realizations of the corresponding 12 months of the previous year. Prior to 1888, Government used to levy contributions from raiyats for major irrigation works in lump sums. A new policy was then adopted, whereby a specified contribution per acre was levied on the land benefited by the work after its completion. This was being shown in the accounts under Public Debt up to 1894-95, and amounted in the aggregate to Rs. 1,60,589. It was then transferred to the head Miscellaneous, which accounts for the increase in 1894-95.

522. *Public Works.*—The increase under Public Works in 1891-92 was chiefly due to a sum of Rs. 11,000 spent on an Inam tank, having been refunded by the Inamdar. In 1893-94 and 1894-95, charges incurred on works of sanitation in municipalities were adjusted by debits to Municipal Funds and credit to the department.

523. *Gross Expenditure.*—For the ten years preceding the famine, the average annual expenditure was Rs. 1,05,30,855, the figures ranging between 98 lakhs in 1866-67 and $113\frac{1}{2}$ lakhs in 1875-76. The two famine years together cost 284 lakhs. From 126 lakhs in 1878-79 there was a yearly decrease of expenditure to $99\frac{2}{3}$ lakhs in 1884-85. Since that year there was an increase every year; the expenditure in 1890-91, the last year before the period of this report, being Rs. 1,27,12,819. During all the years since 1878-79 large sums, besides the above, were spent on railways. The total expenditure including that on railways in 1890-91 was Rs. 133,76,623.

524. The expenditure incurred during the period under report is shown in the following statement:—

525. The principal variations occurring under the major heads are detailed below.

526. *Interest.*—The interest paid to debenture holders varies to some extent according as these apply for payment within the year or allow the interest to remain in arrears.

The interest on "Other accounts" is paid for "Savings Bank" deposits or for the Charity Fund. The amounts paid as interest on these two accounts were as follows:—

	1890-91.	1891-92.	1892-93.	1893-94.	1894-95.
	Rs.	Rs.	Rs.	Rs.	Rs.

On Charity Investments		737	4,174	9,924	12,143

527. *Land Revenue.*—In 1893-94, there was increased expenditure of about Rs. 24,893 as remuneration to village officers, owing to adjustment of arrears of previous years. The Irrigation cess which, prior to 1875, was a separate levy of one anna in every rupee of the assessment on wet lands in surveyed taluks, was in that year directed to be merged in the survey assessment. The practice accordingly was that in all recently surveyed tracts, one seventeenth of the assessment was being separated, and shown as irrigation cess in District returns, whereas in the Comptroller's accounts, the whole of the wet assessment appeared as land revenue. To avoid the confusion thus caused an order of Government (No. 1747-59—R.212, dated 30th July 1894) directed that the whole of the assessment of wet lands in taluks surveyed after 1875 should, in the first instance, be credited to Land Revenue and that the lump sums assigned at the settlement as contribution to the Irrigation Funds should be debited by the Comptroller to the Land Revenue and credited in the Irrigation Fund account. In accordance with this order a sum of Rs. 2,25,378 was debited to Land Revenue in 1893-94 (Rs. 1,54,710 for 1893-94 and Rs. 70,668 for 1892-93). In 1894-95 there was an increase over the expenditure of the previous year (deducting therefrom Rs. 70,668 adjusted in that year on account of irrigation cess for 1892-93) which was due to the appointment of some extra Assistant Commissioners and temporary establishments in districts.

528. *Forests.*—In 1891-92, there was a decrease of expenditure during the first 12 months by about Rs. 46,883 due to the absence of an unusual item (purchase of elephants) as compared with the previous year, the difference however being lessened by increased expenditure on account of additional establishment. The expenditure in 1892-93, compared with that of the corresponding period of the previous year, showed a fall of Rs. 1,24,397. Savings occurred chiefly under the heads of 'Conservancy' and Kheddas. In 1893-94 increased expenditure was incurred for collecting timber and other produce, for pay of officers and for purchase of elephants for khedda purposes. There was on the other hand a saving of expenditure on collection of sandalwood and on plantations. In 1894-95 there was a decrease of about Rs. 14,000 in the charges for collecting timber as no money was spent on account of railway sleepers, and of Rs. 7,000 under plantations as reproductive operations were carried on on a limited scale. There was also a large decrease under "Kheddas." On the other hand, there was an increase of outlay on account of sandalwood owing to larger collection, and on account of increased salaries to officers and subordinate establishment. There was a decrease of about Rs. 20,000 on the whole.

529. *Excise.*—In 1891-92 the detective staff was increased and a temporary establishment for regulating toddy revenue was organised, and these two measures contributed to increase the outlay. In 1892-93 the large increase in outlay was due to cartage of liquor from the distillery to the depôts under the revised term, to the payment made to the manufacturers on account of the cost of importing liquor from abroad owing to scarcity of water in the vicinity of the Bangalore Distillery and to the cost of extra establishment. In 1893-94, there was an increase under pay of officers, &c., owing to the appointment of an Assistant to the Excise Commissioner, to the revised scale of toddy establishment introduced during the year, to the toddy amani establishment and to the bonus paid to certain officials of the Excise Department. The charges on account of contingencies also showed an increase to the amount of Rs. 31,771, which included a sum of about Rs. 23,000 incurred in working the toddy farm

of Bangalore City and Cantonment on amani and of about Rs. 7,000 on account of furniture and apparatus purchased for the department. In 1894-95, there was a decrease of expenditure due to the abandoning of the working of the Bangalore toddy farm *amani* and to the charges of 1893-94 under cartage of liquor having included arrears of the previous year.

530. *Registration.*—The increase in 1891-92 was due to increase under "Commission" in proportion to the increased receipts under "Fees," to the local allowance of Rs. 200 sanctioned for the Inspector General and to the increment granted to the establishment. The increase in 1892-93 was due to increased pay given to establishment and the opening of additional Sub-Registry Offices.

531. *Administration.*—In 1891-92 during the first 12 months, there was increased expenditure under "Government House" due to the entertainment of guests; and under "Stationery." In 1892-93, the items contributing to increased outlay were, allowances to Officiating Dewan and payment of arrears due to Councillors, increase of pay to the Chief Secretary and increased charges for the office establishment and Stationery. In 1893-94, the pay of the Councillor (Mr. Chentsal Rao) was enhanced; a Tutor was newly appointed for His Highness the first Prince, and a new building (Fairfield) was purchased for Government. These and some other increased charges raised the expenditure under this head by more than a lakh of rupees. In 1894-95, the reconstitution of the State Council, the pay and exchange compensation allowance of the Tutor to His Highness the Maharaja and an increase in the Dewan's office establishment charges contributed to increase the expenditure, while savings were made under contingencies, stationery and other charges.

532. *Palace Charges.*—The excess in 1891-92 was due to the enhancement of the Civil List of His Highness the Maharaja from 13 to 14 lakhs from 1st June 1891.

533. *Law and Justice.*—In 1891-92 the increase was due to the cost of the District and Sessions Court of Bangalore having been debited for the full year as against only six months in 1890-91, to the occurrence of an unusual charge of about Rs. 4,200 under fees to Public Prosecutor and to the appointment of a Magistrate for Kolar Gold Fields, and of a separate officer for the charge of the Bangalore Jail. In 1892-93 the increase of about Rs. 20,000 was chiefly due to the enhancement of proportionate share of Land Revenue charges on account of increase of pay to Deputy Commissioners and Sub-Division officers. In 1893-94, the increase of Rs. 26,000 was due to the pay of the Chief Judge having been raised, to increments sanctioned to Sub-Judges, to the revised scale of pay of Munsiffs, to the increased rate of pay of the Gold Mines Magistrate and increase of proportionate share of Land Revenue charges. In 1894-95 the increase in the salary of the Chief Judge sanctioned in the middle of 1893-94 was paid for the whole of the year, while it was drawn only for about 6 months in 1893-94. A new Sub-Judge's Court was established in Shimoga.

534. *Police.*—The increase in expenditure in 1891-92 was due to the creation of a Special Reserve Force for the Mysore Town and to the appointment of separate offices for Police work; that in 1892-93 to the appointment of a separate officer as Inspector General of Police, to the payment of arrears and to the increase of pay of some of the Superintendents and Assistant Superintendents. In 1894-95 the increase was due to the additions made to the Bangalore Town Police, to the revised scale of pay of the constables, and the transfer from Municipal to Provincial Budget of the charges of the Police of some of the towns.

535. *Education.*—The creation of the posts of 3 Deputy Inspectors and 1 Sanskrit Inspector, the appointment of a Superintendent for Government Girls' Schools, the employment of additional masters for general instruction and for teaching gymnastics, the establishment of a Library and Museum at Mysore, and the increase of pay granted to Principals and masters, contributed to the increase of expenditure in 1891-92. In 1892-93 the increased expenditure was due mainly to the transfer of the charges of the Taluk Branch Schools from Local to Provincial Funds, to grants made to the Sanskrit College at Mysore, and the Roman Catholic Convent, and the Sadvidyasala at Mysore. The increase of Rs. 32,817 in 1893-94 was principally due to the revision of the scale of pay of the instructing staff, the establishment of Vernacular Schools, the transfer of the charges of certain Village Schools from the Local to the State Funds, and the increase of grant-in-aid to some of the Aided Schools. The

increase in 1894-95 was caused by the additional establishment sanctioned for the office of Inspector General, and the increments granted to Principals and masters, by the appointment of an English Professor and additional masters to the Maharaja's College, by the transfer of the cost of certain schools to the Provincial charges from Municipal Funds, by the opening of new schools, by payments made to students studying in England, and by the increased grant given to the Mysore Sanskrit College and other institutions.

536. *Muzrai.*—The increase in 1891-92 was due to the transfer of certain Muzrai institutions from the Palace to the State Budget and the appointment of a Muzrai Superintendent towards the latter part of the year, and that in 1894-95 to sums spent on "Construction and Repairs." The decrease in 1892-93 was due to adjustments made in the previous year.

537. *Medical.*—There was increase in expenditure during all the years under report. Periodical promotions granted to officers, the entertainment of additional Assistant Surgeons and Hospital Assistants, the purchase of Europe and country medicines, the purchase of articles in connection with lanoline vaccination, the increase of pay granted to the Senior Surgeon, and exchange compensation allowance paid to some of the officers of the department, and disbursement of arrears of pay, were some of the causes which contributed to the increase.

538. *Scientific and Minor Departments.*—The increase in 1891-92 occurred under the heads "Census" and "Minor." In 1892-93 the expenditure under Archæological Researches rose owing to the appointment of an Assistant Director; expenditure was incurred in connection with the Mysore Civil Service Examination, and on the establishment of the Meteorological Department. *Per contra* there was a decrease under Census charges which accounts for the decrease. The absence of any of the above mentioned special items led to a decrease in 1893-94. In 1894-95 the organisation of a special party for prospecting the gold tracts in the State, the appointment of two officers of the Geological Survey of the British Government, the adjustment of the charges incurred on account of the exhibits sent to the Chicago Exhibition, and the fees to the examiners who conducted the Mysore Civil Service Examination, contributed to the increase in expenditure.

539. *Allowances and Assignments.*—The increase in 1891-92 was due to payment of Rs. 17,500 on account of life pension sanctioned by Government to one Subhadrabai; the decrease in 1892-93 to the payment made in 1891-92 including arrears of previous years; the increase in 1893-94 to pensions of Pallegars having been increased by 50 per cent; and the decrease in 1894-95 to the stoppage of the monthly allowance to Chamaraj Bahadur, and the death of one of the pensioners.

540. *Miscellaneous.*—The decrease in 1891-92 was due to the adjustment in 1890-91 of the expenses incurred on account of the reception of His Royal Highness Prince Albert Victor. In 1892-93 a moiety of the charges of H. H. the Maharaja's tour in Northern India was debited to Provincial Revenue. The absence of these special items led to a decrease in 1893-94. In 1894-95 the following extraordinary charges included under this head contributed to the increase:—

		Rs.
1.	Bangalore City Improvement	39,968
2.	Reception of His Excellency the Viceroy in 1892	28,291
3.	Reception of His Highness the Gaekwar of Baroda ...	14,566
4.	Presentation of Khillats during Dasara	29,448
5.	His Highness the Maharaja's northern tour in 1894 ...	76,913
6.	Provincial tour charges	39,324
7.	Obsequial ceremonies of the late Maharaja	12,913
8.	Famine relief	89,638
9.	Promised contribution for tank works remitted	20,566
		3,51,627

With the exception of items 5 and 7 all other charges were incurred in previous years and adjusted in 1894-95.

541. *Military.*—The increase in 1891-92 was due to the transfer of the cost of Palace Infantry and Body Guard from the Palace to the State Budget, and compensation sanctioned to Savars in consideration of the high prices of forage, in 1892-93 to the supply of a new pattern equipment and saddlery for the Imperial Service Corps and the purchase and maintenance of transport ponies and of

stallions for the Kunigal Farm. The absence of such special items led to a decrease in expenditure in 1893-94. In 1894-95 the increase was due to the increase granted to some of the men according to the revised scale, the revision of pay of the Barr Sepoys, and the purchase and feed of transport ponies, saddlery and equipment.

542. *Revenue Surplus.*—The following tabular statement shows the gross revenue, gross expenditure and the surplus of the State from the year 1881-82 :—

1894-95	180,51,490	163,65,943	+ 16,85,547	107,23,615

* This and the succeeding figures do not include the Railway Loan of 20 lakhs raised in 1882-83.

Deducting the gross expenditure from the gross receipts and the opening balance, the revenue surplus was Rs. 13,25,274 at the close of 1881-82. From that year up to 1884-85 the expenditure exceeded the income every year. In 1885-86 there was a surplus from current revenues after defraying all the expenditure for the first time after the beginning of His Highness the late Maharaja's Rule ; and this result has continued since with a break in 1891-92. In 1882-83, the Railway loan of Rs. 20,00,000 added to year's current revenues helped to keep up the surplus, and at the end of 1884-85 the surplus amounted to Rs. 21,20,391. Deducting the opening balance and the 20 lakhs raised as a loan, the deficit for the first four years of the Native Administration was Rs. 22,87,047. But against this, it must be noted, that the amount spent as capital expenditure on railways during these years was Rs. 37,80,462. The closing balance of 1890-91, inclusive of the Railway loan of twenty lakhs, was Rs. 104,76,057. Owing to causes already mentioned, the collections of 1891-92 fell below that of the preceding year while the expenditure increased. This reduced the surplus in 1891-92 to Rs. 89,31,909. The surplus, exclusive of opening balance for each of the three subsequent years, was—Rs. 4,32,933 in 1892-93, Rs. 16,73,226 in 1893-94 and Rs. 16,85,547 in 1894-95, making the total surplus at the end of the period of this report, Rs. 107,23,615, inclusive of the opening balance, and Rs. 127,23,615 including the Railway Loan of 20 lakhs.

District Funds.

543. *Number of Circles and Members.*—There were 9 Local Fund Circles, 1 for each of the districts with the exception of Mysore, which consisted of 2 circles : one for the French Rocks Sub-Division and the other for the other portion of the district. The number of members at the end of the period under report in each circle was as shown below :—

547. The details of the D. P. W. charges and of the more important works executed during the period under report are shown in the section of this report dealing with the department of Public Works. The increase under "Office Establishment" was due to one-third of the cost of establishment of the Dewan's

office having been debited to District Funds from 1892-93 instead of to the Provincial, and to additional hands having been sanctioned for the offices of the Presidents and the Comptroller; the decrease under "Medical Scholarships" was due to the decrease in the number of scholarships awarded to students trained as Hospital Assistants; the increase under "Pay and Scholarships of Midwives" to increase in the number of scholarships given for training women as midwives; the increase under "Sweepers for Travellers' Bungalows and Musafirkhanas" to the increase in the number of Bungalows and Musafirkhanas and the increase of pay given to the sweepers; the increase under "Conservancy and Sanitary Charges" to the employment of sweepers in 20 villages where no municipalities existed; the decrease under "Vaccination" to the absence of provision in the years subsequent to 1891-92 on account of animal vaccination; and the increase under "Pounds" to the construction of additional pounds and payment of arrears of commission to the pound-keepers.

548. *Closing Balance.*—Deducting the expenditure of 1894-95 from the amount of the receipts in that year (Rs. 6,23,977) *plus* the opening balance at the beginning of that year (Rs. 4,11,948), there was at the end of the year, a closing balance of Rs. 4,51,378.

Vital Statistics and Medical Services.

[Note.—This section of the report covers a period of 4 years and 6 months, *i. e.*, the calendar year 1891, the year 1892-93 comprising 18 months, from 1st January 1892 to 30th June 1893 and the official years 1893-94 and 1894-95.]

549. Births and Deaths—*Population.*—The total population of the State (excluding the Civil and Military Station, Bangalore) according to the census of 1891 was 4,843,523, *viz.*, 2,433,262 males and 2,410,261 females, showing an increase of 750,875 over the census of 1881, when the population was 4,092,648 or 2,038,865 males and 2,053,783 females.

550. *Births.*—The following statement shows the number of births with ratio per mille of the population during the period under report:—

		Number of births registered.	Ratio of births per mille of the population.
1891	...	... 95,922	19·80
1892-93	12 months	... 84,303	17·40

1893-94	...	... 87,714	18·10
1894-95	...	... 95,302	19·67

551. *Ratio of Males to Females.*—The ratio of males born to every 100 females born was 104·14 in 1891, 104·98 in 1892-93, 106·22 in 1893-94, and 105·55 in 1894-95

552. *Deaths.*—The folllowing statement exhibits the number of deaths registered with the ratio per mille of the population:—

		Number of deaths registered.	Ratio of deaths per mille of the population
1891	...	... 67,982	14·03
1892-93	12 months	... 78,509	16·20
	18 months	... 121,045	24·99
1893-94	...	... 65,445	13·51
1894-95	...	... 64,231	13·26

553. *Excess of Births over Deaths.*—The excess of births over deaths per mille of the population was 5·77 in 1891, 1·20 in 1892-93 (12 months), 4·60 in 1893-94 and 6·42 in 1894-95.

554. *Causes of Death.*—The chief causes of death are shown in the following statement:—

	1891	1892-93		1893-94	1894-95
		12 months.	18 months.		
Cholera	1,204	668	5,608	856	2,120

Total ...	67,982	78,509	1,21,045	65,445	64,231

555. *Comparison with the previous four years.*—A comparison of the above figures with those of the previous four years 1887 to 1890 shows that there was a reduction in the average mortality from 76,622 in the four years concluding with 1890 to 70,802 in the four years and six months under report. Deaths from fever decreased from 44,258 to 39,371, those from small-pox from 5,434 to 4,918, and those from bowel-complaints from 5,608 to 4,704. But deaths from cholera increased from an average of 1,190 to 2,175. The largest mortality occurred under the head 'Fevers' under which many diseases other than fever, such as pneumonia and others which are accompanied by febrile symptoms are classed. 'Fevers' were the cause, in every year under report, of more than 50 per cent of the total number of deaths, and this result was due apparently to the malarious character of many places in the State and to the insanitary surroundings of the people, especially of the poorer classes in most of the villages and towns. The mortality from small-pox reached, in 1894-95, the lowest figure on record, and as the disease prevailed in many places, this result may be attributed to the greater success with which vaccination operations were carried on.

556. *Medical Relief—Control.*—Dr. T. J. McGann, F.R.C.S.E., was the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

557. *Number of Hospitals and Dispensaries.*—At the close of the period under report, there were 115 institutions in all against 95 in the year 1890. Of these 4 were Hospitals with dispensaries attached to them, 6 were dispensaries with wards for a few in-patients, and 96 were mere dispensaries for out-patients, with provision for one or two beds for the treatment of serious and urgent cases. The remaining nine consisted of five special hospitals, three Jail Hospitals and one Military Dispensary.

558. *Distribution by Districts.*—The Hospitals and Dispensaries were distributed as follows over the different districts at the end of 1894-95 :—

	Number of taluks and sub-taluks.	Number of hospitals and dispensaries.
Bangalore	10	19
Kolar	11	13
Tumkur	11	13
Mysore	14	22
Hassan	8	12
Shimoga	9	14
Kadur	6	12
Chitaldrug	8	10
Total	77	115

559. *Classification of Hospitals.*—The Government City Hospital and the St. Martha's Hospital at Bangalore, and the General Hospitals at Mysore and Shimoga were institutions of the first class. The hospitals at the head-quarters of the other districts and that of Settihalli (managed by Roman Catholic priests) were of the second class, while the dispensaries maintained at the head-quarters of taluks and at some other important towns or villages, belonged to the 3rd class.

560. *Number in each year.*—The following statement shows the number of hospitals and dispensaries in the State during each of the years under report:—

	1891	1892-93	1893-94	1894-95
First class	3	3	3	4

570. *Percentage of Females.*—The percentage of females to the total number admitted was 27·08 in 1891, 24·44 in 1892-93, 22·80 in 1893-94, and 20·58 in 1894-95.

571. *Deaths.*—There was cholera in the City of Bangalore in 1892-93, and 5 deaths occurred from it in the Asylum.

572. *The Employment of Inmates.*—The inmates were employed in gardening, weaving cloths and cumblies, keeping the premises clean and doing other work. Some periodical amusements were provided, and a few books and periodicals were supplied to those who were able to read.

573. *Observation of Persons of Unsound Mind.*—Under the orders of Government, No. 18337—J. 1295, of 26th April 1894, persons supposed to be of unsound mind were admitted for observation upon orders issued by Magistrates of the Civil and Military Station and of the City.

574. *Criminal Lunatics.*—At the close of the year 1890, there were 26 Criminal Lunatics. From January 1891 to June 1895, 35 were admitted. The number that remained at the close of the year 1894-95 was 39. Of these 28 were under-trial prisoners, 6 were life-convicts, 4 were persons confined after acquittal on the ground of insanity at the time of committing the crime, and 1 had been sentenced to undergo imprisonment for a term. The following statement gives particulars regarding criminal lunatics:—

579. *Treatment.*—There being no law concerning compulsory segregation, only the poorer class of persons afflicted with this disease, resorted to this institution and generally only during the later stages. Close attention was paid to food, clothing and sanitation. The recognized remedies as Gurjin oil, Ichthyol, Chalmogra, &c., were employed. No permanent cure was achieved in any case, but in almost all cases the suffering was lessened and the progress of the disease retarded.

580. *Cost.*—The cost of the institution was as follows: —

		Rs.
1891	... ...	2,650
1892-93	first 6 months	1,732
	12 months	3,238
1893-94	... ...	2,624

1894-95	132	190	26·82	9	2·79	...	11,789	55·33

Both the hospitals were under the charge of lady doctors.

583. *Cost.*—The cost incurred in these institutions was:—

	Maternity Hospital, Bangalore.	H. H. Maharani's Hospital, Mysore.
	Rs.	Rs.
1891	5,637	7,087
1892-93 (12 months) ...	6,955	4,418
1893-94	8,342	4,026
1894-95	7,781	4,236

The variations in the cost were due to the increase in the number of patients, the absence on furlough of one of the lady doctors, cost of purchasing bedding, clothing and furniture, and decrease or increase under the heading Establishment.

584. *Midwives.*—The number of midwives in the service of Government at the end of 1890 was 11. In the year 1891, Government approved the recommendation of the Senior Surgeon that qualified midwives should be appointed to all the taluks in the State, and with a view to carrying out the proposal, sanctioned a scholarship of Rs. 10 a month to each woman willing to qualify herself as a midwife, during training. The number of such scholarships granted was 4 in

1891-92, 7 in each of the years 1892-93 and 1893-94, and 11 in 1894-95. In the year 1892, the Government ordered the establishment of training classes at the Maternity Hospital, Bangalore, and Her Highness the Maharani's Hospital, Mysore, to minimize the difficulty of securing qualified midwives. The following statement shows the number of midwives employed during the period under report:—

	Number of midwives.
1891	19
1892-93	25
1893-94	46
1894-95	63

In addition to the above number, there were in 1892-93, two matrons and one midwife, in 1893-94 five midwives, and in 1894-95, two matrons doing duty at the Female Hospitals in Bangalore and Mysore. There were at the end of the period under report, 24 midwives under training at Bangalore, Mysore and Madras.

585. *Number of Cases attended to by Midwives.*—The number of cases attended to by midwives was 881 in 1892-93, 1,440 in 1893-94, and 3,104 in 1894-95.

586. The Chattram Hospital, Bangalore.—This hospital was opened on 1st July 1891. It is located at a safe distance from the Railway Station, at the western end of the City, and is available for the accommodation and treatment of cases of infectious or communicable diseases occurring among the residents of the city or pilgrims or others arriving by train from the shrines of Tirupati, Srirangam, &c. For such pilgrims, special accommodation is provided in the buildings near the hospital, and arrangements have been made for quarantining them if necessary.

587. *Number of Persons Treated.*—The following statement gives the number of persons treated in the hospital:—

	Total Number.	Cholera.	Small-pox.	Other cases.
1891	35	28	5	2
1892-93	35	22	7	6
1893-94	63	28	6	29
1894-95	14	1	2	11

The number of deaths was 17 in 1891, 15 in 1892-93, 17 in 1893-94, and 3 in 1894-95.

588. *Out-patients.*—The number of out-patients treated was 30 in 1893-94 and 15 in 1894-95.

589. *Pilgrims.*—The number of pilgrims who halted at the Chattram was 3,882 in 1891, 3,128 in 1892-93, 5,892 in 1893-94, and 8,316 in 1894-95. Of the above, 5,500 pilgrims in 1893-94 and 7,413 in 1894-95 received rations at the cost of Municipal Funds.

590. *Cost.* The cost of the institution was Rs. 1,564 in 1893-94 and Rs. 1,422 in 1894-95.

591. Chemical Examiner.—The duties of the Chemical Examiner were performed by the Civil Surgeon of Mysore. The work done by him is shown in the following statement:—

Years.	Number of articles sent for examination.	Suspected cases of poisoning.	Number in which arsenic was found.	Datura.	Other poisons.	Cases in which no poison was found.	Blood stains.	Rape.	Abortion.	Arrack.	Water analysis.	Other articles.	Reference disposed of.	Total.	Percentage of real to suspected cases.

592. *Sanitation.*—The works carried out for improving the sanitation of towns are referred to in the section of the report dealing with the Sanitary Engineer's Department; and the expenditure incurred by Municipalities for purposes of sanitation is shown under Municipalities.

VACCINATION.

[NOTE.—The year 1891-92 was composed of 15 months, from 1st April 1891 to 30 June 1892.]

593. *Departmental Agency.*—This agency consisted of Deputy Inspectors of Vaccination and Vaccinators working under the control of the Senior Surgeon and Sanitary Commissioner. There were eight Deputy Inspectors, one for each district. Of Taluk Vaccinators there were 97 in 1891-92, 95 in 1892-93 and in 1893-94, and 96 in 1894-95. The Municipalities which employed special vaccinators in 1891-92 were :—

(1) Bangalore City Municipality, which had 2 male and 1 female vaccinators.
(2) Mysore Municipality, which had 1 male and 1 female vaccinators.
(3) Seringapatam Municipality, which had 1 male vaccinator.

In 1892-93, one Municipal vaccinator was appointed at Chikballapur and one at Shimoga, and in 1893-94, one was appointed at Kolar. Thus there were at the end of the period nine Municipal Vaccinators. Medical Subordinates attached to hospitals and dispensaries also took part in the work of vaccination and inspection. Deputy Commissioners and other Revenue Officers tested the work of vaccinators while on Jamabandi and other tours.

594. *Work done by Vaccinators.*—The work done by Taluk and Municipal vaccinators, and by medical subordinates attached to hospitals and dispensaries during the period under report, is shown in the subjoined table :—

598. *Cost.*—The cost of the department for the period under report was :—

	Circles and Districts.	Municipalities.	Total
	Rs. a. p.	Rs. a. p.	Rs. a. p.
1891-92 { 15 months ...	23,328 14 3	1,052 7 10	24,381 6 1

1894-95	19,300 6 5	1,026 12 4	20,327 2 9

The variations in the total cost were due to incidental causes like the increased rate of pay drawn by some of the Deputy Inspectors of Vaccination and the absence of several vaccinators at some seasons owing to sickness. The average cost of each successful case was annas 3 pies 8·35, excluding the cost of the Vaccine Institute, and annas 4 pies 11·12, including it, in the year 1894-95.

599. *Deaths from Small-pox.*—The number of deaths from small-pox during the period under report was :—

1891-92 { 15 months...		8,703
1891-92 { 12 months		6,267
1892-93		7,229
1893-94		3,211
1894-95		1,740

The annual average during the period under report was 4,611 against 5,434 in the previous four years.

600. *Vaccine Institute.*—On the 14 March 1892, a vaccine institute was established at Bangalore for the manufacture of Lanoline vaccine paste for distribution to the vaccinators and medical subordinates in the State. It was in the charge of a Superintendent assisted by two vaccinators and a clerk. The following statement shows the quantity of Lanoline vaccine paste manufactured and issued during the period under report, the figures given representing the number of cases for which the quantity under each head would suffice :—

	Total quantity manufactured.	Quantity distributed in the State.	Quantity sent to stations outside the State.
1891-92 (from 14th March 1892 to 30th June). ...	26,061	.....	.....

1894-95 ...	178,792	146,960	31,832

The net expenditure incurred for the Institute after deducting the amount realized by sale of vaccinated calves, paste, &c., was Rs. 652 in 1891-92, Rs. 3,522 in 1892-93, Rs. 4,563 in 1893-94, and Rs. 4,314 in 1894-95.

EMIGRATION.

601. The District Magistrate of Bangalore registers the emigrants from the State to places beyond the sea. The number registered was 46 in 1891-92 (37 males and 9 females), 21 in 1892-93 (19 males and 2 females), 28 in 1893-94 (26 males and 2 females), and 56 (48 males, 4 females and 4 children) in 1894-95, the destination in each case being Natal. Laborers on a pretty large scale resort to plantations in Coorg, Wynaad and Nilgiris, but they return after staying a few months. There are no statistics available to show the number of such persons,

EDUCATION.

[NOTE.—The statistics relating to the number of schools and scholars for 1891-92 are for the 12 months ending the 31st March 1892, while the returns relating to expenditure are for the 15 months ending the 30th June 1892.]

602. *Direction and Control.*—Mr. H. J. Bhabha, M. A., was at the head of the Department during the period under report, under the designation of Education Secretary.

603. *Inspecting Agencies.*—Up to 1st September 1891, the regular work of inspection was performed by 4 Circle Deputy Inspectors, the Deputy Inspector of Sanskrit schools and 11 Sub-Deputy Inspectors. The Inspecting Agency was re-organized in accordance with Order C. No. 80-88, dated 1st September 1891, Educational. The grade of Sub-Deputy Inspectors was abolished. Eight circles were formed corresponding to the eight districts with the exception of Hassan and Kadur, which together formed the circle of one Deputy Inspector, and of Mysore which on account of its large area and population formed the circles of two Deputy Inspectors. Thus there were, during the period under report, 8 Deputy Inspectors under whose direct control all Middle and Primary Schools were placed. The office of Deputy Inspector of Sanskrit Schools was abolished. The Assistant to the Secretary was relieved of inspection work. The Hindustani schools in the State were placed under two Assistant Deputy Inspectors, and the *Kannada Hobli* schools of Bangalore and Kolar under an Assistant Deputy Inspector.

604. *Number and Strength of Institutions.*—The number of Institutions, public (*i. e.*, those in which the course of study conforms to the standards prescribed by the Department of Public Instruction or by the University, and which either are inspected by the Department or present pupils at the public examinations held by the Department or by the University) and private, and the number of pupils studying therein, are given in the following statement:—

605. *Percentage of Pupils to the School-going Population.*—Assuming the school-going population to be 15 per cent of the total population, as has been done hitherto, the percentage of pupils to the total school-going population was as follows :—

	In 1890-91	In 1894 95
(1) Of boys under instruction to the total number of boys of school-going age	24·21	27·73
(2) Of girls under instruction to total number of girls of school-going age ...	2·22	2·77
(3) Of both boys and girls to the total school-going population... ...	13·27	15·28

If however the school-going age be taken to be 5 to 19 in the case of boys and 5 to 14 in the case of girls, the school-going population will, according to the Census of 1891, be found to be 1,336,107 (*i. e.*, 782,755 boys and 553,352 girls) or 27·03 per cent of the total population. Calculated with reference to these figures, the percentages of boys and girls under instruction were as follows :—

	In 1890-91	In 1894-95
(1) Of boys under instruction to the total number of boys of school-going age	11·28	12·98
(2) Of girls under instruction to total number of girls of school-going age ...	1·45	1·77
(3) Of both boys and girls to the total school-going population ...	7·21	8·30

611. *Collegiate Education.*—There were three Arts Colleges in the State, the Central College at Bangalore, the Maharaja's College at Mysore and the Shimoga College. The Central College was, during the period of report, a first grade College and the Shimoga College a second grade one. The Maharaja's College, Mysore, was a second grade College till February 1894, when it was raised to the first grade, provision having been made therein for instruction in Mathematics and History for the B. A. Degree Examination.

612. *Sanskrit Colleges.*—There were two Sanskrit Colleges, one at Mysore and the other at Bangalore.

613. *Bháshojjivani Pátasàla.*—The Bháshojjivani Pátasála which h Pandits' classes and which had for its object the revival and promotion of F language and literature, ceased to exist in January 1894, and it was m the Government Normal School.

614. *Results of the B. A. Degree Examination.*—The following table gives the number of candidates that passed the Bachelor of Arts Examination from the Central College, Bangalore, during the four years under report :—

616. *Students' Homes.*—In 1894-95, a Students' Home in connection with the Maharaja's College, Mysore, was opened. Students' Homes were also established in that year at Chitaldrug and Kolar in connection with the Government High Schools in those places.

617. *Library.*—All Colleges and High Schools were provided with libraries. In 1891, a librarian was appointed for the Central College.

618. *Sports and Games.*—A gymnastic tutor was appointed for the Central College in 1891. Its students took a great interest in cricket, tennis, foot-ball and gymnastics, and were successful in various competitive games in Madras and elsewhere.

619. *Improvements.*—In 1892-93, a tiffin room was built and the new Chemical Laboratory was completed, in the Central College premises, and a new building was provided for the Maharaja's College, Mysore.

620. *Scholarships for Professional and Technical Education.*—To distinguished Mysore students scholarships are given, tenable at the Professional Colleges in British India and England. The following table shows the Technical Scholarships awarded in 1894-95 according to Comptroller's accounts :—

622. *Number of Pupils.*—In 1894-95 the total number of pupils in the 13 English High Schools was 3,424, in the 62 English Middle Schools for boys 9,290, in the [illegible] Middle Schools for girls 512, in the 88 Vernacular Middle Schools for boys 9,551, and in the 9 Vernacular Middle Schools for girls 1,585.

623. *Local Examinations for Pupils and Teachers.*—In the year 1891-92, two schools prepared candidates for the examination, the Bháshojjivani Pátasála and Government Hindustani School, Mysore. Since the year 1892-93, only the former sent up candidates. In 1894-95 it was amalgamated with the Normal School, Mysore.

624. *Results of the Secondary Examinations.*—The following table shows the number of successful candidates in the Matriculation and Lower Secondary, and other local examinations :—

Name of Examination	1891-92	1892-93	1893-94	1894-95	Total	Total for the previous 4 years
Matriculation	194	39	59	95	387	469

Local Pupils' Examination ...	184	127	123	156	590	430
Local Teachers' Examination.	10	21	23	21	75	30

The large decrease in the number of candidates who passed the Matriculation Examination in 1892-93 was due to the alterations made in the rules for the admission of candidates and in the standard of the examination itself. The revised rules required that candidates should have, except in a few special cases, studied for three years in recognised High Schools and be certified to be fit to enter upon a University course. Text books in English were abolished and the minimum for passing in English was raised to 40 per cent. The minimum in other subjects was also raised, namely, to 35 per cent. The examination held in December 1892 having been the first held under the revised rules, there was a large fall in that year in the number of candidates who presented themselves for examination and the percentage of successful candidates.

625. *Primary Education.*—The following table gives the number of Primary Schools and scholars therein in the years under report :—

	English		Vernacular		Total number of schools	Total number of pupils
	Number of schools	Number of pupils	Number of schools	Number of pupils		
1891-92	9	357	1,269	43,913	1,278	44,270

1894-95	... ..	.....	1,438	49,595	1,438	49,595

From the year 1892-93, all Primary Schools teaching English were regarded as Middle Schools, and all the Primary Schools gave instruction only in the Vernaculars.

626. *Village School Committees.*—By Order C. No. 23-41, Educational, dated 29th May 1893, every village school was ordered to be placed under the supervision of a committee composed of three to five intelligent leading men of the village likely to take interest in the progress of the school. In 1893-94, committees were appointed for the management of schools in the Magadi, Nelamangala and Dodballapur Taluks of the Bangalore District; of *Hobli schools* in the taluks of Kolar, Chintamani, Sidlaghatta, Chikballapur, Bagepalli and Goribidnur, and of the Taluk Branch schools in the Mulbagal and Malur Taluks, Kolar District; of about three-fourths of the number of village schools in the Tumkur District; of 72 schools in the North Circle and all the schools in the South Circle, Mysore District; of 30 schools in the Hassan and Kadur Circles, and of a large number of schools in the Shimoga and Chitaldrug Districts. The work of appointing committees was continued in 1894-95. The committees are reported on the whole to have contributed to the better working of the village schools placed under their supervision.

627. *Girls' Schools.*—The following table gives the number of girls under instruction during the period under report :—

	Number of Girls' Schools	Number of Girls	Number of Girls in Boys' Schools	Number of Girls in Private Schools	Total
1891-92	105	7,523	2,955	884	11,362

1894-95	145	9,239	2,992	529	12,760

628. *Her Highness the Maharani Girls' School, Mysore.*—In April 1891, this Institution was placed under the supervision of a committee. The committee re-organized the classes and the staff and appointed five qualified pupils as mistresses. Miss K. Vokins, of Newnham College, was appointed Lady Superintendent. In 1892-93, the staff was strengthened by the appointment of Miss K. Khastigiri, B.A., of the Bethune College, Calcutta, as Assistant Lady Superintendent. In

1893-94, Rai-Bahadur A. Sreenivassacharlu deposited Rs. 3,000 in the Government Treasury for the endowment of three scholarships and a prize to be given to the successful pupils of the school. Two special classes for the education of widows, with a view to their being ultimately trained for the work of teachers, was opened in April 1895. Scholarships for the widows were provided from the interest of the Davaraj Bahadur Fund by the Trustees. The number of pupils on the roll in 1894-95 was 367, of whom 11 belonged to the High School Department, 9 to the Vernacular Upper Secondary Department, 21 to the Middle Classes, 17 to the widow classes, and 307 to the Primary classes. 45 pupils were holders of scholarships, of which the total amount drawn was Rs. 5,020. 313 pupils were Brahmins, 28 Lingayats and 18 Hindus of other castes. Five pupils passed the Lower Secondary Examination.

629. *Home Education Classes.*—There were 30 pupils in 1894-95 in the Home Education classes of the above School. In those of the Empress School, Tumkur, there were 60 pupils. The instruction was of an elementary character.

630. *Normal School.*—The Government Normal School, Mysore, was opened on the 22nd January 1894. The school is designed to impart general as well as special instruction. It consists of five classes, from the fifth to the ninth. Admission to the V class is restricted to Schoolmasters and others who are fit for the IV Vernacular Standard, to the VI class to those who have passed the Lower Secondary Examination, and to the VIII class to those who have passed the Vernacular Upper Secondary Examination. The VII and IX classes were taken over from the Bhashojjivani Pátasala. The school prepares schoolmasters and others for four distinct examinations, *viz.*, the Kannada Pandits' Examination, the Vernacular Upper Secondary Examination, the Lower Secondary Examination and the Teachers' Certificate Examination. Teachers in the service of Government are allowed to draw during their stay at the Normal School, a portion not exceeding one-half of the pay of their substantive appointments, in addition to their stipends, if any. The curriculum of the school includes, besides the subjects of general instruction, free-hand drawing, drill, schoolmanagement, Kindergarten methods of teaching, object lessons, black-board exercises and criticism and model lessons. Sixteen stipends are reserved for Muhammadan students. A Students' Home was opened in connection with the Normal School on the 12th February 1894. The number of resident students before the end of the first term of 1894 was 40, and there were 117 pupils on 30th June 1895.

631. *Training School for Mistresses.*—A training class for Vernacular Mistresses was opened in the Maharani Girls' School, Mysore, in January 1894 consisting of five students that had passed the Lower Secondary Examination. Another class was opened in 1895, and the two classes had fourteen students.

632. *Night Schools.*—There were three night schools, one at Mysore, one at Melkote, and one at Mirle. In 1891-92, two new schools were opened, one at Javaranahalli in Nagamangala taluk and another at Ganjur in Chintamani taluk In 1892-93, the Wesleyan Mission opened a night school for Madigas at Tyamagondlu. The school at Mysore was so popular that a branch of it was established in Mandimohalla. In September 1892, an aided school was opened at Nanjangud; but it was closed in the following year. During the year 1894-95, night classes for adults were maintained at Mandikal in the Chikballapur Taluk, Nambihalli in the Srinivaspur Sub-Taluk and Gowrihalli in the Chintamani Taluk, In the Tumkur District, the Wesleyan Mission started a school at Tumkur. There was also another Hindu night school at that station. The Sowar Lines Night School, Mysore, was well attended. The Chamarajpet Night School, Mysore, was newly opened. In the year 1894-95, the total number of pupils attending all the night schools as far as could be ascertained was 334.

633. *Industrial Schools.*—Two Industrial Schools were maintained by Government, one in Hassan and another in Mysore. In the former, carpentry and rattan work and a little of blacksmith's work are taught. Its strength was 18 in 1891-92, 30 in 1892-93, 22 in 1893-94, and 25 in 1894-95. The Mysore school was opened in February 1892 with 109 pupils. Its strength was 102 in 1892-93, 64 in 1893-94 and 78 in 1894-95. In it masonry work, mechanic's work, blacksmith's work, carpentry, rattan work and weaving are taught. Drawing

and modelling are compulsory subjects for all. Carpentry, fret work, rattan work and blacksmith's work had so far advanced in 1894-95 that the school was able to execute orders from the public to the value of Rs. 1,202. Almirahs, writing desks, lever padlocks, steel knives, fancy baskets and paper-cutters were among the articles turned out. A large number of the students receive scholarships varying from annas eight to rupees three each. A carpentry school at Melkote received aid from Government, but it had only 8 lads under instruction in 1894-95.

634. *Mission Industrial Schools.*—The Wesleyan Mission maintained Industrial Schools at Tumkur and Hassan, and the Methodist Episcopal Mission at Kolar. There was, besides, a St. Joseph's Caste Industrial School at Mysore.

635. *Sanskrit Schools.*—Besides two Sanskrit Colleges, there were, in 1891-92, 43 aided and 7 unaided Sanskrit Schools in the State; in 1892-93, 38 aided and 5 unaided schools; in 1893-94, 35 aided and 6 unaided schools. In the year 1894-95, the number of aided schools decreased to 32 and that of unaided to 3. The strength of all these schools was in 1892-93, 1,525; in 1893-94, 1,306 and in 1894-95, 1,134.

636. *Education of Special Classes—Europeans and Eurasians.*—In 1894-95 there were 3 schools, 1 at Bangalore and 2 at Mysore, for Europeans and Eurasians with a strength of 96 pupils. There were besides 48 boys and 30 girls of these communities in schools open to all classes.

637. *Muhammadans.*—There were in 1894-95, 21 Middle Schools for Muhammadans—20 maintained by Government and 1 aided—with 1,849 pupils; 145 primary schools, 131 being Government, 11 aided and 3 unaided schools with 5,022 pupils; and 28 Girls' Schools with 1,173 pupils. There were besides 2,947 Muhammadan boys and 18 girls in other public schools. The number of Muhammadan boys in private institutions was 1,932. The total number of Muhammadan boys at school was 11,171 and that of girls 1,770. In 1891, 2 Muhammadan students passed the B.A. degree examination in the Language Branch and 7 passed the Matriculation Examination. In 1892, one passed the F.A.; in 1893, one passed the B.A., one the F.A., and two the Matriculation; in 1894, two passed the F.A. and three the Matriculation. In the year 1891, 26 scholarships varying from Rs. 2 to 5 each per month, were given for a period of one year to deserving Muhammadan students receiving English education from the Senior B.A. class downwards. In the years 1892 and 1893, 28 scholarships varying from Rs. 3 to 4, were given to such students from the Senior F.A. class downwards, and during the year 1894, 28 scholarships varying from Rs. 2 to 7 a month were given. In addition to the above, such of the scholarships allotted for sons of Pallegars as were left un-claimed by them were given to sons of important Muhammadan pensionaries. The number of such scholarships held by Muhammadan students was 9 in 1891 and 11 in each of the years 1892, 1893 and 1894.

638. *Depressed Castes.*—For the children of depressed castes, there were in 1894-95, 13 Government schools with 342 pupils and 18 aided schools with 672 pupils. There were besides 318 pupils in schools open to all classes. The total number of children of low castes under instruction was 1,332 of whom 1,143 were boys and 189 girls.

639. *Pallegar Scholarships.*—Every year scholarships varying in amount from Rs. 5 to Rs. 2 were awarded to sons of Pallegars. The number of such scholarships held by them was 13 in 1891 and 15 in each of the years 1892 and 1893 and 17 in 1894.

640. *Total Expenditure on Education*—The following statement shows the total expenditure on Education and the sources from which it was derived:—

	1891-92 (15 months)	1892-93	1893-94	1894-95
	Rs.	Rs.	Rs.	Rs.
Provincial Funds	4,84,762	4,15,416	4,10,628	4,37,301
Local Funds	2,09,499	1,78,070	1,89,457	1,92,169
Municipal Funds	25,022	20,031	16,912	30,932
School fees	82,584	72,496	81,534	88,846
All other sources	1,01,164	77,663	88,488	71,562
Total ...	9,03,031	7,63,676	7,87,019	8,20,810

641. The increase of expenditure from State Funds in 1894-95 was due to the appointment of additional Professors and Assistant Masters in the Government Colleges in Mysore and Bangalore, to the grant of increments which accrued to graded masters, to the entire cost of taluk English schools instead of a fourth part being met from State Funds in accordance with Order No. 309-25, dated 2nd November 1894, and to the increase in the number and pay of masters in Anglo-Vernacular and Vernacular schools situated in Taluk Head-quarters. There was also an increase under other items of expenditure like building-grants, book department and cost of furniture and apparatus. The increase under Municipal contributions in 1894-95 was due to a fresh contribution of Rs. 14,750 made during the year by Municipalities in accordance with Government Order Camp No. 11-20—L. F. 116-63, dated 12th October 1894.

642. *Grants-in-Aid.*—The following statement shows the amount paid as grants-in-aid :—

		State Funds. Rs.	Municipal Funds. Rs.	Total. Rs.
1891-92	12 months	33,496	11,065	44,561

643. *Buildings.*—The following statement shows the amount spent upon the construction of school buildings by departmental agency and by the Public Works Department, as well as the amount given away as grants for the same purpose :—

	Departmental expenditure. Rs.	Spent by the Public Works Department. Rs.	Building grants. Rs.	Total. Rs.
1891-92	27,029	80,298	3,900	1,11,227
1892-93	28,429	47,256	8,506	84,191
1893-94	24,478	31,889	2,300	58,667
1894-95	25,092	11,721	5,525	42,338

644. *Encouragement to Authors.*—The following sums were spent in the purchase of books during the years under report as an encouragement to authors of useful publications :—in 1891-92 Rs. 3,215-2-6, in 1892-93 Rs. 2,766-12-0, in 1893-94 Rs. 3,997-4-0, and in 1894-95 Rs. 3,981-8-0.

645. *Oriental Library, Mysore.*—The Oriental Library was established to form a collection of all important works, both printed and manuscript, in the Sanskrit and Kannada languages and of all English works bearing upon Sanskrit and Kannada literature. A Curator was appointed on 10th July 1891. He was required, besides forming a library of works and manuscripts, to make a catalogue of the libraries in His Highness the Maharaja's Palace and in the principal matts of Mysore, to search for manuscripts in the State and to publish a uniform series of important Kannada and Sanskrit works hitherto not published. All the above objects received attention. On the 30th June 1892, the library contained 1,055 volumes of printed works and 309 manuscripts; 50 rare and 11 important Kannada manuscripts were obtained. In 1892-93, 609 works published in India and Europe on Oriental subjects in Sanskrit and English were purchased. In 1893-94, 140 volumes were added to the Library and catalogues of works in the Library were published. In 1894-95, 320 printed volumes and 260 manuscript volumes were added to the Library at a cost of Rs. 3,315. There were 2,121 visitors to the Library, and 500 volumes were lent to the public, during the year 1894-95.

646. *Book Depôts.*—The Central Book Depôt at Bangalore is maintained chiefly for the supply of Vernacular books, maps and furniture to the schools of the State. The value of the stock on hand on 31st March 1891 was Rs. 74,696, and during the period under report additions were made, sales were effected and books were issued gratis to schools and offices as follows :—

	Value of additions to stock. Rs.	Sale proceeds realised. Rs.	Value of gratis issues. Rs.
1891-92	41,997	22,371	7,460
1892-93	28,951	23,636	3,842
1893-94	38,608	25,002	7,649
1894-95	42,439	22,898	6,048

7. *Text Book Committee.*—A Text Book Committee was appointed under ient Order Camp No. 36 (Educational), dated 18th May 1892, to help the nt in the selection and preparation of Text Books for the Lower nd Primary Schools.

648. *Literature and the Press.*—The number of publications registered during the four years under report was:—

1891-92	184	1893-94	210
1892-93	185	1894-95	130

The falling off in 1894-95 was due to the fact that all reprints of original works without any additions and alterations were exempted from registration by Regulation I of 1894. The following table gives the number of publications classified according to languages :—

	1891-92.	1892-93.	1893-94.	1894-95.

650. *Registration of Books.*—The Superintendent, Government Printing, is *ex-officio* Curator, Government Library, and the work of registering books under Act XXV of 1867 is done in his office. 698 works were registered during the 4 years under report. The fees for securing copyright of books, &c., amounted to Rs 300-8-0, while the cost of books paid by Government amounted to Rs 667-7-6. Regulation No I of 1894 amending Act XXV of 1867 having come to force in 1893-94, no expenditure was incurred by Government under this head during 1894-95.

Archæology.

[Note.—In this section the figures for 1892-93 are for 15 months, from 1st April 1892 to 30th June 1893.]

651. *Director.*—Mr. L. Rice, C. I. E., continued to be the Director of Archæological Researches in Mysore during the period of this report.

652. *Archæological Survey.*—The Survey of the Kolar and Kadur Districts took place before 1891. In 1891-92, the survey extended over eight taluks with the result that the work relating to the Bangalore and Shimoga Districts was completed and that of Chitaldrug commenced; and 860 inscriptions were examined and copied *in situ*. In 1892-93, nine taluks and two sub-taluks were surveyed and the survey of some unfinished taluks was completed. The survey operations in the Chitaldrug and Tumkur Districts were completed and 850 inscriptions examined and copied *in situ*. During the next year, the survey was continued in five more taluks completing that of the Mysore and Hassan Districts. The number of inscriptions obtained and copied was about 520. In 1894-95, various places of special interest in Shimoga and Chitaldrug Districts were visited.

653. *Results.*—The most notable discovery was that of the edicts of Asoka in the Molakalmuru Taluk of the Chitaldrug District, in 1892. This is one of the most important that has been made in India, and attracted the notice of eminent scholars in Europe and elsewhere. They carry the history back to the 3rd century B.C., and are evidence that the dominions of Asoka extended as far south as the Mysore country. A special point of interest was the occurrence, at the end, of Kharoshti characters, as deciphered by Dr. Bühler. These are written from right to left, and are found only in the Yusufzai country, in the extreme north-west of the Punjab.

Two inscriptions of Manne dated Saka 719 and 724 discovered in 1891-92, serve to identify that as the Ganga capital Manyapura, and contain fresh items of interest concerning the Ganga and Rashtrakuta dynasties. Several inscriptions of the 12th century relating to the rise and history of the Ganga kings and bringing to light new particulars concerning them were found in that year near Shimoga. In Davangere, several important historical inscriptions and copper plate grants were found relating to the Chalukyas, the Kadambas and Devagiri Yadavas and the Pandya family of Uchchangi.

Among the important finds of 1892-93 may be mentioned an inscription in the Sira Taluk from which we learn that a king of the Pallavakula married a sister of the Ganga King Nitimargga, and some inscriptions at Holalkere relating to certain chiefs under the Rashtrakuta King Akâlavarsha.
King Irungola, mentioned in inscriptions of the Hoysala King Vishnuvardhana, was identified as having been in possession of the fortified hill of Nidugal in the Pavagada taluk. Some of his descendants seem to have ruled in Henjaru or Penjaru, which is Hemavati on the borders of the Sira Taluk. Mr. Rice visited the latter place in 1894-95 and unearthed a massive pillar with inscriptions in Sanskrit giving the genealogy of the Nolamba Kings, who are therein stated to be of the Isvara Vamsa, descended through Trinayana and Pallava the Lord of Kanchi. This information is of great importance, as many grants of the kings named are found throughout the Kolar District. A grant of one of the Ganga kings dated Saka 860 obtained by Dr. Fleet, mentions the capture of Penjaru from the Pallavas.

The Satakarni inscription in Prakrit discovered in Shikarpur Taluk in 1894 was deciphered. It gives evidence of the Satavahana rule in Mysore in the 2nd century, and serves to fill up the history between the time of Asoka and that of the Kadambas. A Kadamba inscription on the same pillar furnishes evidence of the existence of the Kadambas at a much earlier period than hitherto supposed.

The fine Kadamba inscription found at Talgunda was deciphered. It gives us for the first time the origin of the Kadamba family and traces it from a Brahmin named Mayurasarmma. Having had a quarrel with the Pallavas of Kanchi, who treated him, though a Brahmin, in an unbecoming manner, he resolved to become a Kshatriya to be revenged on them. He escaped to Sri Parvata (in the Karnul District) and became very powerful. The Pallavas being unable to put him down, recognised him as king. His son was Kangavarmma, whose son was Bhagiratha, sole ruler over the Kadamba dominions. His successors are given down to Kâkustha, who was in alliance with the Guptas. This inscription is not dated but belongs to about the 5th century. Some of the places styled *Moryadinne* or mounds of the Moryas in the Chitaldrug District were examined; and Mr. Rice concludes that they might be foundations of Beda encampments.

654. *Printing.*—Progress was made in printing the inscriptions. A volume containing a part of those in the Mysore District, 803 in number, was published in 1894. Under the supervision of the Director, some valuable old works (Pampa Ramayana and Pampa Bharata) are being edited and the former was published in 1892. The work of compiling a new edition of the *Mysore Gazetteer* was also entrusted to the same Officer, and arrangements were made for the printing of this work being done in England.

Government Printing Department.

[Note.—The year 1891-92 was composed of 15 months, from 1st April 1891 to 30th June 1892.]

655. *The Press.*—This consisted of the Central Press at Bangalore, and a small Branch Press at Mysore.

656. *Receipts and Adjustments.*—The cash realizations and book adjustments in the Central Press during the four years under report were as follow :—

	Cash realised.			Adjustments.

Government Museum.

[Note.—The year 1891-92 was composed of 15 months, from 1st April 1891 to 30th June 1892.]

661. *Visitors.*—The number of persons who visited the museum was 187,944 in 1891-92, 276,286 in 1892-93, 288,270 in 1893-94 and 263,871 in 1894-95. The increase of visitors in 1892-93 is attributed to the keeping in public view for several weeks of the exhibits collected for the Chicago Exhibition. The number of female visitors was 35·9 per cent in 1891-92, 39·68 in 1892-93, 40·47 in 1893-94 and 40·93 in 1894-95. From October 1893, a day in the week was set apart exclusively for the visits of Gosha ladies. There were 7,359 such visitors in 1893-94, and 7,789 in 1894-95.

662. *Additions to the Herbarium.*—In 1891-92, there were 1,208 plants representing 108 natural orders in this department. Some 200 plants representing the Lower Himalayan Flora, presented by a Mysore student of Dehra Dun Forest, School and 74 Nilgiri grasses presented by the Government Botanist, Madras, were added that year. Some of the specimens are imperfectly prepared, but they are being replaced as opportunities occur. In the remaining years, additions were made chiefly of specimens obtained from the Lal-Bagh.

663. *Natural History Section.*—Specimens were added in each of these years, room being made for new ones in some instances by the removal of old and worn out ones. Some of the specimens were obtained by stuffing rare birds and animals that died in the Zoological Gardens of Mysore.

664. *Mineralogy.*—In 1891-92, the Museum obtained some excellent specimens of gold quartz, amalgam and pure gold. In 1894-95, acting on the useful suggestion of Dr. Warth of Calcutta, the Superintendent re-arranged the mineral specimens under the following heads:—

I. Miscellaneous collection.
II. Indigenous specimens according to Districts.
III. Minerals used as gems.
IV. Meteorites.
V. Models of crystals in wood.

The last were prepared for the purpose of illustrating the six systems of crystallography.

665. *Coins.*—There was an important addition to this department in 1891-92, of 157 Roman Silver coles found near Subedar's Chattra on the Bangalore-Hindupur Railway which, according to Mr. Rice, range in date from 23 B. C. to 51 A. D., though none were of types not previously known. At the end of 1894-95, the collection consisted of 2,778 specimens, of which 332 were of gold, 558 of silver, 1,816 of copper, 23 of lead, 23 plated ones, 14 of zinc, 8 gilt ones, 2 of brass, 1 of iron, and 2 of other metals.

666. *Library.*—There is a small Library open to the public attached to the Museum containing some rare and expensive scientific works. In the year 1891-92, the Library contained 777 volumes, but the number of works inclusive of small books and pamphlets was 438. Very important additions were secured in that year from the collection of the late Sir Oliver St. John, K.C.S.I., consisting of proceedings and transactions of the Zoological Society of London, Mivart on the Cat, and other expensive publications. 42 books were added to the Library in 1892-93, 26 in 1893-94 and 33 in 1894-95.

667. *Artware Sales.*—At the suggestion of Colonel P. D. Henderson, C.S.I., British Resident, an "Art-sale room" was opened in the Museum from August 1893. The object was to advertise and encourage the products of indigenous art, and to enable the public to obtain good specimens without difficulty. Artisans were asked to send the articles at their own risk and cost to the Museum, where they would be exposed for sale at the prices marked on each article, and the proceeds paid to the owner. But with the exception of a few pieces of inlaid work from a factory in Mysore, no articles were sent to the Museum for sale. This was due probably to the artisans not being able, owing to poverty or want of sufficient numbers, to turn out more than the small quantity of work for which either they are paid before hand, or they can find a ready demand near their own homes In order to afford ready information to those who may require it, a register has been opened by the Superintendent of the Museum showing the names and addresses of approved artizans in the State. These consist of sandalwood carvers, manufacturers of fancy articles in wood inlaid with ivory, silver smiths and workers in metal, manufacturers of lacquered ware, and silk, wool, cotton, or other fabrics.

668. *Expenditure.*—The expenditure incurred was—

AMRUT MAHAL.

669. *Control.*—The Department was, during the period under report, under the supervision of Colonel A. H. Macintire assisted by Mr. B. Gopala Iyengar.

670. *Stock in Hand.*—The year 1891-92 opened with a stock of 9,575 head of cattle of all ages. The following statement shows the details connected with the births, deaths and sales in each of the four years under report:—

Years.	Number of cattle on hand at the beginning of each year.	Add births and stray and other cattle brought to book during the year.	Total.	Deaths.	Struck off the rolls.	Sales.	Total.	Balance at the end of the year.
1891-92 (15 months) ...	9,575	1,228	10,803	1,394	21	541	1,956	8,847
1892-93	8,847	1,008	9,855	547	...	575	1,122	8,733
1893-94	8,733	2,075	10,808	404	...	719	1,123	9,685
1894-95	9,685	1,554	11,239	1,129	3	355	1,487	9,752

The large number of deaths in 1891-92 was due to scarcity of water and grass and the diseases common in years of drought. Of the cattle that died 556 were of ages varying from 10 to 20 years and upwards, and 395 belonged to the young stock. The increase of deaths in 1894-95 was due to the prevalence of murrain, anthrax and foot and mouth disease.

671. *Sales.*—The results of the annual sales were as follow:—

Years.	To the Madras Government.		To the public.		Total.		Average price realized per head of cattle.
	Number sold.	Amount.	Number sold.	Amount.	Number sold.	Amount.	
		Rs.		Rs.		Rs.	Rs. a. p.
1891-92 ...	200	10,000	341	12,733	541	22,733	42 0 4
1892-93 ...	200	10,000	375	13,271	575	23,271	40 7 6
1893-94 ...	194	9,700	525	18,563	719	28,263	39 4 11
1894-95 ...	172	8,600	183	5,558	355	14,258	40 2 7

The average price realized in the quinquennium ending with 1890-91 was less than Rs. 30. In the year 1891-92, 113 bullocks were purchased by the Bengal Government at Rs. 50 each. The year 1893-94 was very favorable for cattle. There were timely rains and there was a good supply of water and grass. The condition of cattle was good and there was consequently an increase in the number of cattle sold and the total sale proceeds, though there was a slight decrease in the average rate on account of the greater number of older cattle sold. In 1894-95, the season was not so favorable and consequently the number of sales decreased.

672. *Receipts and Expenditure.*—The receipts from all sources and the expenditure of the department for the period under report were as follows:—

	Receipts.	Expenditure.	Surplus.	Deficit.
	Rs.	Rs.	Rs.	Rs.
1891-92 (15 months) ...	35,295	32,067	3,228	...

1893-94	38,637	26,140	12,497	...
1894-95	22,090	27,734	...	5,644

673. *Experimental Sheep Farm.*—The sheep farm experimentally started in 1889-90 was duly maintained. The number of sheep and goats in the farm at the beginning of the year 1891-92 was 533, while at the close of the year 1894-95 it was 1,400. During the period under report, 759 died and 488 were sold. The sale proceeds of sheep, goats, wool, skins, manure, &c., during the four years amounted to Rs. 1,609. Some of the wool of the half-bred sheep was appraised by the Woollen Mills, Bangalore, in 1892-93, and pronounced to be of a superior sort. No separate establishment was maintained for this farm, the cost of it being charged to cattle establishment.

674. *Kavals.*—The area of the pastures at the disposal of the Department at the close of 1890-91 was 416,715 acres. 10,098 acres were given up to the Revenue Department for purposes of cultivation in 1894-95.

675. *General Remarks.*—In the year 1891-92, the original term of ten years, the period of contract with the Government of Madras for the supply of bullocks expired, and in the following year, the contract was renewed for a further period of five years. Towards the end of the year 1893-94, the number of herds was increased from seventeen to twenty-two and the divisions in charge of Darogas from four to six, in view to securing more efficient supervision of both men and cattle. Breeding bulls from the Amrut Mahal herds were supplied to different districts.

Muzrai.

676. This Department is entrusted with the administration of the revenues derived from the State grants made at various periods in cash and land inams for the support of the religious and charitable institutions in the State. Reform in the management of these institutions having been pressed upon the attention of Government in several Dasara Representative Assemblies, a special officer under the designation of Muzrai Superintendent and Secretary was appointed in December 1891. He now enquires into the affairs of each institution and introduces, under the general or special orders of Government, such reforms as are calculated to prevent abuse and ensure the proper application of the funds to their legitimate objects.

677. The statement below shows the number of religious and charitable institutions in each District and the amount of allowances assigned thereto :—

678. *Receipts.*—Exclusive of the balance of previous years, the receipts of the Muzrai institutions during the years 1891-92 to 1894-95 were as follow:—

	Allowances.				Amount received from devotees and other sources.			Total.		
	Cash.	Land.

1894-95	3,00,178	13	2	47,231	3	5	3,47,410	0	7

The cost of the repairs noted in the foregoing statement was met from the funds of the institutions supplemented by contributions from devotees, and in the case of the more important institutions, also by State grants.

680. *Balance.*—The amount on hand at the close of the year 1894-95 inclusive of the balance of the previous years, was, according to the Comptroller's returns, Rs. 3,71,091-11-4 of which the sum of Rs. 2,10,700 was in Government of India securities, and the remainder, *viz.*, Rs. 1,60,391-11-4, in the District and Taluk Treasuries. Between this and the figures furnished by Deputy Commissioners, there is an apparent discrepancy of nearly three lakhs concerning which explanation has been called for.

681. *Local Committees.*—With a view to improve the management of the Muzrai institutions by securing the active co-operation of the local residents, committees, under the designation of Dharmadarsis in the case of Hindu institutions and Nazarine-ankof in the case of Muhammadan institutions, are being appointed of local respectable men. During the four years covered by this report, 45 such committees were appointed.

682. *Deposits.*—As an encouragement to the establishment and maintenance of charitable, benevolent and educational institutions in the State, the Government, in August 1892, inaugurated a system under which funds assigned for such purposes by private individuals could be deposited in Government Treasuries on favorable rates of interest not exceeding five per cent per annum. But this was discontinued since March 1895. Within the two years and a half during which the system was in force, deposits to the total amount for Rs.3,26,200

were received from private individuals on five per cent interest for the objects specified below :—

No.	Name of Depositor.	Amount.	Purpose.
		Rs.	
1	Rai Bahadur Dharmaratnakara A Narayanswami Mudaliar.	75,000	For the maintenance of schools established by him.
		38,200	Ditto orphanage ditto.
		40,000	For other charities established by him
		1,53,200	
2	Devaraj Bahadur of Mysore ...	50,000	For educational purposes.

5	Polepalli Subbaiya Chetti of Bangalore.	30,000	For the up-keep of the Chattram constructed by him near the City Railway Station at Bangalore.
6	Nanjaraj Bahadur of Mysore ...	10,000	For the maintenance of the Chattram constructed by him at Mysore.
7	Bakshi Venkatachar of Bangalore .	3,000	For feeding indigent and deserving Sanskrit students and needy travellers at Melkote, Seringapatam Taluk.
8	Pandit Venkatakrishnamachar of Mysore.	3,000	For feeding travellers and Sanskrit students in the Sri Narayanaswami temple at Melkote.
9	C. Subba Rao, retired Deputy Commissioner.	10,000	For the award of scholarships to proficients in Sanskrit Literature who go in for the study of English.
10	Rai Bahadur A. Sreenivasacharlu ...	3,000	Ditto and a prize in Her Highness the Maharani Girls' School, Mysore.
11	Hundi Krishnamachar ...	5,000	For feeding pilgrims and travellers at Sri Gunja Narasimhaswami temple at Tirumakudlu-Narsipur.
12	Gundappa	3,000	To meet the Paditara expenses in the temple of Sri Narayanaswami, Lakshmidevi and Mallikarjunaswami at Challakere.
13	Hariharpur Puttaiya	3,000	For feeding pilgrims during certain festivals in Sri Venkatramanaswami temple at Bangalore.
14	Vankayalu Dodda Ranganna and Nagarath Chikkanna.	6,000	For feeding travellers at the Chikballapur Chattram.
15	Subbamma of Chintamani ...	3,000	To meet the expenses of the car festival of Sri Umamaheswara and Sri Venkataramanaswami temple in Kasba Chintamani and the feeding of travellers on the occasion.

683. The Muzrai Department also manages the following institutions through the local committees specially appointed to administer the same :—

(i) the Gumbuz and Masoleum of Hyder Ali and Tippu Sultan at Seringapatam and the charities instituted in connection therewith for the relief of the poor; and

(ii) the charity established at Mysore by H. H. Prince Gulam Muhammad for the relief of the poorer classes at Mysore and Seringapatam.

METEOROLOGY.

684. In 1891, it was resolved to open Meteorological Observatories at Bangalore, Mysore, Hassan and Chitaldrug, and Mr. J. Cook, M.A., F.R.S.E., Principal of the Central College, was placed in charge of the department under the designation of Meteorological Reporter to Government, subsequently changed into that of Director of Meteorology. Mr. Cook visited the Observatory at Calcutta in November 1891 with his Science Assistant, and on his return, submitted proposals for the organization of the department. The instruments required for second class observatories, (Barometer, Anemometer, Rainguage and Maximum and Minimum and dry bulb and wet bulb thermometers) were obtained from the Government of India; and observations began to be recorded from 1st April 1892 at Bangalore, 10th May 1893 at Mysore, 20th November 1892 at Hassan, and 1st August 1892 at Chitaldrug, the position of these stations being as follows :—

687. *Humidity.*—The yearly mean humidity for the two years under report was 65 per cent at Bangalore, 68 per cent at Hassan, 67 per cent at Mysore and 59 per cent at Chitaldrug; whereas it was 73·5 per cent for Madras. The lowest humidity for the two years was 13 per cent at Bangalore, 14 per cent at Hassan, 24·5 per cent at Mysore City, 10·5 per cent at Chitaldrug, and 33·5 per cent at Madras. The average lowest humidity for the whole Mysore Province was 15·5 per cent for the two years, while it was 33 per cent for Madras. The driest months were—in 1893 April for Mysore, but May for Madras, and in 1894 February and March for Mysore, but June and July for Madras. The most humid month all over Mysore was July in 1893 and August in 1894; but it was November both years in Madras.

688. *Wind Velocity.*—The annual mean daily velocity for the four Mysore stations was—Bangalore 168 miles, Hassan 97 miles, Mysore 295 miles, Chitaldrug 207 miles, while in Madras it was 156 miles. The following is a comparative table of wind velocity, for the four Mysore stations and for Madras:—

As far as the wind direction is concerned, the period of the south-west monsoon in Mysore in 1893 and 1894 included the last third of the month of April, and the following five months, May to September. Then came the struggle in October between the two monsoons, which was well brought out by the graphic method. By the last third of the month of October the N. E. Monsoon was definitely established in 1893, but in 1894, the struggle was prolonged over the first third of the month of November. This monsoon continued during the five months, November to March, when the struggle between the N. E. and S. W. atmospheric currents began. This continued till the last third of the month of April when the direction had fairly well veered to the south-west.

689. Daily weather telegrams were sent to Simla, Madras and Bombay from Bangalore; to Simla from Mysore; to Madras from Hassan; and to Simla from Chitaldrug.

STATISTCS OF PHYSICAL, POLITICAL AND FISCAL GEOGRAPHY.

II

STATISTICS OF PROTECTION.

I. STATISTICS OF PHYSICAL, POLITICAL AND FISCAL GEOGRAPHY.

1. A. PHYSICAL GEOGRAPHY.

1. Area cultivated and uncultivated.

Superseded by Table I of Agricultural Statistics, *vide* III. E.

2. Character of the Surface.

Nature of different Tracts.	Names, Area and Physical description of each Tract.	Where situated, in British or Native Territory.	Prevailing Soils, Minerals and Products.
Mountains and elevated Tracts.	The Mysore country above the ghats is often called the "Table Land," a denomination very little descriptive of its appearance, as it is by no means plain or flat, but in some parts mountainous, and everywhere undulating. The Eastern Ghats form the frontier by which [illegible] from the Carnatic. [illegible]nor of the east ranges [illegible]un along the whole length of [illegible]sula from Cape Comorin, stretching [illegible]Continent of Asia. I[illegible]ny parts t[illegible]nt over them into Mysore is very high and difficult, while in others it is more sloping and protracted. The country rises gradually from these ghats towards Bangalore, which is situated in the most elevated portion of the Mysore plateau, and is 3,031 feet above the sea level.		The soils, in the order of their prevailing kinds are as follow :— 1. Red soil mixed with loam and vegetable mould. 2. Inferior red sandy soil. 3. Black cotton, free from stones. 4. Stony and gravelly soil. 5. Rich garden soil. 6. White stiff loam. 7. Black cotton, but light and stony. 8. Soil impregnated with salt.
Plains ...	The descent from Bangalore on all sides is perceptible though not rapid. On the north-west, after passing the Chitaldrug range of hills, there is a gradual fall through the broad valley which leads to the River Tungabhadra, near which is the station of Harihar, probably the lowest point in Mysore, its altitude above the sea being only 1,800 feet. To the south-west and west by Seringapatam and Hassan there is perhaps a more marked descent until it is abruptly terminated by the western range of ghats comprising in this direction the Nilgiri and Coorg hills, and further north, the Manjarabad and Nagar ranges.		The great rock which may be said to constitute the basis of the whole country, is a kind of sienite composed for the most part of four different ingredients, *viz.* quartz, felspar, hornblende and mica. The quartz has usually a dull greyish white color, and veins of it from 4 to 10 inches thick, often traverse the rock in different directions. The felspar varies in color from a silver white to a deep brick-red, and is the most copious constituent of the rock. The hornblende is black, very abundant, and very much given to decomposition. The mica is easily distinguished from the hornblende, even when the stone is nearly in a state of disintegration. The hornblende in that state has assumed a brown ochre color, and has lost all lustre and cohesion, while the mica retains both its color, lustre and cohesion to the last, and becomes only more apparent by the progress of disintegration. This is particularly exemplified in the Mysore country, where the undulating high ground consists of sienite, decomposed into pipe clay, intermixed with micaceous shining particles and grains of quartz. From the structure of the country which is entirely primitive, no coals could be expected.
	A marked feature of the country is the number of isolated hills called Droogs, on the most inaccessible of which the former Pallegars or petty chiefs built forts, afterwards in many instances strengthened and improved by Hyder and Tippu, and still in good preservation, but now without guns.		
Forests ...	The principal forests are found clothing the sides of the western mountains. They abound in teak, blackwood and other valuable kinds of timber. There are no forests in the Eastern Ghats. Sandalwood grows in the country bordering the hills.		Chlorite slate is found near Sira, and drawing slate in the neighbourhood of Chitaldrug. Other minerals are the following:— Clay Ironstone. Schorl in quartz, Mica slate. Magnetic Ironstone Pot stone. Actinolite. Ligniform asbestos. Brown spar. Common salt. Carbonate of soda. Gold.
Rivers ...	The Tunga and Bhadra rise in the north-west of Mysore and uniting form the Tungabhadra, which flows northwards and eastwards till it joins the Krishna below Kurnool. The banks of Tungabhadra are too high for irrigation purposes. The Cauvery rises in Coorg and passes through and out of Mysore in a south-easterly direction, after receiving the Hemavati, the Lokapavani, the Samsha and the Arkavati from the north, and the Lakshmantirtha and the Kapani from the south. The Cauvery and its tributaries supply numerous irrigation channels and tanks. The Pennar, the Palar and Penar rise in the eastern part of Mysore, in their short course through which their waters are detained and converted into chains of tanks. They become large rivers before they reach the sea. None of these rivers are suitable for navigation.		The chief products are :— Paddy. Ragi—the principal food of the people. Ballar—a kind of small bean. Gram. Wheat. Millet. Oil-seeds. Sugar-cane. Cotton. Hemp. Tobacco. Mulberry. Coffee. Cocoanuts. Betel-nuts. Potatoes for export.
Lakes ...	There are no natural lakes in Mysore; but there are nearly 20,000 artificial reservoirs, some of which are of considerable magnitude.		
Marshes ...	None of any consequence.
